The Psychology of Your Name Nellie Viola Dewey, 1922 *The Metaphysical Significance of Letters With Their Corresponding Color and Letter* Nellie Viola Dewey, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. Brotherhood of Light Lessons C. C. Zain (aka Elbert Benjamine), The Church of Light, This book is a compilation of the authentic Brotherhood of Light Lessons by C. C. Zain. It contains over 5000 pages and all 23 volumes of the 21 Brotherhood of Light Course series. Divided into three branches of study: Astrology, Alchemy, and Magic, which includes the tarot and kabbalah, there are seven courses in each branch. Zain integrates these fields of study into a unified understanding of how a student may apply Hermetic tradition and principles to build character, attract desired events into the life, and significantly increase one's happiness, usefulness, and spirituality. Only authentic Brotherhood of Light lessons by C. C. Zain can bear the trademark of the two interlaced trines with the name of Deity in the center and astrological symbols around the outside. The Brotherhood of Light is a modern-day Mystery School Tradition which offers a self-paced home study course in Hermeticism. The goal of The Brotherhood of Light teachings is to create a world in which the dominant motivation of individuals is for Universal Welfare. That is an ideal society that protects freedom of expression and worship while simultaneously offering the tools by which freedom from want and fear can be achieved. We believe that this better world can be attained by becoming familiar with the facts of astrology, extra-sensory perception, directed thinking, and induced emotion, all taught in The Brotherhood of Light Lessons. The study and application of these teachings provides the aspirant with the tools to experience greater happiness and spirituality and to discover his or her role in God's Great Plan. This book integrates the following publications into one document: CS01 Laws of Occultism, Inner Plane Theory, and the Fundamentals of Psychic Phenomena; CS02 Astrological Signatures, Evolution of the Soul, and the Nature of Astrological Energies; CS03 Spiritual Alchemy, The Hermetic Art of Spiritual Transformation; CS04 Ancient Masonry, The Spiritual Meaning of Masonic Degrees, Rituals, and Symbols; CS05 Esoteric Psychology, Success through Directed Thinking, and Induced Emotion; CS06 The Sacred Tarot, The Art of Card Reading, and the Underlying Spiritual Science; CS07 Spiritual Astrology, The Origins of Astro-Mythology, and Stellar Religion; CS08 Horary Astrology, How to Erect and Judge a Horoscope; CS09 Mental Alchemy, How Thoughts and Feelings Shape Our Lives; CS10 1 Natal Astrology, Delineating the Horoscope; CS10 2 Natal Astrology, Progressing the Horoscope; CS11 Divination and Character Reading, Tools and Techniques for Enhancing ESP; CS12 1 Natural Alchemy, Evolution of Life; CS12 2 Natural Alchemy, Evolution of Religion; CS13 Mundane Astrology, Interpreting Astrological Phenomena for Cities, Nations, and Groups; CS14 Occultism Applied to Daily Life, How to Increase Your Happiness, Usefulness, and Spirituality; CS15 Weather Predicting

The Encyclopedia of Jewish Symbols Ellen Frankel, Betsy Patkin Teutsch, 1995-11-01 Jewish symbols reflect the interaction of word and image within Jewish culture. Jews have always studied, interpreted, and revered sacred texts; they have also adorned the settings and occasions of sacred acts. Calligraphy and ornamentation have transformed Hebrew letters into art; quotation, interpretation, legend, and wordplay have made ceremonial objects into narrative. This book represents just such a collaboration between art and language. Ellen Frankel and Betsy Platkin Teutsch, writer and artist, have brought their extensive knowledge and talents together to create *The Encyclopedia of Jewish Symbols*, the first reference guide of its kind designed for use by educators, artists, rabbis, folklorists, feminists, Jewish and non-Jewish scholars, and lay readers.

The Glorious Hebrew Letters Darren Kelley, 2008-10-26 Each letter in Hebrew is a way of life in its own right. Each Hebrew letter can be considered its own religion. The Hebrew language is a colorful language with plenty of depth. For example, the Hebrew letter Lamed uses the ox goad for its symbol, and it means to learn and prod. The Hebrew letter lamed is translated into the English letter L. However, what does L mean in English? That answer will be very difficult to answer without the Hebrew definition. The English letter loses height, depth, and width without its Hebrew origins. The Hebrew letters contain so much wisdom that each one of us would gain enlightenment just by living by the precept and meaning of each letter. These Holy letters will help you become obedient to the voice and hand of God.

The Zohar Michael Laitman, 2009-01-01 The wisdom of Kabbalah teaches us how to perceive and live in the reality that spreads before us. It is a systematic method that has evolved over thousands of years, nurtured by individuals whose task was to ensure that the true wisdom would be given to those ready to receive it. *The Book of Zohar: The Book of Radiance* is an ageless source of wisdom and the basis for all Kabbalistic literature. Since its appearance nearly 2,000 years ago, it has been the primary and often only source used by Kabbalists. Written in a unique and metaphorical language, *The Book of Zohar* enriches our understanding of reality and expands our worldview. However, this text should not be read in an ordinary fashion. We should patiently and repeatedly read and think about each sentence as we try to penetrate the author's feelings. We should read it slowly and try to extract the nuances of the text. Although the text deals with one subject only—how to relate to the Creator—it approaches it from different angles. This allows each of us to find the particular phrase or word that will carry us into the depths of this profound and timeless wisdom.

Bodily and Spiritual Hygiene in Medieval and Early Modern Literature Albrecht Classen,2017-03-20 While most people today take hygiene and medicine for granted they both have had their own history We can gain deep insights into the pre modern world by studying its health care system its approaches to medicine and concept of hygiene Already the early Middle Ages witnessed great interest in bathing hot and cold swimming and good personal hygiene Medical activities grew over time but even early medieval monks were already great experts in treating the sick The contributions examine literary medical historical texts and images and probe the information we can glean from them The interdisciplinary approach of this volume makes it possible to view this large field in a complex and diversified manner taking into account both early medieval and early modern treatises on medicine water bathing and health Such a cultural historical perspective creates a most valuable bridge connecting literary and scientific documents under the umbrella of the history of mentality and history of everyday life The volume does not aim at idealizing the past but it definitely intends to deconstruct modern myths about the dirty and unhealthy Middle Ages and early modern age
