## **The Mibing Gun:**

**The Missing Gun** Roger Grubbs, 2013-03-02 School is almost out and a group of six friends will soon graduate. Before fall arrives taking them away to college, they must contend with the long boring days of summer. But Matt has a plan that requires the help of his friends. The city of Birmingham, Alabama, is plagued with crime. People are mysteriously ending up dead, and the murder weapon seems to have a way of disappearing. On one particular occasion, a witness even saw it at the scene of the crime. Before the site could be secured, it was gone. Yet the same weapon continues to show up time and time again, always leaving behind a dead body before mysteriously disappearing. Diane, one of the members of the team, is very familiar with crime. Her grandfather was murdered when she was but a child. The case was never solved, leaving her totally disgruntled with the justice system. Ready to help Matt with this new project, her skills with technology soon become essential in the scheme of things. While Diane is a genius, each member of the team is key to the success of this mission. Tina, an experienced writer with connections to the local newspapers, is assisted by Jerry, Bill, and Cherry, who work undercover gathering information for the articles. That leaves Matt, well, all he has to do is infiltrate the police department as a mole. Using her skills, Diane hacks into the computers and partners Matt with a tiger named Jessica. Later, she regrets that decision, secretly having a crush on Matt. But before this mystery is solved, that is the least of her worries. Suddenly, people are trying to murder them too. Mystery Writers Anonymous has uncovered a mess.

**Guns and Contemporary Society** Glenn H. Utter, 2015-12-01 This three-volume set examines various approaches to firearms, including constitutional and legal issues, public health, and criminal justice concerns, and perspectives on personal safety and self-defense. Recent mass shootings have led to renewed calls for additional legislation at the state and federal levels to address gun access and control. In this hard-hitting compilation, experts delve into various aspects of firearms in America, from gun control and gun rights to militia movements to school-related shootings and to the recent trends in gun ownership by women. Authors from varied backgrounds and viewpoints share their perspectives on the pros and cons of firearm ownership as all of the following: a constitutional right, a key instrument of self-defense, a guarantee of political freedoms, and as a major factor in crime and personal injury. The reference is divided into three volumes. The first volume covers firearm history, legislation, and policy; the second volume explores public opinion, gun ownership trends, international laws, and self-defense; and the third considers popular debates about firearm policy, including concealed carry of firearms, terrorism, and the ownership of firearms, background checks for purchasing guns, and stand your ground laws. The work concludes with an informed debate on gun policy between Richard Feldman, president of the Independent Firearm Owners, and Paul Helmke, former president of the Brady Campaign to Prevent Gun Violence.

**Hong Kong Cinema Since 1997** V. Lee, 2009-09-29 Taking as its point of departure the three recurrent themes of nostalgia, memory, and local histories, this book is an attempt to map out a new poetics, the post-nostalgic imagination in Hong Kong cinema in the first decade of Chinese rule.
