## **The Middle Passage The Caribbean Revisited:**

*The Middle Passage* V. S. Naipaul, 2010-10-20 From the Nobel Prize winning author comes a classic of modern travel writing a deft portrait of Trinidad and the four adjacent Caribbean societies still haunted by the legacies of slavery and colonialism Belongs in the same category of travel writing as Lawrence s books on Italy Greene s on West Africa and Pritchett s on Spain New Statesman In 1960 the government of Trinidad invited V S Naipaul to revisit his native country and record his impressions In *The Middle Passage* Naipaul watches a Trinidadian movie audience greeting Humphrey Bogart s appearance with cries of That is man He ventures into a Trinidad slum so insalubrious that the locals call it the Gaza Strip He follows a racially charged election campaign in British Guiana now Guyana and marvels at the Gallic pretension of Martinique society which maintains the fiction that its roads are extensions of France s routes nationales And throughout he relates the ghastly episodes of the region s colonial past and shows how they continue to inform its language politics and values The result is a work of novelistic vividness and dazzling perspicacity that displays Naipaul at the peak of his powers

*The Middle Passage* V. S. Naipaul, 2002-01-08 Naipaul s first work of travel writing is a deft and remarkably prescient account of his journey in 1960 from London to his birthplace the Caribbean island of Trinidad **The Middle Passage** Vidiadhar Surajprasad Naipaul, 2001 Presents an account of the author s journey in 1950 from London to his birthplace the Caribbean island of Trinidad This work provides a study of societies British Guyana Surinam Martinique and Jamaica examining their common heritage of colonialism and slavery **Black Imagination and the Middle Passage** Maria Diedrich, Henry Louis Gates (Jr.), Carl Pedersen, 1999 This volume of essays examines the forced dispossession of the Middle Passage through the texts religious rites economic exchanges dance and music it elicited both on the liminal transatlantic journey and on the continent and eventual return **The Middle Passage** Vidiadhar Surajprasad Naipaul, 1963 ,

*The Middle Passage* V. S. Naipaul, 2011-06-01 In 1960 Dr Eric Williams the first Prime Minister of independent Trinidad invited V S Naipaul to revisit his native country and record his impressions In this classic of modern travel writing he created a deft and remarkably prescient portrait of Trinidad and the Caribbean societies of four adjacent countries Guyana Surinam Martinique and Jamaica Haunted by the legacies of slavery and colonialism and so thoroughly defined by the norms of Empire that it can scarcely comprehend its end Naipaul catches this poor topsy turvy world at a critical moment a time when racial and political assertion had yet to catch up a perfect subject for the acute understanding and dazzling prose of this great writer Naipaul travels with the artist s eye and ear and his observations are sharply discerning Evelyn Waugh Belongs in the same category of travel writing as Lawrence s books on Italy Greene s on West Africa and Pritchett s on Spain New Statesman Where earlier travellers enthused or recoiled Mr Naipaul explains His tone is critical but humane and he tempers his inevitable indignation with an admirable sense of comedy Observer Dazzling reportorial skills and a sharp historical mind New York Times Book Review *The First Naipaul World Epics* , 2021-07-31 The plethora of commentary from highly

respected voices in a broad cross section of academic disciplines which V S Naipaul's death on 11 August 2018 elicited ranged so widely both cognitively and emotionally that if a student of literature unfamiliar with the Naipaulian era read it all they would have failed to make sense of the divergences. Allegations included that he was a cruel man a scarred man the darkest dungeons of colonialism incarnate self punishing self loathing world loathing full of nastiness and fury a ventriloquist for the nastiest clichés European colonialism had devised to rule the world with arrogance and confidence and so on. On the other hand writers referred to Naipaul as a brilliant writer's writer one who holds a mirror of imagination unto society to capture a certain view of reality and one who has turned the genre of the travelogue into an art form. Debates aside many of us appreciate the value of Naipaul's writing to the deepest possible comprehension of the imperial impulse and the myriad reasons it manifested as colonialism.

The First Naipaul World Epics is the first in a series of critical collections that aim to demonstrate this value. At the same time the series seeks to help the new student through the quagmire of divergent opinions his personality and writing have generated.

The Labyrinth of Universality Hena Maes-Jelinek, 2006-01-01

Wilson Harris many times nominated for the Nobel Prize in Literature is a British writer of Guyanese origin one of the most original novelists and critics of the twentieth century and probably the first to use and interpret the aesthetically fruitful notion of cross culturalism. Harris's insights into the profound symbiosis between history culture and artistic expression were initially inspired by his encounters with Amerindians in the Guyanese rainforest interior where he led many surveying expeditions. These encounters aroused his interest in pre-Columbian peoples who figure prominently in many of his novels and stories. His perception of the Guyanese landscape is the source of his unique narrative rhetoric richly metaphoric language and philosophy of existence i.e. the epistemological and phenomenological interrelatedness between man animal life and nature. The present study offers magisterial in depth interpretations of Harris's exhilaratingly complex and shape-shifting fictional worlds.

The Western in the Global South MaryEllen Higgins, Rita Keresztesi, Dayna Oscherwitz, 2015-04-24

The Western in the Global South investigates the Western film genre's impact migrations and reconfigurations in the Global South. The book offers a wide range of historical engagements with the genre from African Caribbean South and Southeast Asian Central and South American and transnational directors. The contributors employ interdisciplinary cultural studies approaches to cinema integrating aesthetic considerations with historical political and gender studies readings of the international appropriations and U.S. re-appropriations of the Western genre.

**Commonwealth of Letters** Peter J. Kalliney, 2013-09-19

Peter Kalliney's original archival work demonstrates that metropolitan and colonial intellectuals used modernist theories of aesthetic autonomy to facilitate collaborative ventures.

**The Plantation Machine** Trevor Burnard, John Garrigus, 2016-05-26

Jamaica and Saint

Domingue were especially brutal but conspicuously successful eighteenth century slave societies and imperial colonies These plantation regimes were to adopt a metaphor of the era complex machines finely tuned over time by planters merchants and officials to become more efficient at exploiting their enslaved workers and serving their empires Using a wide range of archival evidence *The Plantation Machine* traces a critical half century in the development of the social economic and political frameworks that made these societies possible Trevor Burnard and John Garrigus find deep and unexpected similarities in these two prize colonies of empires that fought each other throughout the period Jamaica and Saint Domingue experienced at nearly the same moment a bitter feud between planters and governors a violent conflict between masters and enslaved workers a fateful tightening of racial laws a steady expansion of the slave trade and metropolitan criticism of planters cruelty The core of *The Plantation Machine* addresses the Seven Years War and its aftermath The events of that period notably a slave poisoning scare in Saint Domingue and a near simultaneous slave revolt in Jamaica cemented white dominance in both colonies Burnard and Garrigus argue that local political concerns not emerging racial ideologies explain the rise of distinctive forms of racism in these two societies The American Revolution provided another imperial crisis for the beneficiaries of the plantation machine but by the 1780s whites in each place were prospering as never before and blacks were suffering in new and disturbing ways The result was that Jamaica and Saint Domingue became vitally important parts of the late eighteenth century American empires of Britain and France

Chinese Europeans and Amerindians create a culture decidedly more Caribbean than Latin **Experiments with Power** J. Brent Crosson, 2020-07-17 In 2011 Trinidad declared a state of emergency This massive state intervention lasted for 108 days and led to the rounding up of over 7 000 people in areas the state deemed crime hot spots The government justified this action and subsequent police violence on the grounds that these measures were restoring the rule of law In this milieu of expanded policing powers protests occasioned by police violence against lower class black people have often garnered little sympathy But in an improbable turn of events six officers involved in the shooting of three young people were charged with murder at the height of the state of emergency To explain this the host of Crime Watch the nation's most popular television show alleged that there must be a special power at work obeah From eighteenth century slave rebellions to contemporary responses to police brutality Caribbean methods of problem solving spiritual work have been criminalized under the label of obeah Connected to a justice making force obeah remains a crime in many parts of the anglophone Caribbean In *Experiments with Power* J. Brent Crosson addresses the complex question of what obeah is Redescribing obeah as science and experiments Caribbean spiritual workers unsettle the moral and racial foundations of Western categories of religion Based on more than a decade of conversations with spiritual workers during and after the state of emergency this book shows how the reframing of religious practice as an experiment with power transforms conceptions of religion and law in modern nation states

economic history of the Commonwealth Caribbean Jay R Mandle offers an explanation of the region's continuing underdevelopment Through the use of an analytical framework derived from the works of Marx and Kuznets the book focuses attention on technological change as the driving force behind economic modernization Persistent Underdevelopment begins by exploring how plantation agriculture had a limiting effect on industrial growth Ultimately plantation dominance receded technological stagnation continued however and under British colonial policy the Caribbean failed to modernise The post World War II era brought new efforts at modernisation through the economic policies of the left regimes of Manley Burnham and Bishop The concluding chapters point the way to policies that would enable the Caribbean to escape its current poverty and become an effective participant in world markets finally achieving the goal of modern economic development
