The Mighty Nimrod A Life Of Frederick Courteney Selous African Hunter And Adventurer 1851 1917:

The Mighty Nimrod Stephen Taylor, 1989 Warfare and Tracking in Africa, 1952-1990 Timothy J Stapleton, 2015-10-06

During the decolonization wars in East and Southern Africa tracking became increasingly valuable as a military tactic Drawing on archival research and interviews Stapleton presents a comparative study of the role of tracking in insurgency and counter insurgency across Kenya Zimbabwe and Namibia *Visualizing Africa in Nineteenth-Century British Travel Accounts* Leila Koivunen, 2008-11-19 This study examines and explains how British explorers visualized the African interior in the latter part of the nineteenth century providing the first sustained analysis of the process by which this visual material was transformed into the illustrations in popular travel books At that time central Africa was effectively a blank canvas for Europeans unknown and devoid of visual representations While previous works have concentrated on exploring the stereotyped nature of printed imagery of Africa this study examines the actual production process of images and the books in which they were published in order to demonstrate how why and by whom the images were manipulated Thus the main focus of the work is not on the aesthetic value of pictures but in the activities interaction and situations that gave birth to them in both Africa and Europe **The Buried Man** Stephen Coan, 2025-06-15 H Rider Haggard 1856 1925 author of King Solomon s Mines Allan Quatermain and She was no stranger to the continent where his bestsellers were set He lived in southern Africa from 1875 to 1881 a period that witnessed Britain s attempted confederation of the sub continent the Anglo Zulu War of 1879 and the final subjugation of its indigenous peoples In this new biography the South African aspect of Haggard s life is explored in hitherto unrecorded detail The success of King Solomon s Mines saw him relinquish a legal career to write full time he also became a respected agricultural expert and social commentator receiving a knighthood for his public service Haggard wrote over seventy books fiction and non fiction His African adventure stories feature strong black characters and the majority of his novels assertive female ones not least She Haggard s unwitting expression of the Victorian sub conscious attracted the interest of both Freud and Jung Haunted by a lost love the tragic death of his only son and frequent bouts of depression he endlessly probed the conundrums of life and death Containing much new material this biography explores Haggard s personal and public life to resurrect the writer whom Graham Greene an admirer called the buried man

Hunting Africa Angela Thompsett, 2015-10-12 This book recovers the multiplicity of meanings embedded in colonial hunting and the power it symbolized by examining both the incorporation and representation of British women hunters in the sport and how African people leveraged British hunters dependence on their labor and knowledge to direct the impact and experience of hunting **Big Game Hunter** Norman Etherington, 2016-07-08 This book tells the story of an adventurer hunter and naturalist in late nineteenth century Africa who would inspire novelists such as Rider Haggard and Wilbur Smith The book describes Selous extraordinary adventures from elephant hunting and diamond prospecting to an early expedition to found Rhodesia now Zimbabwe in the European scramble for Africa The book also examines Selous relationships with

other influential people of the time including Robert Baden Powell Frederick Russell Burnham Cecil Rhodes King Lobengula of the Ndebele and American President Teddy Roosevelt In Big Game Hunter Norman Etherington paints a skilful portrait of a complex man who started as an elephant hunter but who eventually founded some of the first game reserves in Africa and was acclaimed by both the National History Museum and the Royal Geographical Society for his collections and discoveries Selous who was killed by a German sniper bullet in Tanganyika in the First World War was one of the world's great adventurers

Encyclopedia of African Colonial Conflicts Timothy J. Stapleton, 2016-11-07 Two volumes introduce the history of colonial wars in Africa and illustrate why African countries like the Democratic Republic of Congo Nigeria Somalia and Sudan continue to experience ethnic political and religious violence in the early 21st century This sweeping study examines the wars of colonial conquest fought in Africa during the 19th and early 20th centuries From Britain's efforts to wrest control of the Sudan from military leader Muhammad Ahmad al Mahdi to Italy's decisive defeat at the Battle of Adowa in Ethiopia to Leopold II's brutal reign over the Belgian Congo the work surveys the devastation reaped upon the continent by colonization and illustrates how its combative influence continues to resonate in Africa today Written by scholars in the fields of history and politics this complete reference includes entries on wars campaigns rebellions battles leaders and organizations The work delves into key historical periods including the Scramble for Africa ca 1880 to 1910 early European colonial wars in Africa such as the Dutch in the Cape and the Portuguese in Angola and Mozambique and African rebellions against the early colonial state in the 1890s and early 1900s Entries feature prominent events and personalities as well as lesser known occurrences and players

Hunting for Empire Greg Gillespie, 2011-11-01 Hunting for Empire offers a fresh cultural history of sport and imperialism Greg Gillespie integrates critical perspectives from cultural studies literary criticism and cultural geography to analyze the themes of authorship sport science and nature In doing so he produces a unique theoretical lens through which to study nineteenth century British big game hunting and exploration narratives from the western interior of Rupert's Land Sharply written and evocatively illustrated Hunting for Empire will appeal to students and scholars of culture sport geography and history and to general readers interested in stories of hunting empire and the Canadian wilderness

Church and Settler in Colonial Zimbabwe Pamela Welch, 2008-08-31 This book examines the history of the Anglican Diocese of Mashonaland Southern Rhodesia virtually co extensive with modern Zimbabwe in the period 1890 1925 when its institutions took shape and its religious character was formed While work among indigenous communities is outlined the primary subject is the church's work with white settlers A fresh general narrative is provided and an examination of clergy recruitment and finance relates events in Mashonaland to developments in global Anglicanism Among the questions addressed are those of religion and empire church and state and the complexities of relationship between the Church of England and her overseas extensions particularly those covering areas of white settlement Local developments in religious practice are also explored most striking of these was the settler apprehension of the vast

landscapes of South Central Africa as a locus of the sacred and their custom of veld burial

Great Land Rush and the Making of the Modern World, 1650-1900 John C. Weaver, 2003-04-24 He also underscores the tragic history of the indigenous peoples of these regions and shows how they came to lose possession of their land to newly formed governments made up of Europeans with European interests at heart Weaver shows that the enormous efforts involved in defining and registering large numbers of newly carved out parcels of property for reallocation during the Great Land Rush were instrumental in the emergence of much stronger concepts of property rights and argues that this period was marked by a complete disregard for previous notions of restraint on dreams of unlimited material possibility Today while the traditional forms of colonization that marked the Great Land Rush are no longer practiced by the European powers and their progeny in the new world the legacy of this period can be seen in the western powers insatiable thirst for economic growth including newer forms of economic colonization of underdeveloped countries and a continuing evolution of the concepts of property rights including the development and increasing growth in importance of intellectual property rights

Diamonds, Gold, and War (Volume 2 of 2) (EasyRead Edition) , **Theodore Roosevelt Abroad** J. Lee Thompson, 2010-05-14 In a life full of momentous episodes Theodore Roosevelt's fifteen month post presidential odyssey to Africa and Europe has never been given its due place A tale of daring adventure international celebrity a friendship lost and a political legacy transformed Theodore Roosevelt Abroad is the first full account of this important time in history

Environment and Empire William Beinart, Lotte Hughes, 2007-10-11 European imperialism was extraordinarily far reaching a key global historical process of the last 500 years It locked disparate human societies together over a wider area than any previous imperial expansion it underpinned the repopulation of the Americas and Australasia it was the precursor of globalization as we now understand it Imperialism was inseparable from the history of global environmental change Metropolitan countries sought raw materials of all kinds from timber and furs to rubber and oil They established sugar plantations that transformed island ecologies Settlers introduced new methods of farming and displaced indigenous peoples Colonial cities many of which became great conurbations fundamentally changed relationships between people and nature Consumer cultures the internal combustion engine and pollution are now ubiquitous Environmental history deals with the reciprocal interaction between people and other elements in the natural world and this book illustrates the diverse environmental themes in the history of empire Initially concentrating on the material factors that shaped empire and environmental change Environment and Empire discusses the way in which British consumers and manufacturers sucked in resources that were gathered hunted fished mined and farmed Yet it is also clear that British settler and colonial states sought to regulate the use of natural resources as well as commodify them Conservation aimed to preserve resources by exclusion as in wildlife parks and forests and to guarantee efficient use of soil and water Exploring these linked themes of exploitation and conservation this study concludes with a focus on political reassertions by colonised peoples over natural resources In a post imperial age they have found a

new voice reformulating ideas about nature landscape and heritage and challenging at a local and global level views of who has the right to regulate nature

Never Call Retreat J. Thompson, 2014-01-15 The first modern account of Theodore Roosevelt and the First World War this is a tale of war and politics as well as the private story of true love and family devotion a story as multi faceted as TR s own personality

Diamonds, Gold, and War Martin Meredith, 2008-09-23 Southern Africa was once regarded as a worthless jumble of British colonies Boer republics and African chiefdoms a troublesome region of little interest to the outside world But then prospectors chanced upon the world s richest deposits of diamonds and gold setting off a titanic struggle between the British and the Boers for control of the land The result was the costliest bloodiest and most humiliating war that Britain had waged in nearly a century and the devastation of the Boer republics The New Yorker calls this magisterial account of those years an astute history Meredith expertly shows how the exigencies of the diamond and then gold rush laid the foundation for apartheid

Patterns of Behavior Richard W. Burkhardt, 2005-03-15 Publisher Description

Environment and History William Beinart, Peter Coates, 2002-01-08 The influence of human economies and cultures on ecosystems is particularly striking in the new worlds into which Europeans have expanded over the past five hundred years Using a comparative and multidisciplinary approach Beinart and Coates examine this neglected aspect of the history of settler incursion and dominance in two frontier nations the USA and South Africa They also seek to explain change in indigenous ideas and practices towards the environment and discuss the rise of popular environmentalism up to the present day

Nipissing Françoise Noël, 2015-01-19 2016 Louise de Kiriline Lawrence Award Shortlisted 2015 Speaker s Book Award Shortlisted Explore the history of tourism in the Nipissing Passageway from Mattawa to Georgian Bay beginning with Champlain s voyage in 1615 In the nineteenth century while the hope of building a Georgian Bay Ship Canal remained elusive promotional efforts were made by the railways to market the area as a sportsman s paradise In the early twentieth century Ontario began to build roads to lure American motorists to the area In Nipissing Fran oise No l demonstrates how these efforts led to the early appearance of cottagers in the French River area and the rise of local outfitters Places of interest include Quintland named for the famed Dionne Quintuplets which was seen as a pilgrimage site and saw resort expansion through to the post war recovery A look at the Nipissing area today reveals that for many it remains a wilderness playground
