The Military In African Politics:

The Military in African Politics William Gutteridge, 2023-12-20 Originally published in 1969 this book assesses the origin and nature of the 20th Century trend towards military intervention in the politics of African states It begins by examining the natures of African armies and their inheritance from the colonial period It scrutinizes the Nigerian and Ghana coups of 1966 and aspects of the East African mutinies in 1964 as well as events in certain French territories including Gabon and Dahomey The effect of foreign military aid on the role of the armed forces in Africa is analysed including the subtle influence of overseas military experience The problems facing army officers when they seize the reins of government are examined along with the difficulties which they encounter when attempting to reinstitute civilian rule Throughout the book the qualities which enable armies to intervene in politics are reviewed and related to those of the other institutions of African society

The Military and Politics in Africa George Klay Kieh, Pita Ogaba Agbese, 2004 Unlike other publications on the military and politics in Africa which focus on one or two aspects of the involvement of the military in African politics this text provides a comprehensive evaluation of the various aspects of military intervention Such a collection provides useful insights into the military's role in African politics from initial intervention to the performance of military regimes as well as to disengagement reengagement consolidation and finally the offering of ways to control the problem of intervention

The Military in African Politics Johns Hopkins University. School of Advanced International Studies, 1987-05-15 The concern of this book is with military rulers as political actors in contemporary Africa Much of Africa has been under military rule during the quarter century since a majority of the countries attained their political independence Yet studies of military rule have focused on when and how to predict the occurrence of military rule and on distinguishing between military and civilian rule The concern of the contributors to this volume by contrast is the political behavior of officers once in power how they have ruled what has been the significance of military rule on the character of political systems in the affected countries and how problems of regime succession have been addressed by military rulers Preface

Guarding the Guardians Mathurin C. Hounnikpo, 2016-04-22 The relationship between civil society and the armed forces is an essential part of any polity democratic or otherwise because a military force is after all a universal feature of social systems Despite significant progress moving towards democracy among some African countries in the past decade all too many African militaries have yet to accept core democratic principles regulating civilian authority over the military This book explores the theory of civil military relations and moves on to review the intrusion of the armed forces in African politics by looking first into the organization and role of the army in pre colonial and colonial eras before examining contemporary armies and their impact on society Furthermore it revisits the various explanations of military takeovers in Africa and disentangles the notion of the military as the modernizing force Whether as a revolutionary force as a stabilizing force or as a modernizing force the military has often been perceived as the only organized and disciplined group with the necessary skills to uplift newly independent nations The

performance of Africa's military governments since independence however has soundly disproven this thesis. As such, this study conveys the necessity of new civil-military relations in Africa and calls not just for civilian control of the military but rather a democratic oversight of the security forces in Africa.

The Military and African Politics Laing Gray Cowan, Columbia University. Institute of African Studies, 1967* *Military Involvement in African Politics* Sam C. Ukpabi, 1972

Military Power and Politics in Black Africa Simon Baynham, 2021-05-11 First published in 1986 *Military Power and Politics in Black Africa* explores many themes that concerned military power and politics in sub-Saharan Africa at the time of publication. Adopting a thematic approach, the book considers the nature of both intervention and disengagement and looks at the relationship between civilian and military institutions. The final chapters put forward arguments for the importance of foreign intervention in the politics and civil-military relations of African states.

A Roadmap for Understanding African Politics Victor Oguejiofor Okafor, 2013-09-13 This book examines the impact of post-colonial leadership on political integration in Nigeria, offering an in-depth understanding of the historical and contemporary forces that shape Nigeria's national politics as well as African politics generally. Okafor discusses how Nigeria's pre-colonial and colonial political histories along with contemporary external forces like neo-colonialism as well as internal social, economic and political structures and developments have affected emerging post-independence politics in the country. The study climaxes with an Africa-centered theory of political and integrative leadership and then uses it as a prism for analyzing six Nigerian post-independence political leaderships encompassing Nigeria's First and Second Republics along with their military interregna. The concluding chapter includes a discussion of the implications of the study for leadership and political integration in Africa in general.

African Politics Gus Liebenow, 1986-09-22 A well-balanced presentation, especially notable for its succinct review of the factors currently controlling the South African political situation. The Nation authoritative work. Foreign Affairs broad enough in its reach to be useful to teaching in interdisciplinary African studies courses for undergraduates. Perspective: Gus Liebenow has produced a winner eminently suitable for classroom use with enough substance to be of interest to both teachers and students. Africa Today A sympathetic but hardheaded analysis of the crisis issues common to the continent as a whole: the struggle for national identity, poverty, the unresolved festering issue of white supremacy in Southern Africa, the problem of political community in the African urban setting and the struggle for popular control over government.

Force (Still) to Be Reckoned With: The Military in African Politics Matthias Basedau,2022 *African Military History and Politics* Y. Alex-Assensoh,2002-01-11 Africa s former colonial masters including Great Britain France Portugal and Spain trained members and leaders of the various colonial Armed Forces to be politically non partisan Yet the modern day Armed Forces on the continent made up of the Army Police Air Force and Navy have become so politicized that many countries in Africa are today ruled or have already been ruled by military dictators through coups d etat occasionally for good reasons as the book points out This book traces the historical cum political evolution of these events and what bodes for Africa where the unending military incursions into partisan politics are concerned Routledge Handbook of African Politics Nic Cheeseman,2017-07-05 Providing a comprehensive and cutting edge examination of this important continent Routledge Handbook of African Politics surveys the key debates and controversies dealing with each of the major issues to be found in Africa s politics today Structured into 6 broad areas the handbook features over 30 contributions focused around The State Identity Conflict Democracy and Electoral Politics Political Economy Development International Relations Each chapter deals with a specific topic providing an overview of the main arguments and theories and explaining the empirical evidence that they are based on drawing on high profile cases such as the Democratic Republic of Congo Kenya Nigeria Somalia South Africa Rwanda and Zimbabwe The Handbook also contains new contributions on a wide range of topical issues including terrorism the growing influence of China civil war and transitional justice making it required reading for non specialists and experts alike Featuring both established scholars and emerging researchers this is a vital resource for all students of African Studies democratization conflict resolution and Third World politics **Readings in African Politics** Tom Young,2003

Table of contents **Decolonizing African Politics** Michael Amoah, 2025-06-07 This book serves as a unique contribution to the curriculum decolonizing agenda currently trending in universities. It approaches Politics and International Relations from the postcolonial and decolonial perspectives with empirical rebuttals to existing imperial and neocolonial false narratives. It examines key concepts and topics which regularly feature when teaching or discussing Africa at universities such as nationhood and nationalisms, neo-patrimonialism, arbitrary borders and tribes from Africa, superpower relations, relationships with China, South-South cooperation and collaborations, foreign interventions, global justice, global governance and reform of the UN Security Council. This book explores the etymologies of these concepts or topics and their terminological application to Africa while bringing fresh perspectives to the debate. It appeals to scholars and students of African politics and international relations and functions as a graduate and advanced undergraduate pedagogical tool.

African Politics P.F. Gonidec, 2012-12-06 To an increasing extent nationals of Third World countries are protesting against the tendency of foreign theoreticians and observers to study their problems political problems in particular in terms of concepts and theories established on the basis of European experiences. For instance the Egyptian Abdel Malek I in *La dialectique sociale* writes: At the starting point whose broad lines we sketch here there is evidence of inadequation deriving from the fact of difference. Inadequation of the conceptual system of the social sciences. Differences between Western societies which have provided the larger part of the analytical material for the conceptual elaboration and establishment of theoretical systems in different disciplines on the one hand and non-Western societies those of Asia, Africa and Latin America on the other hand. This does not mean that the author impugns universalism and that he advocates enclosing the Third World in a sort of intellectual ghetto overemphasizing its specificity and constituting as it were reserves designed to highlight the exotic aspect for the benefit of foreigners.² On the contrary what he takes sociology to task for is its insufficiently universal and universalizing nature. This being so his aim is to make concepts more universal and to rebuild theory with the help of reshaped concepts. Abdel Malek's criticisms are largely justified. There is indeed a certain eurocentricity in the theories elaborated by political scientists even if they deny it.

African Intellectuals and the State of the Continent Olayiwola Abegunrin, Sabella Abidde, 2018-07-26 This festschrift is composed in honor of a distinguished scholar and Pan-Africanist Professor Sulayman S. Nyang whose career and intellectual pursuits spans more than 45 years, much of it at Howard University. Nyang's contributions to African affairs transcend the scope of the academic world as he served as First Secretary and Head of Chancery of the Gambian Embassy in Saudi Arabia from 1975 to 1977 and consultant to the World Bank and United Nations agencies. In addition Professor Nyang served as the President of the Interfaith Conference of Metropolitan Washington DC and a member of the boards of many academic journals and organizations of Islamic Studies in the USA. He has published copiously on a variety of issues affecting continental Africans, Africans in the Diaspora and beyond. He has published and collaborated on dozens of books and book chapters and more than 100 articles in referred journals. **The**

Political Impact of African Military Leaders Sabella Ogbobode Abidde, Felix Kumah-Abiwu, 2023-06-28 This edited volume examines the cases of four African military leaders who had enormous impact on the continent and beyond These military officers and later heads of state Jerry Rawlings of Ghana Moammar Gaddafi of Libya Thomas Sankara of Burkina Faso and Gamal Abdel Nasser of Egypt were provocative and polarizing figures beloved domestically but mostly viewed with suspicion and hostility by foreign governments This volume studies these leaders as a group engaging in a critical but systematic examination of their personalities leadership styles official performance legacies and their continuing impact on the future and political destiny of the continent Providing a survey of controversial but important African political figures this volume will be of use to scholars and students in the social sciences especially those interested in African history African studies military science Black studies political science leadership studies and the politics of developing nations
