## **The Poets Craft Interviews From The New York Quarterly:**

The Poet's Craft William Packard, 1987 Among those who have at least a nodding acquaintance with the works of writers such as W H Auden Allen Ginsberg John Ashbery Stanley Kunitz and Denise Levertov this collection of interviews will be welcome Packard's carefully posed questions and the answers offer useful and offer remarkable insights into the work habits writing techniques reading preferences and philosophies of 25 20th century poets The print interview format despite its limitations can elicit information about the conscious and subliminal processes involved in creating poetry ISBN 0 913728 55 8 pbk 10 95     *The Craft of Poetry* William Packard, 1974 Interviews with W H Auden Paul Blackburn Anne Sexton Stanley Kunitz Jerome Rothenberg Allen Ginsberg Denise Levertov Galway Kinnell John Ashbery James Dickey Muriel Rukeyser Richard Wilbur Robert Creeley Jackson MacLow Howard Moss Erica Jong Diane Wakoski     **Sounds of Poetry** Martina Pfeiler, 2003     **The Translator's Invisibility** Lawrence Venuti, 2017-11-27 Since publication over twenty years ago *The Translator's Invisibility* has provoked debate and controversy within the field of translation and become a classic text Providing a fascinating account of the history of translation from the seventeenth century to the present day Venuti shows how fluency prevailed over other translation strategies to shape the canon of foreign literatures in English and investigates the cultural consequences of the receptor values which were simultaneously inscribed and masked in foreign texts during this period Reissued with a new introduction in which the author provides a clear detailed account of key concepts and arguments in order to issue a counterblast against simplistic interpretations *The Translator's Invisibility* takes its well deserved place as part of the Routledge Translation Classics series This book is essential reading for students of translation studies at all levels     **Invisible Terrain** Stephen J. Ross, 2017-07-25 In his debut collection *Some Trees* 1956 the American poet John Ashbery poses a question that resonates across his oeuvre and much of modern art How could he explain to them his prayer that nature not art might usurp the canvas When Ashbery asks this strange question he joins a host of transatlantic avant gardists from the Dadaists to the 1960s neo avant gardists and beyond who have dreamed of turning art into nature of creating art that would be valid solely on its own terms in the way nature itself is valid in the way a landscape not its picture is aesthetically valid Clement Greenberg 1939 *Invisible Terrain* reads Ashbery as a bold intermediary between avant garde anti mimeticism and the long western nature poetic tradition In chronicling Ashbery's articulation of a completely new kind of realism and his engagement with figures ranging from Wordsworth to Warhol the book presents a broader case study of nature's dramatic transformation into a resolutely unnatural aesthetic resource in 20th century art and literature The story begins in the late 1940s with the Abstract Expressionist valorization of process surface and immediacy summed up by Jackson Pollock's famous quip I am Nature that so influenced the early New York School poets It ends with *Breezeway* a poem about Hurricane Sandy Along the way the project documents Ashbery's strategies for literalizing the stream of consciousness metaphor his negotiation of pastoral and politics during the Vietnam War and his investment in bad

nature poetry     Clare's Lyric Stephanie Kuduk Weiner,2014-04 Clare s Lyric examines John Clare s lyric poems and their impact on the work of three twentieth century poets Arthur Symons Edmund Blunden and John Ashbery     *The Cambridge Companion to American Poets* Mark Richardson,2015-10-15 This Companion brings together essays on some fifty four American poets from Anne Bradstreet to contemporary performance poetry This book also examines such movements in American poetry as modernism the Harlem or New Negro Renaissance confessional poetry the Black Mountain School the New York School the Beats and L A N G U A G E poetry     *Poetry on & Off the Page* Marjorie Perloff,1998 The fourteen essays that make up this collection have as their common theme a reconsideration of the role historical and cultural change has played in the evolution of twentieth century poetry and poetics Committed to the notion that in John Ashbery s words You can t say it that way anymore Poetry On Off the Page describes the formations and transformations of literary and artistic discourses and traces these discourses as they have evolved in their dialogue with history culture and society The volume is testimony to the important role that contemporary artistic practice will continue to play as we move into the twenty first century     A Serpentine Gesture Elisabeth W. Joyce,2024-12-15 In A Serpentine Gesture John Ashbery s Poetry and Phenomenology Elisabeth W Joyce examines John Ashbery s poetry through the lens of Maurice Merleau Ponty s conception of phenomenology For Merleau Ponty perception is a process through which people reach outside of themselves for sensory information map that experiential information against what they have previously encountered and what is culturally inculcated in them and articulate shifts in their internal repositories through encounters with new material Joyce argues that this process reflects Ashbery s classic statement of poetry being the experience of experience Through incisive close readings of Ashbery s poems Joyce examines how he explores this process of continual reverberation between what is sensed and what is considered about that sensation and ultimately how he renders these perceptions into the serpentine gesture of language

**Jerome Rothenberg's Experimental Poetry and Jewish Tradition** Christine Meilicke,2005-07 On a more specific level this book analyses Rothenberg s use of postmodern appropriative strategies such as collage assemblage palimpsest parody pastiche forgery found poetry and theft These strategies illustrate the concept practice and problematics of appropriation Embracing postmodern experimentation and drawing on heterodox Jewish sources Rothenberg constructs a contemporary American Jewish identity that does not rely on institutionalized Judaism Jacket     **Meter in English** David Baker,1997-01-01 Renowned poets and experts in metrics respond to Robert Wallace s pivotal essay which clarifies and simplifies methods of studying poetry Former United States Poet Laureate Robert Hass has called Wallace s essay a paradigm shift in our understanding of English prosody     **Sympathy for the Traitor** Mark Polizzotti,2019-01-29 An engaging and unabashedly opinionated examination of what translation is and isn t For some translation is the poor cousin of literature a necessary evil if not an outright travesty summed up by the old Italian play on words traduttore traditore translator traitor For others translation is the royal road to cross cultural understanding and literary enrichment In this

nuanced and provocative study Mark Polizzotti attempts to reframe the debate along more fruitful lines Eschewing both these easy polarities and the increasingly abstract discourse of translation theory he brings the main questions into clearer focus What is the ultimate goal of a translation What does it mean to label a rendering faithful Faithful to what Is something inevitably lost in translation and can something also be gained Does translation matter and if so why Unashamedly opinionated both a manual and a manifesto his book invites us to sympathize with the translator not as a traitor but as the author's creative partner Polizzotti himself a translator of authors from Patrick Modiano to Gustave Flaubert explores what translation is and what it isn't and how it does or doesn't work Translation he writes skirts the boundaries between art and craft originality and replication altruism and commerce genius and hack work In *Sympathy for the Traitor* he shows us how to read not only translations but also the act of translation itself treating it not as a problem to be solved but as an achievement to be celebrated something as Goethe put it impossible necessary and important

*The Life and Poetry of Ted Kooser* Mary K. Stillwell, 2020-04-01 Like a flash of lightning it came to him the unathletic high school student Ted Kooser saw a future as a famous poet that promised everything glory immortality a bohemian lifestyle no more doing dishes no more cleaning his room and particularly important to the lonely teenager girls Unlike most kids with a sudden ambition Kooser winner of the Pulitzer Prize for Poetry and thirteenth poet laureate of the United States made good on his dream But glory was a long time coming and along the way Kooser lived the life that has made his poetry what it is as deeply grounded in family work and the natural world as it is attuned to the nuances of language Just as so much of Kooser's own writing weaves geography history and family stories into its measures so does this first critical biography consider the poet's work and life together his upbringing in Iowa his studies in Nebraska with poet Karl Shapiro as mentor his career in insurance his family life his bout with cancer and always his poetry Combining a fine appreciation of Kooser's work and life this book finally provides a fuller and more complex picture of a writer who perhaps more than any other has brought the Great Plains and the Midwest lived large and small into the poetry of our day

*Encyclopedia of the New York School Poets* Terence Diggory, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of poets associated with the New York Schools of the early twentieth century

**John Ashbery** Jess Cotton, 2023-06-17 A critical biography of America's most influential postmodern poet Mysterious esoteric and baffling John Ashbery is notorious for the seeming difficulty of his work But Ashbery is also entertaining humorous even charming and ever responsive to his shifting social and political contexts This biography charts Ashbery's rise from a minor avant garde figure to the most important poet of his generation Jess Cotton provides a legible and accessible roadmap to Ashbery's work that draws connections between his poetry New York artists and mid century politics Cotton paints an image of a more approachable and socially engaged Ashbery that will appeal to anyone interested in American poetry queer lives and twentieth century American history

**The Age of Auden** Aidan Wasley, 2010-12-28 How W H Auden's emigration to the United States changed the course of postwar American poetry W H

Auden's emigration from England to the United States in 1939 marked more than a turning point in his own life and work; it changed the course of American poetry itself. *The Age of Auden* takes for the first time the full measure of Auden's influence on American poetry. Combining a broad survey of Auden's midcentury U.S. cultural presence with an account of his dramatic impact on a wide range of younger American poets from Allen Ginsberg to Sylvia Plath, the book offers a new history of postwar American poetry. For Auden, facing private crisis and global catastrophe, moving to the United States became, in the famous words of his first American poem, a new way of happening. But his redefinition of his work had a significance that was felt far beyond the pages of his own books. Aidan Wasley shows how Auden's signal role in the work and lives of an entire younger generation of American poets challenges conventional literary histories that place Auden outside the American poetic tradition. In making his case, Wasley pays special attention to three of Auden's most distinguished American inheritors, presenting major new readings of James Merrill, John Ashbery, and Adrienne Rich. The result is a persuasive and compelling demonstration of a novel claim: In order to understand modern American poetry, we need to understand Auden's central place within it.

Muriel Rukeyser and Documentary Catherine Gander, 2013-01-31 Provides a new perspective on the documentary diversity of Muriel Rukeyser's work and influences. Winner of the inaugural Peggy O'Brien Book Prize of the Irish Association for American Studies (IAAS).

Authors on Writing B. Tomlinson, 2005-03-01 Drawing on some 3,000 published interviews with contemporary authors, *Authors on Writing: Metaphors and Intellectual Labor* reveals new ways of conceiving of writing as intellectual labor. Authors' metaphorical stories about composing highlight not interior worlds but socially situated cultures of composing and apparatuses of authorship. Through an original method of interpreting metaphorical stories, Tomlinson argues that writing is both an individual activity and a collective practice, a solitary activity that depends upon rich, sustained, and complex social networks, institutions, and beliefs. This new book draws upon interviews with writers including Seamus Heaney, Roald Dahl, Samuel Beckett, Bret Easton Ellis, John Fowles, Allen Ginsburg, Alice Walker, and Gore Vidal.

Silencing the Sounded Self Christopher Shultis, 2013-11-05 Christopher Shultis observes an intriguing contrast between John Cage's affinity for Thoreau and fellow composer Charles Ives' connection with Emerson. Although both Thoreau and Emerson have been called transcendentalists, they held different views about the relationship between nature and humanity and the artist's role in creativity. Shultis explores the artist's sounded or silenced selves, the self that takes control of the creative experience versus the one that seeks to coexist with it, and shows how understanding this distinction allows a better understanding of Cage. Having placed Cage in this experimental tradition of music, poetry, and literature, Shultis offers provocative interpretations of Cage's aesthetic views, especially as they concern the issue of non-intention, and addresses some of his most path-breaking music as well as several experimentally innovative written works.

Paul Muldoon in America Alex Alonso, 2021 A study of the later career of the poet Paul Muldoon, who left his native Northern Ireland for the United States in 1987 and acquired U.S. citizenship. The volume explores how the move to the U.S. influenced Muldoon's work.
