The Politics Of Liberation

Stokely Carmichael

The Politics Of Liberation:

Black Power Charles V. Hamilton, Kwame Ture, 2011-06-01 An eloquent document of the civil rights movement that remains a work of profound social relevance 50 years after it was first published A revolutionary work since its publication *Black Power* exposed the depths of systemic racism in this country and provided a radical political framework for reform true and lasting social change would only be accomplished through unity among African Americans and their independence from the preexisting order *Black power* Stokely Carmichael, 1968 *Black Power* STOKELY. CARMICHAEL, 1967

Between the 'Mysticism of Politics' and the 'Politics of Mysticism' David Ranson, 2013-08-31 Between the Politics of Mysticism and the Mysticism of Politics traces the dialectic of the mystical and the political from both a theological and an historical perspective It presents the dialectic as a hermeneutic for the rise of the new ecclesial communities within the Roman Catholic Tradition and suggests it as the framework by which a trajectory for Christian holiness might emerge in the 21st century **The Politics of Liberation** John M. Swomley, 1984 *The Politics of Heresy* Lester R. Kurtz, Lester R.. Kurtz, 1986-01-01 **The Politics of Opposition in Contemporary Africa** Adebayo O. Olukoshi, 1998 In South Africa Michael Neocosmos *The Politics of Anthropology* Gerrit Huizer, Bruce Mannheim, 2011-06-01 No detailed description available for The Politics of Anthropology **The Politics of Practical Reason** Mark Ryan, 2011-06-09 Ought we conceive of theological ethics as an activity that draws from a community's vision of human goodness and that has implications for the kind of person each of us is to be Or can students of the discipline map the ethical implications of what Christians confess about God themselves and the world while remaining indifferent to these claims Habituated by modern moral theories such as consequentialism and deontology Mark Ryan argues we too often assume that Christian ethics makes no claim on the character of its students and teachers It is rather like yet another department store within the shopping mall of ideas and ideologies to which advanced education provides access By arguing that theological ethics is an activity by nature political the author endeavors to show us that to do Christian ethics is to be habituated into ways of talking and seeing that put us on a path toward the good The author thus affirms the claim that theological ethics is a life changing practice But why is it so This book endeavors to display a philosophical basis for this claim by articulating the political character of practical reason Through rigorous conversation with G E M Anscombe Charles Taylor Stanley Hauerwas Alasdair MacIntyre and Jeffrey Stout Ryan provides an account of practical reasoning that enables us to rightly conceive theological ethics as a discipline that ought to change our lives *The Politics of Jesús* Miguel A. De La Torre, 2015-06-10 The Politics of Jesús is a powerful new biography of Jesus told from the margins Miguel A De La Torre argues that we all create Jesus in our own image reflecting and reinforcing the values of communities sometimes for better and often for worse In light of the increasing economic and social inequality around the world De La Torre asserts that what the world needs is a Jesus of solidarity who also comes from the underside of global power The Politics of Jesús is a search for a Jesus that resonates specifically with the Latino a

community as well as other marginalized groups The book unabashedly rejects the Eurocentric Jesus for the Hispanic Jesus whose mission is to give life abundantly who resonates with the Latino a experience of disenfranchisement and who works for real social justice and political change While Jesus is an admirable figure for Christians The Politics of Jesus highlights the way the Jesus of dominant culture is oppressive and describes a Jesus from the barrio who chose poverty and disrupted the status quo Saying no to oppression and its symbols even when one of those symbols is Jesus is the first step to saying yes to the self to liberation and symbols of that liberation For Jesus to connect with the Hispanic quest for liberation Jesus must be unapologetically Hispanic and compel people to action The Politics of Jesus provocatively moves the study of Jesus into the global present
