The Pope Speaks Dialogues Of Paul VI With Jean Guitton:

The Pope speaks Jean Guitton,1958 Dialogues Avec Paul VI. The Pope Speaks. Dialogues of Paul VI with Jean Guitton. English Translation by Anne and Christopher Fremantle Jean Guitton,1968 **The Pope Speaks: Dialogues of Paul VI with Jean Guitton** Jean Guitton,1968 This important authorized work is a very human document one that reveals much about Pope Paul VI's own personality and the aura that surrounded him at the same time that it offers his thoughtful views on pressing concerns of his day *Pope Paul VI and His Quest for Peace: 1963-1978* Rev John F Tuohey PhD.,2024-11-27 Pope Paul VI 1963-1978 ranks among the most influential even if less recognized figures in the history of the twentieth and we can even say twenty-first century Roman Catholic Church He inherited and embraced what he had first described as the hornet's nest of Vatican Council II created by his friend and predecessor John XXIII In fulfilling the mandate of aggiornamento renewing and updating the Church Paul VI took particular interest in the Church's engagement in the modern world as an instrument of peace It was to the pursuit of peace that he dedicated his papacy setting aside the traditional role of a pope as a neutral party and possible mediator and embracing the role of humanity's moral conscience speaking out in ways that suggested he was choosing sides The US State Department suggested his vision of neutrality was unbalanced because of his persistent condemnation of the US bombing strategy in Vietnam A singular moment in his quest for world peace was his unprecedented address to the United Nations General Assembly sixty years ago on October 4, 1965 There he boldly challenged the 116 represented nations to move forward to a world where there was Never again one against the other Never again war It is to mark this 60th anniversary that the two volumes of Pope Paul VI and His Quest for World Peace are written Volume 1 Never again war examines his historic 1965 visit to New York and his guiding through Vatican Council II changes in Church teaching in finding a new attitude towards war and peace Volume 1 also explores in detail his unusual relationship with President Johnson and the role he played in the initiation of the Paris Peace Talks that would eventually end US military engagement in Southeast Asia Volume 2 If you want peace provides a commentary on the annual New Year's Peace Messages he first gave in 1968 and continued throughout the remainder of his papacy In these he offers an exact idea of peace seeking to move humanity away from the both ancient and contemporary adage If you want peace prepare for war towards a more positive If you want peace promote human rights 1969 and work for justice 1972 In these two volumes Tuohey gives a coherent and compelling narrative of key historical moments and theological insight into this sometimes described as forgotten pope bringing the pope and his message back to mind for the benefit of humanity *The Pope Speaks* Pope Paul VI,1968 Paul VI Yves Chiron,2022-05-13 Following after brilliant authoritarian Pope Pius XII and good humored Pope John XXIII Pope Paul VI seemed hesitant anxious even tormented Yet the impact of his fifteen-year-long papacy was colossal not a single aspect of Church life was left untouched in the whirlwind of change unleashed by the Ecumenical Council he guided and sought to implement Who was this man Giovanni Battista Montini 1897-1978 who so

altered the face the voice the bearing of Catholicism Versatile historian Yves Chiron is equal to the challenge of portraying this multifaceted and in many ways enigmatic figure who was ordained a priest without passing through the seminary and never held a simple parish assignment Taking advantage of hitherto untapped archival sources and the testimony of numerous witnesses Chiron builds up a faithful portrait of a figure controversial at every stage of his career from his anti fascist activities as university chaplain to his work in the diplomatic corps which would create tensions with Pius XII from his heavy years as Archbishop of Milan to his Janus like role at the Second Vatican Council when his interventions alternately delighted and devastated both progressives and conservatives from his intimate involvement in the recasting of the Roman Catholic liturgy to his adamant rejection of contraception which left him abandoned by bishops and theologians who held the world s willing ear Paul VI emerges as a pope torn between conflicting interpretations of aggiornamento and overwhelmed by crises in the Church as he tried to reconcile fundamental principles of dogma with pressures from modernist reformers

Paul VI Peter Hebblethwaite,2018 A thoughtful highly acclaimed biography of Giovanni Battista Montini Paul VI which sheds light on and powerfully underscores the personal and ecclesial sides of a man who brought modernity to the church

Hitler, the War, and the Pope, Revised and Expanded Ronald Rychlak,2010-05-27 Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler s pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church Let those who doubt but read Rychlak follow his exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O Connor 1920 2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute **Catholic Discordance** Massimo Borghesi,2021-11-15 One element of the church that Pope Francis was elected to lead in 2013 was an ideology that might be called the American model of Catholicism the troubling result of efforts by intellectuals like Michael

Novak George Weigel and Richard John Neuhaus to remake Catholicism into both a culture war colossus and a prop for ascendant capitalism After laying the groundwork during the 1980s and armed with a selective and manipulative reading of Pope John Paul II's 1991 encyclical *Centesimus Annus* these neoconservative commentators established themselves as authoritative Catholic voices throughout the 1990s viewing every question through a liberal conservative ecclesial political lens The movement morphed further after the 9/11 terror attacks into a startling amalgamation of theocratic convictions which led to the troubling theopoliticism we see today The election of the Latin American pope represented a mortal threat to all of this and a poisonous backlash was inevitable bringing us to the brink of a true American schism This is the drama of today's Catholic Church In *Catholic Discordance: Neoconservatism vs the Field Hospital Church of Pope Francis* Massimo Borghesi who masterfully unveiled the pope's own intellectual development in his *The Mind of Pope Francis* analyzes the origins of today's Catholic neoconservative movement and its clash with the church that Francis understands as a field hospital for a fragmented world

Waiting on Grace Michael Barnes, 2020 The debate about Christianity and other religions has stalled The book aims to overcome this by enabling both theologians and pastoral workers to work out where they stand with regard not just to other faith traditions but to a variety of issues that arise for religious faith of any kind in a secular pluralist world
