[Reconsidering Evil](#) Petruschka Schaafsma, 2006 The notion of evil is not undisputed in contemporary philosophy and theology The reasons for this vary from aversion to the use of a vague comprehensive term like evil to hesitation at the suggestion of an uncontrollable non human power of force that seems to

cling to the idea of evil On the other hand in popular discourse speaking of evil prevails one almost keeps stumbling over allusions to it However such language often seems to be incidental and not a natural part of a whole way of thinking Thus the present situation demands a regauging of the notion of evil Reconsidering Evil attempts this regauging by comparing the nature and status of the theme of evil in four different approaches Paul Ricoeur s approach via symbols and myths of evil provides a focus that enables an analysis and comparison of the highly reflective views of Immanuel Kant Karl Jaspers and Karl Barth who represent an ethical tragic and a non theodician theological view respectively This book sets out to determine whether one can claim that speaking of evil is most at home in a specific way of thinking In the final chapter the notion of the end of evil turns out to be very important for understanding the specific character of a religious view of evil In comparison with Kant s ethical view and Jaspers tragic one the broadest or richest understanding of evil is to be found in a religious context However the comparison of the different approaches also shows the possible dangers of this religious view Thus by means of an in depth analysis and comparison of these thinkers the relevance of the theme of evil for present day philosophy of religion is critically examined

*Eberhard Jüngel and Existence* Deborah Casewell,2021-05-30 This book interrogates the contemporary Lutheran theologian Eberhard Jüngel s theological anthropology arguing that Jüngel s thought can provide a model for theological engagement with philosophical accounts of existence Focusing on Jüngel s theology of existence the author explores the thought of philosophers including Heidegger and Hegel their influence on and application to his theology and argues that Jüngel s account of humanity should be seen as a response to atheistic existentialist accounts of existence In showing how Jüngel s theology is informed by and dependent on philosophical thought this book provides a new lens on the interplay between philosophy theology and religion in twentieth century German thought It will be of particular interest to researchers in philosophy theology and philosophy of religion

**The End of Time** Josef Pieper,1999 This is a work of rare prophetic brilliance by Josef Pieper one of this century s most profound and lucid expositors of the thought of St Thomas Aquinas This book was written to throw light on an ancient question that has vexed and tormented many What is the nature of The End toward which even now the world and men are moving No writer of our time is better equipped to answer that question than Pieper He provides the most rigorous and sustained philosophical analysis anchored to the primeval rock of theological pronouncement in order precisely to understand the finalities of time and history

**Faith Seeking Understanding** Daniel L. Migliore,2014-08-08 A superb standard Christian theology text for nearly a quarter century Daniel Migliore s Faith Seeking Understanding explores all of the major Christian doctrines in freshly contemporary ways This third edition offers new FOR FURTHER READING suggestions at the end of each chapter a substantial expansion of the glossary and new material incorporated throughout including a section on Christians and Muslims Further the three imaginary theological dialogues culminating the book pointedly playful exchanges that have delighted countless readers are here joined by a fourth dialogue between Karl Barth and Friedrich Nietzsche on atheism All in all a new generation of students pastors

and Christian educators eager to better understand the rich heritage central themes and contemporary challenges of Christian theology will find both guidance and stimulation in Migliore's updated work      **Reconciled Humanity** Hans Vium Mikkelsen, 2010-06-28 Revision of author's thesis Ph D University of Aarhus 2002 under title Reconciled humanity a constructive reading of revelation and atonement in Karl Barth's Church dogmatics      *At Smith's House* Jay Trott, 2007-07-01 Are meaning and purpose still possible in life The age of philosophy and its pursuit of the good of happiness came to an end with nihilism The philosophers equated the good with intellect which led to divided descriptions of this value Philosophy is divided by divided loves Plato's love of pure intellect and Aristotle's love of nature and constructs of value which is why it led to nihilism in the end But it is possible to go beyond the ravages of nihilism by setting aside these divided loves for the sake of love itself the power that makes itself known through the desirability of life At Smith's House examines the possibilities of love itself in twelve informal entertaining conversations between two old friends It begins by dissecting the divided concepts of value produced by philosophy and its infatuation with intellect Then it describes the difference between love itself and the divided loves seen in philosophy as well as in institutional doctrine Finally it discusses the restoration of unity to the church and goodness to culture through the formulation *Deus caritas est* which provides a means of going beyond nihilism and the demise of philosophy      *The Essential Karl Barth* Keith L. Johnson, 2019-04-02 Karl Barth is one of the most influential theologians of the 20th century His work is considered essential reading for nearly every student of theology Reading Barth's theology poses a challenge however because of the sheer size of his corpus the complexity of his claims and the distance between his context and the context of his readers In this accessible introduction a respected scholar in Barthian studies offers a one stop resource on Barth's thought providing a selection of his most important writings critical commentary and detailed introductory and concluding chapters      **Cleansing the Cosmos** E. Janet Warren, 2012-11-08 Understanding evil spiritual forces is essential for Christian theology yet discussion is almost always phrased in terms of spiritual warfare Warfare language is problematic being dualistic assigning a high degree of ontology to evil and poorly applicable to ministry This unique study proposes a biblically based model as the first alternative to a spiritual warfare framework for dealing with the demonic thus providing insights for preaching counseling and missiology Warren develops this model using metaphor theory and examining four biblical themes Creation Cult Christ and Church Metaphors of cleansing ordering and boundary setting are developed in contrast to battle imagery and relevant theological issues are engaged Boyd's warfare imagery Barth's ideas of evil as nothingness and Eliade's notion of the sacred and the profane The role of the Holy Spirit is emphasized and the ontology of evil minimized This model incorporates concentric circles evil being considered peripheral to divine reality and provides a refreshing alternative to current spiritual warfare models
