Excerpt from *The Principles of Expression In Pianoforte Playing* In writing this work I had not only the object in view of providing for those interested in the subject a book of reference containing a systematic exposition of the principles of expression in pianoforte playing but I also wished to dispel the erroneous popular belief that expression is a manifestation of feeling only or that feeling is the sole basis of expression I shall endeavor to prove that intelligence not feeling is the chief requirement in expression Fully twenty years ago when first the idea dawned upon me that expression was based upon principles and not merely upon emotional impulse or individual taste I asked myself and others What are those principles How can I obtain a knowledge where find a clear exposition of them My own teachers had never mentioned the subject and I venture to say that the conditions of musical teaching so far as expression goes are pretty much the same to day as they were twenty years ago Every artist and musician to whom I applied had only private opinions to give on the subject I searched in German French and English literature for more substantial information but was astonished at the almost total absence of any practical doctrine regarding the laws of expression For years I collected every scrap of obtainable information and in recording my own deductions was careful throughout to be guided only by natural laws avoiding absolutely as every teacher should do personal inclination Sifting and classifying this material I discovered logical connections between many apparent contradictions and gradually succeeded in systematizing for my own use in teaching the leading principles of pianistic expression About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Principles of Expression in Pianoforte Playing* Adolph F 1836-1885 Christiani, 2018-10-14 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read
