The Privileged Generation Children In The Soviet Union:

The Privileged Generation N. Vishneva-Sarafanova, 1984

Handbook of Child Psychology and Developmental Science, Ecological Settings and Processes, 2015-04-06

The essential reference for human development theory updated and reconceptualized The Handbook of Child Psychology and Developmental Science a four volume reference is the field defining work to which all others are compared First published in 1946 and now in its Seventh Edition the Handbook has long been considered the definitive guide to the field of developmental science Volume 4 Ecological Settings and Processes in Developmental Systems is centrally concerned with the people conditions and events outside individuals that affect children and their development To understand children s development it is both necessary and desirable to embrace all of these social and physical contexts Guided by the relational developmental systems metatheory the chapters in the volume are ordered them in a manner that begins with the near proximal contexts in which children find themselves and moving through to distal contexts that influence children in equally compelling if less immediately manifest ways The volume emphasizes that the child s environment is complex multi dimensional and structurally organized into interlinked contexts children actively contribute to their development the child and the environment are inextricably linked and contributions of both child and environment are essential to explain or understand development Understand the role of parents other family members peers and other adults teachers coaches mentors in a child s development Discover the key neighborhood community and institutional settings of human development Examine the role of activities work and media in child and adolescent development Learn about the role of medicine law government war and disaster culture and history in contributing to the processes of human development The scholarship within this volume and as well across the four volumes of this edition illustrate that developmental science is in the midst of a very exciting period There is a paradigm shift that involves increasingly greater understanding of how to describe explain and optimize the course of human life for diverse individuals living within diverse contexts This Handbook is the definitive reference for educators policy makers researchers students and practitioners in human development psychology sociology anthropology and neuroscience

Childhood in World History Peter N. Stearns, 2016-07-01 Taking a global look at what the category of childhood has meant from agricultural societies to the present day Childhood in World History offers a vital overview of this topical field Through comparative analysis Peter Stearns facilitates a cross cultural and transnational understanding of attitudes towards the role of children in society and how models of childhood have developed throughout history Engaging with issues around children s role in the family and the involvement of communal national educational and global infrastructures Stearns unpacks the experience of childhood in the West Asia Latin America and Africa This expanded and updated third edition includes updated bibliographies and suggested readings expanded discussions of religion and children s rights a new chapter on families in developing economies in the early twentieth century broadened discussions of childhood in Japan and in communist countries With expanded

further reading lists Stearns's accessible text not only provides an overview of its field but also offers a research guide for more specialized study Concisely presented but broad in scope Stearns's accessible text guides readers through the transformations of the concept of childhood *Women and Gender in Central and Eastern Europe, Russia, and Eurasia* Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes **The Oxford Handbook of the History of Communism** S. A. Smith, 2014 Draws on documentation released since the fall of the Soviet Union to offer a global history of communism in the twentieth century **Zhivago's Children** Vladislav Martinovich Zubok, Vladislav Zubok, 2011-11-30 This is an in depth history of the cultural and intellectual evolution of the intelligentsia in Russia from Stalin's death in 1953 to the collapse of the Soviet Union in 1991 **The Bloomsbury Handbook of the Russian Revolution** Geoffrey Swain, Charlotte Alston, Michael C. Hickey, Boris Kolonitskii, Franziska Schedewie, 2022-12-15 Through 30 interpretative essays The Bloomsbury Handbook of the Russian Revolution sees an international team of leading scholars comprehensively examine Russia's revolutionary years In the wake of the 2017 centenary this handbook is the first reference point for anyone wishing to learn more about the changes which took place in Russia between 1917 and 1921 and subsequently the 20th century Split into six sections covering political crises politicians and parties social groups identities regions and peoples and civil war the volume covers the collapse of Tsarism and the February Revolution the emergence of the Provisional Government and major historical figures such as Lenin Kerensky and the Socialist Revolutionary leader Viktor Chernov It also explores the events surrounding the Bolshevik seizure of power in October 1917 the first year of Soviet Government until the Bolshevik dictatorship was established and the impact on Russia of the subsequent civil war The focus is broader than these issues of high politics however since this handbook also considers events in the provinces as well as revolutionary Petrograd and examines the social impact of the revolution in terms of class gender age and culture **The Private World of Soviet Scientists from Stalin to Gorbachev** Maria Rogacheva, 2017-07-10 Rogacheva sheds new light on the complex transition of Soviet society from Stalinism into the post Stalin era Using the case study of Chernogolovka one of dozens of scientific towns built in the USSR under Khrushchev she explains what motivated scientists to participate in the Soviet project during the

Cold War Rogacheva traces the history of this scientific community from its creation in 1956 through the Brezhnev period to paint a nuanced portrait of the living conditions political outlook and mentality of the local scientific intelligentsia Utilizing new archival materials and an extensive oral history project this book argues that Soviet scientists were not merely bought off by the Soviet state but that they bought into the idealism and social optimism of the post Stalin regime Many shared the regime s belief in the progressive development of Soviet society on a scientific basis and embraced their increased autonomy material privileges and elite status Fundamental Principles of Health Legislation of the U.S.S.R. Soviet Union, John E. Fogarty International Center for Advanced Study in the Health Sciences, 1971 The Next Generation in Russia, Ukraine, and Azerbaijan Nadia M. Diuk, 2012-04-12 In the past twenty years the countries that used to make up the former Soviet Union have seen plenty of change There have been revolutions youth led protest movements and other forms of incredible political upheaval At the center of all of this were young leaders fighting to be heard and clamoring for change In Nadia Diuk s meticulously researched and insightful book The Next Generation in Russia Ukraine and Azerbaijan she shows how those young leaders have risen up and become a part of the new political system Using unique public opinion polling data and personal interviews she explores how the new generation of leaders is shaping the political system and how the young people of today continue to exert pressure for reform This book is important to anyone interested in Eastern European studies political transitions protest movements or youth and politics
