**Meaning of Life** Jonathan Gabay,1995-06 Gabay set out to ask hundreds of men women from around the world the most fundamental question of all What is the meaning of life Here are some of the most illuminating thought provoking of the many fascinating answers he received Captured in these pages are the wisdom insight of world leaders the homeless Oscar winning actors philosophers comedians taxi drivers teachers explorers prisoners on Death Row From all walks of life the famous the unknown alike share their insights to amuse intrigue move delight you Somewhere between them all could be a key to the enduring mystery that is the meaning of life *The Meaning of Life* Terry Eagleton,2007-02-22 Famed critic Terry Eagleton takes a serious if often amusing look at the meaning of life Eagleton first examines how centuries of thinkers and writers from Marx and Schopenhauer to Shakespeare Sartre and Beckett have responded to the ultimate question of meaning He suggests however that it is only in modern times that the question has become problematic But instead of tackling it head on many of us cope with the feelings of meaninglessness in our lives by filling them with everything from football to fundamentalism He argues instead that the meaning of life is a matter of living in a certain way a certain quality depth abundance and intensity of life **The Meaning of Life** S. L. Frank,2010-10-07 Boris Jakim is one of the foremost living translators of Russian religious thought into English Book Jacket **THE MEANING OF LIFE** LI YANG,2016-09-08 I personally think this book is a scientific writing The existence of God like that of electromagnetic wave and electron is a fact a scientific problem and the truth Also only science and learning can help reveal the truth Since he exists his existence must be valuable meaningful and of avail If he exists and we don t reveal him the world being familiar to us will be an incomplete world When I wrote this book I wrote it with scientific thinking Maybe like Newton s well known saying I don t know what I may seem to the world but as to myself I seem to have been only like a boy playing on the sea shore and diverting myself in now and then finding a smoother pebble or a prettier shell than ordinary whilst the great ocean of truth lay all undiscovered before me This book tells that there is a long way for us to go *The Meaning of Life* John A. Mackay,2014-03-06 Democratic principles have not taken root readily in Latin America in part because spiritual inwardness a necessary prerequisite of democracy that is inseparable from the Bible has been lacking During the twentieth century Protestant workers like John Mackay 1889 1983 brought the evangelical message to that continent through lectures and writings This collection of John Mackay s early essays presents a range of his contributions and the ideas in the essays are grounded in his clear understanding of the nature and dignity of human beings in the light of God The fruit of this teaching is self confidence courage steadfastness and other positive ethical attributes that accompany progress and success for individuals and peoples The essays touch on religious educational literary political and philosophical themes in the service of Christian truth They embody key ideas and strategic judgments related to the presentation of the Evangel the most basic and first work of the church The message balances spiritual and social aspects of Christianity to meet the needs of the people and it accompanied
