**The Mercenary** Christopher Kinsey, 2023-05-19 Ever since the French Revolution and the rise of the rise of national armies the mercenary has been viewed as a maligned and marginalized actor in international relations The Mercenary challenges this view suggesting instead that while delegated to the periphery of Great Power politics the mercenary remained a coercive instrument of state power who was willing to discretely promote the client's foreign policy when called upon to do so Never has this been more evident than today This book offers fresh insight into the future of the mercenary as an instrument of state coercion and explains why there is a mercenary renaissance in the 21st century The start of the 21st century has seen renewed interest in the mercenary from across the political spectrum The growing reliance by the US Russia and China on military and security contractors suggests that the mercenary remains a key player in International Politics now emerging from the shadows to help expand state influence on the world stage by serving as an important actor in the conduct of conflict and the winning of small wars Far from being marginalized the future of the mercenary is set to be increasingly active

Ardito,2021-02-11 This book offers a significant reinterpretation of the history of republican political thought and of Niccol Machiavelli s place within it It locates Machiavelli s political thought within enduring debates about the proper size of republics From the sixteenth century onward as states grew larger it was believed only monarchies could govern large territories effectively Republicanism was a form of government relegated to urban city states anachronisms in the new age of the territorial state For centuries history and theory were in agreement constructing an extended republic was as futile as trying to square the circle but then James Madison devised a compound representative republic that enabled popular government to take on renewed life in the modern era This work argues that Machiavelli had his own Madisonian impulse and deserves to be recognized as the first modern political theorist to envision the possibility of a republic with a large population extending over a broad territory     *A Journey to Love: The True Luna Series Book 3* Sandra Soraya,2024-08-15 Being inside another kingdom s prison is not part of the future plan of Alpha Prince Steele North of the Northernland Kingdom He and his men are accused of abducting with the attempt to assassinate Luna Queen Lily Wolfe the wife of Alpha King Boone Wolfe of the Wolferaine If convicted Prince Steele can face capital punishment While King Wolfe is his enemy Prince Steele never has a plan to harm the king s wife Especially since the queen is Prince Steele s own cousin But if he was not the one who abducted the queen then who Somebody was framing him and his men and the clock was ticking They need to know the answer fast otherwise they will have to march to the gallows The only person fits the profile is Prince Steele s twin brother Alpha Prince Damon North That makes little sense since Prince Damon died six years ago King Wolfe himself had killed him Camellia Collins doesn t know that her fated mate Prince Damon has died People said that Prince Damon was savage and predatory but Camellia refuses to believe that Damon that she knew was a kind man who cared for the weak He was not a vicious prince who had an ambition to rule the strongest kingdom in the whole shifters world It was clear to Camellia that Prince Damon was the victim of a conspiracy But who would frame Damon There can only be one person who fits the description Alpha Prince Steele North The man wants to be the King of the Northernland and will have the position by any means necessary Well not on Camellia s watch They need to stop him and Camellia will be the person who does the job There s only one problem Alpha Prince Steele North too is Camellia s fated mate
