The Making of the 1963 Baptist Faith and Message A. J. Smith, 2008-08-05 Questions regarding the orthodoxy of Dale Moody and Ralph Elliott propelled the Southern Baptist Convention SBC toward a re evaluation of its doctrinal statement the Baptist Faith and Message BFM The SBC adopted this document in 1925 under the leadership of E Y Mullins when faced by the challenge of modernism This dissertation argues that the 1962 Committee on Baptist Faith and Message produced a document that expressed subtle shifts in Baptist theology This shift had the effect of assuring the conservative base while allowing enough latitude in interpretation for those serving in the academy to teach more progressive views After a first introductory chapter chapters 2 and 3 trace the historical developments leading to the formation of the Committee Biblical inspiration and interpretation were key concerns but as chapter 3 demonstrates other concerns drew the attention of the Committee Chapters 4 and 5 deal with the ever sensitive issue of the relationship between Baptist confessionalism soul liberty and soul competency Each chapter examines how Baptist confessionalism functioned in relation to these concepts Chapter 6 examines in detail the work of the Committee itself and looks at those persons or groups who influenced the outcome of the Committee s work Of special note are the contributions made by Wayne Ward Leo Garrett the religion faculty of Mercer University and the theology faculty of Southern Seminary Chapter 7 examines four areas where the 1963 BFM altered the confessional expression of Baptist doctrines 1 Scripture 2 Man 3 Salvation 4 The Church Chapter 8 is the conclusion Four appendices contain early drafts of the Committee s work

philosophical analysis are not only fruitful but also essential for dealing with the central issues of systematic theology The title of this volume *Meaning and the Christian Faith* highlights two characteristic themes that recur throughout the many writings of Vincent Brummer Much of his work has been devoted to exploring the meaning of the Christian faith and especially of its central claim that God is a personal being whose fellowship believers may enjoy On the other hand Brummer has also shown that religious belief should not be understood as an explanatory theory but rather as a way in which believers understand the meaning of their lives and their experience of the world and direct their lives accordingly Thus in the Christian tradition believers claim that their lives are meaningful because they seek to attain ultimate happiness in the love of God In the introductory sections throughout this volume Vincent Brummer describes how he came to pay attention to the various themes dealt with in his writings and explains why he came to deal with them in the ways he did

The Faith of St. Paul Roy A. Harrisville III, 2019-03-15 For generations scholars who study the letters of St Paul have argued about being in Christ and justification by faith as though they were competing theologies They have argued about faith as divine gift or human work and more recently the faith of Jesus Christ has been called into question Harrisville proposes a provocative and simple solution to these issues by examining scholarly assumptions and presenting the faith of St Paul as a dynamic and life changing power Participation in Christ and righteousness by faith are actually complimentary expressions for the same concept The apostle's faith was not self engendered but a gift that transformed him into a believer Taking a more organic approach to understanding the faith of St Paul this book provides a path toward reconciling entrenched positions and providing a fresh perspective by presenting the apostle's concept of faith as a transformative gift of divine power

Faith in the Son of God (Foreword by Robert W. Yarbrough) Kevin McFadden, 2021-05-05 A Study of Faith in Christ in Pauline Theology Over the last fifty years the apostle Paul's theology has come under immense critical examination One important issue prompted by recent scholarship is the correct translation of the Greek phrase *pistis Christou* as faith in Jesus Christ Galatians 2:16 Many English speaking scholars now interpret this Greek phrase as the faithfulness of Jesus Christ This new translation is bound up with the theological argument that we are not justified by our own faith but by the faithfulness of Christ Kevin McFadden argues that faith in Christ is a proximate cause of salvation that accords with grace Not only is this treatment a helpful introduction to the *pistis Christou* debate but it also demonstrates the central role of faith in salvation as the church brings the gospel to the world

Matera,2017-07-14 Paul s Letter to the Galatians has played a major role in the history of theology especially in the Church s teaching on grace faith and justification This commentary argues that Paul s doctrine of justification by faith is essentially social in nature and has important ecumenical implications for the Church today In its original setting Galatians established a foundation for the unity of Jewish and Gentile Christians all are justified by the faith of Jesus Christ In addition to illuminating the historical situation that led Paul to write his Letter to the Galatians this commentary pays careful attention to the rhetorical structure of this letter and its theological message The author provides a fresh translation of Galatians critical notes on each verse of the text and a careful commentary of the letter in light of Paul s theology Theories abound on the question of Galatians why it was written what it says and what the implications of that message are Yet few scholars have devoted themselves at length to this letter What sets this work apart is its extent and detail and its academic rather than popular intent **Key Words of the Christian Faith** Reinder Bruinsma,2008 If you were asked to define the essence of Christianity what would you say Which words would you choose to describe the life changing pursuit of something completely intangible All too often Christian words are used superficially without comprehension of their truest meaning surface answers to humanity s most important questions But these words influence your sole connection to eternal life **NirV, May the Faith Be with You Holy Bible** Zondervan,2017-09-26 Life in the Spirit isn t about cushioned pews and easy living it s about adventure risk daring and the pursuit of wisdom It s about letting the awesome power of God work through you to do things you never thought possible In this brand new full text Bible you ll learn the highest truest and most rewarding way to a life of wisdom apprenticing with the
