

# Mexican Political System

- authoritarian or democratic?
  - authoritarian aspects ***through late 1990s***
    - ***strong*** president from single dominant party (8)
    - control over elections
    - “rubber stamp” legislature
  - democratic aspects
    - regular change of leadership via elections

# The Mexican Political System In Transition

**Lawrence Boudon, Katherine D.  
McCann**

## **The Mexican Political System In Transition:**

**The Mexican Political System in Transition** Wayne A. Cornelius, Ann L. Craig, 1991 *Mexican Politics in Transition* Judith Gentleman, 2019-03-13 Initiated in the mid 1970s Mexico's program of political reform was designed to provide a new opportunity for political competition. In this book contributors examine the significance political mobilization has had and the extent to which the reform has served as a vehicle for defusing discontent in the wake of Mexico's failed oil-based development.

*Toward Mexico's Democratization* Jorge I. Domínguez, Alejandro Portes, 2013-10-23 Recent elections in Mexico have seen dramatic changes in public opinion toward political parties. Focusing on the elections of 1994 and 1997, the book evaluates campaign strategies, voting habits, party loyalty, and the decline of the Institutional Revolutionary Party (PRI). It begins by situating the transformation of Mexico's parties in historical context, then goes on to consider the role of gender and the resurgence of the Mexican left. The contributors, drawn from the U.S. and Mexico, focus on both the strategies of political parties to woo voters and how voters actually respond. They also develop several methodological innovations for studying public opinion that can be applied beyond the case of Mexico.

*Diocletian and the Roman Recovery* Stephen Williams, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection, there are five previously unpublished essays. The topics covered in these new essays are: women in the play; the play's debt to contemporary theater; its critical and performance histories in Germany and Japan; the metrical variety of the play; and the distinctly modern perspective on the play as containing dark and disturbing elements. To complement these new essays, the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult-to-accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.

*The Zapatista Movement and Mexico's Democratic Transition* María de la Luz Inclán, 2018 Transitions from authoritarian to democratic governments can provide ripe scenarios for the emergence of new insurgent political actors and causes. During peaceful transitions, such movements may become influential political players and gain representation for previously neglected interests and sectors of the population. But for this to happen, insurgent social movements need opportunities for mobilization, success, and survival. This book looks at Mexico's Zapatista movement and why the movement was able to mobilize sympathy and support for the indigenous agenda inside and outside the country, yet failed to achieve their goals vis-à-vis the Mexican state.

*The Zapatista Movement and Mexico's Democratic Transition* María Inclán, 2018-07-06 Transitions from authoritarian to democratic governments can provide ripe scenarios for the emergence of new insurgent political actors and causes. During peaceful transitions, such movements may become influential political players and gain representation for previously neglected interests and sectors of the population. But for this to happen, insurgent social movements need opportunities for

mobilization success and survival What happens to insurgent social movements that emerge during a democratic transition but fail to achieve their goals How influential are they Are they able to survive their initial mobilizing boom To answer these questions Mar a Incl n looks at Mexico s Zapatista movement whose emergence she argues was caught between sliding doors of opportunity The Zapatistas were able to mobilize sympathy and support for the indigenous agenda inside and outside of the country yet failed to achieve their goals vis vis the Mexican state Nevertheless the movement has survived and sustained its autonomy despite lacking legal recognition Incl n examines the vitality of the movement during various tests of the emergent democracy during more competitive elections under various political parties and amid various repressive measures She also looks at state responsiveness to movement demands and the role of transnational networks in the movement s survival Framing the relative achievements and failures of the Zapatista movement within Mexico s democratization is essential to understand how social movements develop and survive and how responsive an electoral democracy really is As such this book offers a test to the quality of Mexico s democracy and to the resilience of the Zapatista movement as it identifies the extent to which emerging political forces have failed to incorporate dissident and previously excluded political actors into the new polity

**Mexico in Transition** Gerardo Otero, 2008-02-29 Mexico in Transition provides a wide ranging empirical and up to date survey of the multiple impacts neoliberal policies have had in practice in Mexico over twenty years and the specific impacts of the NAFTA Agreement The volume covers a wide terrain including the effects of globalization on peasants the impact of neoliberalism on wages trade unions and specifically women workers the emergence of new social movements El Barz n and the Zapatistas EZLN how the environment especially biodiversity has become a target for colonization by transnational corporations the political issue of migration to the United States and the complicated intersections of economic and political liberalization Mexico in Transition provides rich concrete evidence of what happens to the different sectors of an economy its people and natural resources as the profound change of direction that neoliberal policy represents takes hold It also describes and explains the diverse forms of resistance and challenge that different civil society groups of those affected are now offering to a model the downsides of which are becoming increasingly manifest

**Ibss: Political Science: 1992** British Library of Political and Economic Science, 1993 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

**Elites, Masses, and the Struggle for Democracy in Mexico** Sara Schatz, 2000-05-30 In this book a new general model of delayed transitions to democracy is proposed and used to analyze Mexico s transition to democracy This model attempts to explain the slow gradual dynamics of change characteristic of delayed transitions to democracy and is developed in a way that makes it generalizable to other regional contexts Utilizing both qualitative and quantitative data based on an original data set of forty thousand individual interviews Schatz analyzes how the historical authoritarian corporate shaping of interests and forms of political consciousness has

fractured the social base of the democratic opposition and inhibited democratizing social action Using comparative cases of delayed transitions to democracy the author's conclusions challenge and improve upon current theories of democratization In elaborating a model for the delayed transition to democracy the author argues that the emphasis on transformative industrialism in both political modernization and class analytic theories of social bases of democratization is modeled too closely on the western European process of democratization to allow a full explanation of the case of Mexico's transition to democracy In addition she argues that a delayed transitions model provides a more adequate explanation of gradual transitions to democracy because such a model builds on the insights of structural theories regarding the social bases of anti authoritarian mobilization To support the delayed transitions model Schatz compares Mexico with Taiwan and Tanzania countries also characterized by delayed transitions to democracy in the late twentieth century This important book fills a considerable gap in the literature on democratization at the end of the century

**Political Struggles and the Forging of Autonomous Government Agencies** Cristopher Ballinas Valdés, 2011-06-30 Argues that autonomous agencies are not the result of a systematic design but are produced by the interactions of political and bureaucratic forces The case studies illustrate how political struggles between politicians and bureaucrats can create a muddle of agencies that lack coherence and are subject to conflicting levels of political control

**The Challenge of Institutional Reform in Mexico** Riordan Roett, 1995 The Salinas administration's reforms in Mexico generated widespread attention and questions This book addresses those questions examining the impact of the recent reforms on the state's relations with key social and political actors and assessing reform initiatives

**Dual Transitions from Authoritarian Rule** Francisco E. González, 2008-04-21 An analytically sophisticated and heavily documented study of two Latin American countries in their economic and political move toward democracy Choice In 1982 Latin America experienced a region wide economic collapse that had a drastic effect on governments throughout Central and South America Many were pushed to the verge of failure while several of the most authoritarian Argentina Bolivia Brazil and Uruguay went over the brink Yet somehow Chile's repressive military dictatorship and Mexico's hegemonic civilian regime endured amid the economic chaos Dual Transitions from Authoritarian Rule explains why these two regimes survived the upheaval and how each progressed toward a more open democratic market driven system in later years Using comparative analysis of Chile and Mexico Francisco González explains that their governments though different ideologically shared a type of authoritarian rule that maintained the political status quo while aiding proponents of political and economic liberalization Featuring a discussion of parallel phenomena in Brazil Hungary Taiwan and South Korea Dual Transitions from Authoritarian Rule challenges the received wisdom about sociopolitical and economic change within authoritarian nations A Choice Magazine Outstanding Academic Title

**The Routledge Handbook of Political Communication in Ibero-America** Andreu Casero-Ripollés, Paulo Carlos López-López, 2024-10-31 The Routledge Handbook of Political Communication in Ibero America addresses the relationship between communication politics and

digital technologies in Latin American and the Iberian Peninsula a geographical space linked by social cultural and linguistic aspects In recent years digital media have been central in the dialogue established by political parties institutions the media and citizens In this hybrid space emerged certain phenomena that are of interest particularly in the Ibero American landscape including disinformation and fake news protests on social media the organization of social movements the relationship between the press and the state political participation populism the role played by emotions and memes the impact of AI and platformization on politics and topics of debate in the public sphere This Handbook is structured into nine parts beginning with a historical contextualization and then exploring central aspects of the discipline It then goes on to study trends at the regional level increasing knowledge about how political communication and digital technologies are changing multiple aspects of Ibero American societies where political communication plays a fundamental role especially in electoral processes with its consequent effects on democracy This Handbook will be of interest to academics students and professionals in the fields of political science communication journalism advertising marketing and sociology as well as public opinion consulting It will be of particular interest to undergraduate and postgraduate students from Latin America Portugal and Spain

**Political Culture and Constitutionalism: A Comparative Approach** Daniel P. Franklin, Michael J.

Baun, 2016-09-16 This work is a cross national examination of the relationship between political culture and constitutionalism The countries studied include Nigeria Turkey and Japan Questions explored include whether constitutions must evolve and whether constitutionalism is only a western concept

Democratizing Mexico Jorge I. Domínguez, James A. McCann, 1998 In this groundbreaking study of Mexican public opinion and elections Jorge Domínguez and James McCann examine the attitudes and behaviors of Mexican voters from the 1950s to the 1990s and find evidence of both support for and increasing independence from the nation's ruling party They make extensive use of polls conducted during the 1988 1991 and 1994 national elections and draw from in depth interviews with leading political figures including major presidential candidates Although the 1994 presidential election showed that Mexican citizens are making their opinions known and felt at the polls Domínguez and McCann argue that Mexico cannot be considered a democracy as long as party elites fail to ensure truly free and fair elections Democratizing Mexico makes it clear however that Mexican citizens are ready for democratic politics

*Revival: State-Society Relations in Mexico (2001)* Kenneth Edward Mitchell, 2017-07-12 This title was first published in 2001 This detailed empirical study illustrates the different sources of political and economic pressure that combine to produce a process of incremental innovation in Mexican state society relations Invaluable to political economists who have a specific focus on Latin America Mexican politics and public sector reform

**Mexico's Politics and Society in Transition** Joseph S. Tulchin, Andrew D. Selee, 2003 An exploration of the interrelated trends of Mexico's transitional politics and society Offering perspectives on the problems on the Mexican agenda the authors discuss the politics of change the challenges of social development and how to build a mutually beneficial US Mexico relationship

**Social Sciences** Lawrence

Boudon, Katherine D. McCann, 2003-09-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies Latin American Research Review Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2001 and Katherine D McCann has been assistant editor since 2000 The subject categories for Volume 59 are as follows Anthropology Economics Geography Government and Politics International Relations Sociology Electronic Resources for the Social Sciences Feminisms in Latin America Gisela Zaremborg, Débora Rezende de Almeida, 2022-12-01 This Element analyzes the features of current feminist movements in Latin America and their responses to conservative reactions For this it focuses on the pro choice movement vis vis the anti abortion countermovement in Mexico and Brazil It offers a relational approach embracing the dynamics within the feminist field and between feminism and the state to capture the movements potential effects First the Element proposes the concept of nested feminist networks which comprises of three dimensions revealing the plurality of the movement across intersectional and sexual identity issues horizontal its relationship with the multifaceted state vertical and the intermediation of political parties and participatory institutions in this relationship intermediary Second it argues that nested networks allow feminists to enable policies and block actions from conservatives In sum it explores how feminists leveraging their plurality and connection with the state can counter conservative attacks **Transitions to Democracy** Kathryn Stoner, Michael McFaul, 2013-04-15 Fifteen case studies by scholars and practitioners demonstrate the synergy between domestic and international influences that can precipitate democratic transitions As demonstrated by current events in Tunisia and Egypt oppressive regimes are rarely immune to their citizens desire for democratic government Of course desire is always tempered by reality therefore how democratic demands are made manifest is a critical source of study for both political scientists and foreign policy makers What issues and consequences surround the fall of a government what type of regime replaces it and to what extent are these efforts successful Kathryn Stoner and Michael McFaul have created an accessible book of fifteen case studies from around the world that will help students understand these complex issues Their model builds upon Guillermo O Donnell Philippe C Schmitter and Laurence Whitehead s classic work Transitions from

Authoritarian Rule using a rubric of four identifying factors that can be applied to each case study making comparison relatively easy Transitions to Democracy yields strong comparisons and insights For instance the study reveals that efforts led by the elite and involving the military are generally unsuccessful whereas mass mobilization civic groups and new media have become significant factors in supporting and sustaining democratic actors This collection of writings by scholars and practitioners is organized into three parts successful transitions incremental transitions and failed transitions Extensive primary research and a rubric that can be applied to burgeoning democracies offer readers valuable tools and information

## **The Mexican Political System In Transition** Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the energy of words has become more evident than ever. They have the ability to inspire, provoke, and ignite change. Such could be the essence of the book **The Mexican Political System In Transition**, a literary masterpiece that delves deep to the significance of words and their impact on our lives. Written by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.

### **The Mexican Political System In Transition Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The Mexican Political System In Transition free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The Mexican Political System In Transition free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading The Mexican Political System In

Transition free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading The Mexican Political System In Transition. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading The Mexican Political System In Transition any PDF files. With these platforms, the world of PDF downloads is just a click away.

### **FAQs About The Mexican Political System In Transition Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Mexican Political System In Transition is one of the best book in our library for free trial. We provide copy of The Mexican Political System In Transition in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Mexican Political System In Transition. Where to download The Mexican Political System In Transition online for free? Are you looking for The Mexican Political System In Transition PDF? This is definitely going to save you time and cash in something you should think about.
