Political, Social and Cultural History of Modern Iran H. E. Chehabi, **The Regionalization of Warfare** James Brown, 2023-03-31 Three wars have dominated world events in recent years The conflict which erupted between the United Kingdom and Argentina over the Falkland Malvinas Islands the multinational conflict in Lebanon involving Israeli Syrian and PLO forces in Lebanon and the savage struggles between ground and air units of the Iranian and Iraqi forces The scale and intensity of these wars their potential for global conflict make them crucial for an understanding among citizens in general and defense and political analysts in particular The authors and contributors to this most unusual volume come to several common conclusions professionalism is a crucial factor in military effectiveness but not necessarily dependent on modes of recruitment high technology is crucial but only in relation to the quality and training of the personnel public support is necessary to sustain military morale in democratic and authoritarian regimes alike These are only some of the incisive findings registered and explored in *The Regionalization of Warfare* The volume assembles experts not only on these three major regional and interregional conflicts but on current U S defense policies Soviet strategic interests in Middle East and Persian Gulf conflicts and a series of papers on lessons learned and unlearned as a result of these small wars of the early 1980s For those interested in military history global strategy and regional rivalries this collection of finely written sophisticated papers will prove to be of intense concern *The Middle East Today* Don Peretz, 1983 In this completely updated sixth edition Peretz offers a comprehensive introduction to the history politics and contemporary life of the Middle East Peretz focuses on the major countries in the Middle East placing emphasis on their political institutions and reports the most recent developments in a volatile region *Fragile Resistance* John Foran, 2019-04-09 This book analyzes the processes of social transformation in Iran from the height of the country's power in the sixteenth and seventeenth centuries under the Safavid dynasty to the aftermath of the startling revolution that overthrew the Pahlavi monarchy in 1979
