The Middle English Lyric And Short Poem:

The Middle English Lyric and Short Poem Rosemary Greentree, 2001 This Bibliography assembles annotation of collections and criticism of lyrics of religious and secular love carols and songs and rhymes of everyday life **A Companion to the Middle English Lyric** Thomas Gibson Duncan, 2005 Aims to provide both background information on and assessments of the lyric This work includes features of formal and thematic importance they are rhyme scheme stanzaic form the carol genre love poetry in the manner of the troubadour poets and devotional poems focusing on the love and suffering and compassion of Christ and the Virgin Mary *What Kind of a Thing Is a Middle English Lyric?* Cristina Maria Cervone, Nicholas Watson, 2022-08-30 What Kind of a Thing Is a Middle English Lyric considers issues pertaining to a corpus of several hundred short poems written in Middle English between the twelfth and early fifteenth centuries The chapters draw on perspectives from varied disciplines including literary criticism musicology art history and cognitive science Since the early 1900s the poems have been categorized as lyrics the term now used for most kinds of short poetry yet neither the difficulties nor the promise of this treatment have received enough attention In one way the book argues considering these poems to be lyrics obscures much of what is interesting about them Since the nineteenth century lyrics have been thought of as subjective and best read without reference to cultural context yet nonetheless they are taken to form a distinct literary tradition Since Middle English short poems are often communal and usually spoken sung and or danced this lyric template is not a good fit In another way however the very differences between these poems and the later ones on which current debates about the lyric still focus suggest they have much to offer those debates and vice versa As its title suggests this book thus goes back to the basics asking fundamental questions about what these poems are how they function formally and culturally how they are and are not related to other bodies of short poetry and how they might illuminate and be illuminated by contemporary lyric scholarship Eleven chapters by medievalists and two responses by modernists all in careful conversation with one another reflect on these questions and suggest very different answers The editors introduction synthesizes these answers by suggesting that these poems can most usefully be read as a kind of play in several senses of that word The book ends with eight new Middle English lyrics by seven contemporary poets *One Hundred Middle English Lyrics* Robert David Stevick, 1994 Stevick's classic work remains the only text of its kind aimed at fostering the linguistic competence necessary to understand its poems in Middle English The wide range of lyric poems in the book are normalized to a Chaucerian dialect The introduction has been revised to take into account the scholarship and criticism published since the first edition appeared in 1964 It gives the background for the poetry explains how and why the texts are normalized and reviews significant critical scholarly studies of the works Included is a section on morphology and grammar that introduces students to the language of the lyrics and a section on the evolving meter of Middle English A fine piece of work Learned wide ranging and judicious John B Friedman author of *The Monstrous Races in Medieval Art and Thought* An impressive

collection Stevick's decision to normalize the texts makes it highly accessible Ralph Hanna III University of California Riverside

The Voices of Medieval English Lyric Anne L. Klinck, 2019-11-28 What was the medieval English lyric Moving beyond the received understanding of the genre The Voices of Medieval English Lyric explores through analysis discussion and demonstration what the term lyric most meaningfully implies in a Middle English context A critical edition of 131 poems that illustrate the range and rich variety of lyric poetry from the mid twelfth century to the early sixteenth century The Voices of Medieval English Lyric presents its texts freshly edited from the manuscripts in thirteen sections emphasizing contrasting and complementary voices and genres As well as a selection of religious poetry the collection includes a high proportion of secular lyrics many on love and sexuality both earnest and humorous In general major authors who have been covered thoroughly elsewhere are excluded from the edited texts but some especially Chaucer are quoted or mentioned as illuminating comparisons Charles d'Orléans and the Scots poets Robert Henryson and William Dunbar add an extra national dimension to a single language collection Textual and thematic notes are provided as well as versions of the poems in Latin or French when these exist Adopting new perspectives The Voices of Medieval English Lyric offers an up to date accessible and distinctive take on Middle English poetry

A Companion to Medieval Poetry Corinne Saunders, 2010-02-12 A Companion to Medieval Poetry presents a series of original essays from leading literary scholars that explore English poetry from the Anglo Saxon period up to the 15th century Organised into three parts to echo the chronological and stylistic divisions between the Anglo Saxon Middle English and Post Chaucerian periods each section is introduced with contextual essays providing a valuable introduction to the society and culture of the time Combines a general discussion of genres of medieval poetry with specific consideration of texts and authors including Beowulf Sir Gawain and the Green Knight Chaucer Gower and Langland Features original essays by eminent scholars including Andy Orchard Carl Schmidt Douglas Gray and Barry Windeatt who present a range of theoretical historical and cultural approaches to reading medieval poetry as well as offering close analysis of individual texts and traditions

Cultivating the Heart Ayoush Lazikani, 2015-06-15 Detailed close analysis of early Middle English homiletic hagiographic guidance and lyrical meditative texts provides readers with an insight into the affective literary strategies of a body of neglected material Contextualization of English material in Latin and Anglo Norman provides readers with a deeper knowledge of the multilingual culture of medieval England in the post Conquest centuries Substantial commentary on church wall paintings provides readers with a nuanced understanding of the ways in which the affective strategies of visual resources can be mapped onto texts
