The Middle English Lyric And Short Poem:

The Middle English Lyric and Short Poem Rosemary Greentree, 2001 This Bibliography assembles annotation of collections and criticism of lyrics of religious and secular love carols and songs and rhymes of everyday life **A Companion to the Middle English Lyric** Thomas Gibson Duncan, 2005 Aims to provide both background information on and assessments of the lyric This work includes features of formal and thematic importance they are rhyme scheme stanzaic form the carol genre love poetry in the manner of the troubadour poets and devotional poems focusing on the love and suffering and compassion of Christ and the Virgin Mary **An Introduction to Middle English Lyrics** William A. Quinn, 2025-10-07 Understanding a medieval poetry genre through modern translations commentary and the role of performance Middle English lyrics are anonymous short poems that were composed between the twelfth and sixteenth centuries They address a range of themes both secular and religious and usually emphasize the author's personal relationship to the subject matter In this introduction to the genre William Quinn offers an overview of the large body of work identifying common features and trends over time and discussing select examples in detail Quinn argues that Middle English lyrics are best understood when read as emotional performances and guides readers through the poems expressions of joy sorrow anger fear compassion spiritual devotion romantic attraction erotic frustration and gender targeted contempt For the poems he considers in detail Quinn provides line for line modern renditions of the Middle English texts The book also includes commentaries keyed to the original texts intended to prompt interpretations and enrich understandings of the lyrics Quinn concludes by tracing the later development of versification from medieval to Renaissance lyrics looking at work by Chaucer Hoccleve Petrarch Wyatt Surrey and Shakespeare An Introduction to Middle English Lyrics encourages readers to appreciate this literary genre on its own terms and to reconsider modern ideas of what makes a good poem With a deeper knowledge of how lyrics functioned in their historical settings this book fosters a reassessment of their significance to the broader history of English poetry A volume in the series New Perspectives on Medieval Literature Authors and Traditions edited by R Barton Palmer and Tison Pugh **What Kind of a Thing Is a Middle English Lyric?** Cristina Maria Cervone, Nicholas Watson, 2022-08-30 What Kind of a Thing Is a Middle English Lyric considers issues pertaining to a corpus of several hundred short poems written in Middle English between the twelfth and early fifteenth centuries The chapters draw on perspectives from varied disciplines including literary criticism musicology art history and cognitive science Since the early 1900s the poems have been categorized as lyrics the term now used for most kinds of short poetry yet neither the difficulties nor the promise of this treatment have received enough attention In one way the book argues considering these poems to be lyrics obscures much of what is interesting about them Since the nineteenth century lyrics have been thought of as subjective and best read without reference to cultural context yet nonetheless they are taken to form a distinct literary tradition Since Middle English short poems are often communal and usually spoken sung and or danced this lyric template is

not a good fit In another way however the very differences between these poems and the later ones on which current debates about the lyric still focus suggest they have much to offer those debates and vice versa As its title suggests this book thus goes back to the basics asking fundamental questions about what these poems are how they function formally and culturally how they are and are not related to other bodies of short poetry and how they might illuminate and be illuminated by contemporary lyric scholarship Eleven chapters by medievalists and two responses by modernists all in careful conversation with one another reflect on these questions and suggest very different answers The editors introduction synthesizes these answers by suggesting that these poems can most usefully be read as a kind of play in several senses of that word The book ends with eight new Middle English lyrics by seven contemporary poets One Hundred Middle English Lyrics Robert David Stevick,1994 Stevick s classic work remains the only text of its kind aimed at fostering the linguistic competence necessary to understand its poems in Middle English The wide range of lyric poems in the book are normalized to a Chaucerian dialect The introduction has been revised to take into account the scholarship and criticism published since the first edition appeared in 1964 It gives the background for the poetry explains how and why the texts are normalized and reviews significant critical scholarly studies of the works Included is a section on morphology and grammar that introduces students to the language of the lyrics and a section on the evolving meter of Middle English A fine piece of work Learned wide ranging and judicious John B Friedman author of *The Monstrous Races in Medieval Art and Thought* An impressive collection Stevick s decision to normalize the texts makes it highly accessible Ralph Hanna III University of California Riverside The Voices of Medieval English Lyric Anne L. Klinck,2019-11-28 What was the medieval English lyric Moving beyond the received understanding of the genre *The Voices of Medieval English Lyric* explores through analysis discussion and demonstration what the term lyric most meaningfully implies in a Middle English context A critical edition of 131 poems that illustrate the range and rich variety of lyric poetry from the mid twelfth century to the early sixteenth century *The Voices of Medieval English Lyric* presents its texts freshly edited from the manuscripts in thirteen sections emphasizing contrasting and complementary voices and genres As well as a selection of religious poetry the collection includes a high proportion of secular lyrics many on love and sexuality both earnest and humorous In general major authors who have been covered thoroughly elsewhere are excluded from the edited texts but some especially Chaucer are quoted or mentioned as illuminating comparisons Charles d Orl ans and the Scots poets Robert Henryson and William Dunbar add an extra national dimension to a single language collection Textual and thematic notes are provided as well as versions of the poems in Latin or French when these exist Adopting new perspectives *The Voices of Medieval English Lyric* offers an up to date accessible and distinctive take on Middle English poetry **A Companion to Medieval Poetry** Corinne Saunders,2010-02-12 A *Companion to Medieval Poetry* presents a series of original essays from leading literary scholars that explore English poetry from the Anglo Saxon period up to the 15th century Organised into three parts to echo the chronological and stylistic divisions

between the Anglo Saxon Middle English and Post Chaucerian periods each section is introduced with contextual essays providing a valuable introduction to the society and culture of the time Combines a general discussion of genres of medieval poetry with specific consideration of texts and authors including Beowulf Sir Gawain and the Green Knight Chaucer Gower and Langland Features original essays by eminent scholars including Andy Orchard Carl Schmidt Douglas Gray and Barry Windeatt who present a range of theoretical historical and cultural approaches to reading medieval poetry as well as offering close analysis of individual texts and traditions *Cultivating the Heart* Ayoush Lazikani, 2015-06-15 Detailed close analysis of early Middle English homiletic hagiographic guidance and lyrical meditative texts provides readers with an insight into the affective literary strategies of a body of neglected material Contextualization of English material in Latin and Anglo Norman provides readers with a deeper knowledge of the multilingual culture of medieval England in the post Conquest centuries Substantial commentary on church wall paintings provides readers with a nuanced understanding of the ways in which the affective strategies of visual resources can be mapped onto texts **Medieval Lyric** John C. Hirsh, 2008-04-15 Medieval Lyric is a colourful collection of lyrical poems carols and traditional British ballads written between the thirteenth and fifteenth centuries together with some twentieth century American versions of them A lively and engaging collection of lyrical poems carols and traditional British ballads written in between the thirteenth and fifteenth centuries together with some twentieth century American versions of them Introduces readers to the rich variety of Middle English poetry Presents poems of mourning and of celebration poems dedicated to the Blessed Virgin and to Christ poems inviting or disparaging love poems about sex and more Reader friendly uses modernized letter forms punctuation and capitalization and side glosses explaining difficult words Opens with a substantial introduction by the editor to the medieval lyric as a genre and features short introductions to each section and poem Also includes an annotated bibliography glossary index of first lines and list of manuscripts cited **Middle English Poetry in Modern Verse** Joseph Glaser, 2007-02-28 This rich and lively anthology offers a broad selection of Middle English poetry from about 1200 to 1500 C E including more than 150 secular and religious lyrics and nine complete or extracted longer works all translated into Modern English verse that closely resembles the original forms Five complete satires and narratives illustrate important conventions of the period Athelston a historical romance The Cock and the Fox a beast fable by Robert Henryson Sir Orfeo a Breton lai Saint Erkenwald an alliterative saint's life and The Land of Cockayne a fantasy The book concludes with substantial excerpts from longer narratives such as Piers Plowman and Confessio Amantis The poems are accompanied by introductions notes marginal glosses source notes and appendixes including a bibliography and a list to help readers locate the lyrics in current original language editions *The Facts on File Companion to British Poetry Before 1600* Michelle M. Sauer, 2008 Some of the most important authors in British poetry left their mark on literature before 1600 including Geoffrey Chaucer Edmund Spenser and of course William Shakespeare The Facts On File Companion to British Poetry before 1600 is an encyclopedic guide to British poetry from the

beginnings to the year 1600 featuring approximately 600 entries ranging in length from 300 to 2 500 words **Reading in the Wilderness** Jessica Brantley, 2008-09-15 Just as twenty first century technologies like blogs and wikis have transformed the once private act of reading into a public enterprise devotional reading experiences in the Middle Ages were dependent upon an oscillation between the solitary and the communal In Reading in the Wilderness Jessica Brantley uses tools from both literary criticism and art history to illuminate Additional MS 37049 an illustrated Carthusian miscellany housed in the British Library This revealing artifact Brantley argues closes the gap between group spectatorship and private study in late medieval England Drawing on the work of W J T Mitchell Michael Camille and others working at the image text crossroads Reading in the Wilderness addresses the manuscript's texts and illustrations to examine connections between reading and performance within the solitary monk's cell and also outside Brantley reimagines the medieval codex as a site where the meanings of images and words are performed both publicly and privately in the act of reading **Death and Purgatory in Middle English Didactic Poetry** Takami Matsuda, 1997 The concept of Purgatory in Middle English didactic writings is explored through examination of visions of the afterlife sermons homiletic treatises and lyrics The Oxford History of Poetry in English Julia Boffey, Anthony Stockwell Garfield Edwards, 2023 This volume explores a range of English verse from 1400 to 1500 It studies specific genres and modes of fifteenth century verse the contexts for its creation the material forms of its transmission and some of its individual practitioners Medieval Texts in Context Graham D. Caie, Denis Renevey, 2008-04-01 This collection of essays by leading experts in manuscript studies sheds new light on ways to approach medieval texts in their manuscript context Each contribution provides groundbreaking insight into the field of medieval textual culture demonstrating the various interconnections between medieval material and literary traditions The contributors work aids reconstruction of the period's writing practices as contextual factors surrounding the texts provide clues to the manuscript experience Topics such as scribal practice and textual providence glosses rubrics page lay out and even page ruling are addressed in a manner illustrative and suggestive of textual practice of the time while the volume further considers the interface between the manuscript and early textual communities Looking at medieval inventories of books no longer extant and addressing questions such as ownership reading practices and textual production Medieval Texts in Context addresses the fundamental interpretative issue of how scribe editors worked with an eye to their intended audience An understanding of the world inhabited by the scribal community is made use of to illuminate the rationale behind the manufacture of devotional texts The combination of approaches to the medieval vernacular manuscript presented in this volume is unique marking a major innovative contribution to manuscript studies **Middle English Saints' Legends** John Scahill, Margaret Rogerson, 2005 Annotated bibliography covering two centuries of scholarly criticism on the extensive corpus of medieval saints legends with the assistance of Margaret Rogerson Saints legends are being increasingly recognised as one of the most important genres of the middle ages and attract much critical attention This volume surveys the scholarly

literature of the nineteenth and twentieth centuries on the extensive Middle English corpus. It also provides a conspectus of the genre's history in the Middle English period and its place in the development of the modern discipline of Middle English while both the introduction and the annotations give attention to the problematic boundaries between genres and to the issues involved in separating out texts from their manuscript contexts. General studies of the corpus as a whole are covered as well as discussions and editions of individual legends of the various extended cycles of legends and of sermon collections that include hagiographic legends and exempla. The volume has been structured so as to provide an overview of the research on major works for example the South English Legendary and St Erkenwald and authors such as Osborn Bokenham John Capgrave William Caxton and John Mirk. It includes an Index of Scholars and Critics keyed to the Bibliography an Index of Middle English Texts that covers all works of whatever genre mentioned in the annotations and an Index of Manuscripts that gathers the references to the over 170 manuscripts cited.

A Companion to Medieval English Literature and Culture, c.1350 - c.1500 Peter Brown, 2009-10-26. A Companion to Medieval English Literature and Culture c. 1350 c. 1500 challenges readers to think beyond a narrowly defined canon and conventional disciplinary boundaries. A ground breaking collection of newly commissioned essays on medieval literature and culture. Encourages students to think beyond a narrowly defined canon and conventional disciplinary boundaries. Reflects the erosion of the traditional rigid boundary between medieval and early modern literature. Stresses the importance of constructing contexts for reading literature. Explores the extent to which medieval literature is in dialogue with other cultural products including the literature of other countries, manuscripts and religion. Includes close readings of frequently studied texts including texts by Chaucer Langland the Gawain poet and Hoccleve. Confronts some of the controversies that exercise students of medieval literature such as those connected with literary theory, love and chivalry and war.

Readings in Medieval Texts David Frame Johnson, Elaine M. Treharne, 2005. Readings in Medieval Texts offers a thorough and accessible introduction to the interpretation and criticism of a broad range of Old and Middle English canonical texts from the ninth to the fifteenth centuries. The volume brings together 24 newly commissioned chapters by a leading international team of medieval scholars. An introductory chapter highlights the overarching trends in the composition of English Literature in the Medieval periods and provides an overview of the textual continuities and innovations. Individual chapters give detailed information about context, authorship, date and critical views on texts before providing fascinating and thought provoking examinations of crucial excerpts and themes. This book will be invaluable for undergraduate and graduate students on all courses in Medieval Studies particularly those focusing on understanding literature and its role in society.
