Midnight Tour Richard Laymon, 1999 **Jihad in Brooklyn** Samuel M. Katz, 2005-01-04 The true story of a potentially devastating terrorist plot in New York City and the heroes who risked their lives to prevent it On the morning of July 31 1997 two young Palestinian men living in Brooklyn New York were prepared to sacrifice themselves as martyrs to their bloody cause Their plan to board a subway filled with commuters wait until the train was traveling through the tunnel under the East River and then detonate a shrapnel covered explosive belt they had built in their tenement apartment The attack would

have killed hundreds possibly even thousands while sending the city and the country into a state of panic This is the inspiring startling and frightening true story of how the NYPD learned of the impending attack and made a daring predawn raid on the terrorist hideout The gripping series of events began with an Egyptian immigrant who learning of the plan alerted the police Coordinating an assault with limited resources and manpower seven brave members of the NYPD moved in reaching the terrorists when they literally had their fingers on the trigger saving countless lives preventing a disaster that would have paralyzed New York City and alerting the nation that in today s world violence and terror could begin at home

Two Cultures of Policing John Leo,2017-09-08 The emergence and functioning of two competing and sometimes
conflicting cultures within police departments demonstrates how competition between street cops and bosses is at the heart
of the organizational dilemma of modern urban policing Unlike other works in this field that focus on the monolithic culture
or familial quality of policing this study demonstrates that which might look cohesive from the point of view of outsiders has
its own internal dynamics and conflicts The book shows that police departments are not immune to the conflict inherent in
any large scale bureaucracy when externally imposed management schemes for increasing efficiency and effectiveness are
imposed on an existing social organization Based upon two years of extensive field work in which the author covered every
major aspect of policing at the precinct level in the New York City police department from manning the complaint desk to
riding in squad cars Ianni shows how the organized structure of the police department is disintegrating The new
Management Cop Culture is bureaucratically juxtaposed to the precinct level Street Cop Culture and bosses loyalties to the
social and political networks of management cops rather than to the men on the street causes a sharp division with grave
consequences for the departments The study concentrates on a series of dramatic events such as the suicide of a police
officer charged with corruption a major riot and the trial of an officer accused of killing a prisoner while in police custody
Ianni traces how these events affected relationships among fellow officers and between officers and bosses **New York
