The Phosphateers:

Consuming Ocean Island Katerina Martina Teaiwa, 2014-12-27 *Consuming Ocean Island* tells the story of the land and people of Banaba a small Pacific island which from 1900 to 1980 was heavily mined for phosphate an essential ingredient in fertilizer As mining stripped away the island's surface the land was rendered uninhabitable and the indigenous Banabans were relocated to Rabi Island in Fiji Katerina Martina Teaiwa tells the story of this human and ecological calamity by weaving together memories records and images from displaced islanders colonial administrators and employees of the mining company Her compelling narrative reminds us of what is at stake whenever the interests of industrial agriculture and indigenous minorities come into conflict The Banaban experience offers insight into the plight of other island peoples facing forced migration as a result of human impact on the environment

Seeds of Empire Tom Brooking, Eric Pawson, 2010-10-05 The traditional image of New Zealand is one of verdant landscapes with sheep grazing on lush green pastures Yet this landscape is almost entirely an artificial creation As Britain became increasingly reliant on its overseas territories for supplies of food and raw material so all over the Empire indigenous plants were replaced with English grasses to provide the worked up products of pasture meat butter cheese wool and hides In New Zealand this process was carried to an extreme with forest cleared and swamps drained How why and with what consequences did the transformation of New Zealand into these empires of grass occur *Seeds of Empire* provides both an exciting appraisal of New Zealand's environmental history and a long overdue exploration of the significance of grass in the processes of sowing empire

The Ivory Tower and Beyond Susan Cochrane, Doug Munro, Max Quanchi, 2009-03-26 There is a tradition of participant history among historians of the Pacific Islands unafraid to show their hands on issues of public importance and risking controversy to make their voices heard This book explores the theme of the participant historian by delving into the lives of J C Beaglehole J W Davidson Richard Gilson Harry Maude and Brij V Lal They lived at the interface of scholarship and practical engagement in such capacities as constitutional advisers defenders of civil liberties or upholders of the principles of academic freedom As well as writing history they made history and their excursions beyond the ivory tower informed their scholarship Doug Munro's sympathetic engagement with these five historians is likewise informed by his own long term involvement with the sub discipline of Pacific History

Architectural Encounters in Asia Pacific Amanda Achmadi, Paul Walker, Soon-Tzu Speechley, 2024-09-19 *Architectural Encounters in Asia Pacific* explores the architecture of colonial trade and industry revealing a complex network of transnational connections across the built heritage of the world's most dispersed and culturally diverse region A wide ranging collection of case studies uncover these forgotten connections drawing together stories of migratory architects imperial commodities and indentured labour From Iran to Tasmania Japan to Java and Imperial China to the Pacific Islands the chapters reveal how remnants of colonial trade and industry shed light on the many multi faceted mobilities of the imperial age and their enduring legacy in the postcolonial

built environments of Australasia the Pacific Southeast Asia and beyond The chapters also reveal deep strands of cultural influences and material imprints long neglected by national histories of architecture and showcase new methodologies to analyse the interconnectivities and bordering practices which are shaping our experiences of the 21st century With almost every chapter arising from new archival sources this richly interdisciplinary volume brings together the work of architectural historians geographers and heritage practitioners to provide a new understanding of the rich and contested history of this region

Guano and the Opening of the Pacific World Gregory T. Cushman, 2013-03-25 This book traces the history of bird guano demonstrating how this unique commodity helped unite the Pacific Basin with the industrialized world

Chinese Colonial Entanglements Julia T. Martínez, Claire Lowrie, Gregor Benton, 2024-07-31 Chinese Colonial Entanglements takes a new geographical approach to understanding the Chinese diaspora shining a light on Chinese engagement in labor trade and industry in the British colonies of the southern Asia Pacific Starting from the 1880s a decade when British colonization was rapidly expanding and establishing new industries and townships this volume covers the period up to 1950 including the 1930s when economic competition saw new racialized immigration restrictions and the 1940s when Chinese traders found new opportunities The editors Julia T Martínez Claire Lowrie and Gregor Benton bring together nine historians of Chinese diaspora in an effort to break down the boundaries of traditional area studies Collectively the chapters offer fresh comparative and transnational perspectives on economic entanglements across a region bounded by the Malay archipelago Australia New Zealand and the islands of the western Pacific Histories of white settler colonies such as Australia have tended to view Chinese diasporic experiences through the lens of exclusionary politics and closed borders This book challenges such interpretations bringing to the fore Chinese economic endeavors that connected Australia with Southeast Asia and the Pacific The volume begins with an introduction that makes the case for a regional approach to Chinese diaspora history This is followed by chapters on colonial commodity production where Chinese traders and workers were central to the development of colonial banana phosphate and furniture industries These industries reflect the diversity of Chinese roles from small business owners to indentured workers for British colonial enterprise The book then explores the economic activities of Chinese business elite from revenue farming to intercolonial trading and rural retail It points to colonial restrictions on business development and explains how Chinese enterprises sought to overcome restrictions through relationships with colonial leaders and by mobilizing Chinese family and transnational business networks in case studies from British North Borneo Australia and Samoa Relying on diverse sources including archival correspondence Chinese language newspapers personal letters and oral histories the authors reveal the importance of social familial and political connections in shaping the relationships between the colonial authorities and Chinese workers and traders

Pacific Ways Stephen Levine, 2016-06-01 Examining the politics of each Pacific Island state and territory this well researched volume discusses historical background and colonial experience constitutional framework political institutions political parties elections and

electoral systems and problems and prospects Pacific Island countries and territories included are the original seven member states New Zealand Australia Fiji Samoa Tonga Nauru and the Cook Islands along with all the new member states and organizations A wide ranging political survey this comprehensive and completely up to date reference will appeal to Pacific peoples and anyone with an interest in politics **Historical Dictionary of the British Empire** Kenneth J.

Panton,2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth s land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain Legal Visions of the 21st Century Antony Anghie,Garry Sturges,1998-10-29 Wouter de Vos
