Biographiq,2008-05-01 Sir John Vanbrugh English Architect and Dramatist is the biography of Sir John Vanbrugh who was best known as an English architect and dramatist and for his work as the designer of Blenheim Palace He wrote two argumentative and outspoken Restoration comedies *The Relapse* 1696 and *The Provoked Wife* 1697 which have become enduring stage favorites but originally occasioned much controversy Vanbrugh was in many senses a radical throughout his life As a young man and a committed Whig he was part of the scheme to overthrow James II put William III on the throne and protect English parliamentary democracy dangerous undertakings which landed him in the dreaded Bastille of Paris as a political prisoner In his career as a playwright he offended many sections of Restoration and 18th century society not only by the sexual explicitness of his plays but also by their messages in defence of women s rights in marriage He was attacked on both counts and was one of the prime targets of Jeremy Collier s *Short View of the Immorality and Profaneness of the English Stage* In his architectural career he created what came to be known as English Baroque His architectural work was as bold and daring as his early political activism and marriage themed plays and jarred conservative opinions on the subject Sir John Vanbrugh English Architect and Dramatist is highly recommended for those interested in learning more about the controversial Sir John Vanbrugh [Sir John Vanbrugh](#) Frank McCormick,1991 McCormick s study is the first to show the

interrelation of Vanbrugh's seemingly disparate careers as architect and dramatist. Perhaps because his talent embraced two diverse disciplines, Sir John Vanbrugh has received less critical attention than his achievements deserve. Vanbrugh wrote or adapted ten comedies. *The Relapse* and *The Provoked Wife* proving the most successful and designed a host of country houses of which the best known are Blenheim Palace and Castle Howard. In fact, no one built grander or more controversial country homes than Vanbrugh. McCormick challenges the previous critical studies of Vanbrugh that have concentrated on either his architectural or his playwriting career to the exclusion of the other. He reveals the role of Vanbrugh's life in his works, especially his experience as a hostage in France, arguing that Blenheim Palace and *The Relapse* and many other of his buildings and plays are linked by their creator's preoccupation with the notion of the citadel in danger. He examines the sources of Vanbrugh's building style and demonstrates the essential continuity of his dramatic and architectural practice, a continuity stemming from his use of a distinctive body of combat and siege imagery in both his dramatic and architectural vocabularies.

Sir John Vanbrugh - Architect & Dramatist 1664-1726 Laurence Whistler, 2007-03

PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the reader's notes. The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written, and well said and written too, on the art of fishing; but loch fishing has been rather looked upon as a second rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing lawfully practised in any form; but many pent up in our large towns will bear us out when we say that on the whole, a day's loch fishing is the most convenient. One great matter is that the loch fisher is dependent on nothing but enough wind to curl the water, and on a large loch it is very seldom that a dead calm prevails all day, and can make his arrangements for a day weeks beforehand; whereas the stream fisher is dependent for a good take on the state of the water, and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a day's river fishing if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order, but experience has taught most of us that the good days are in the minority, and that as is the case with our rapid running streams, such as many of our northern streams, the water is either too large or too small, unless as previously remarked, you live near at hand and can catch it at its best. A common belief in regard to loch fishing is that the tyro and the

experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing

BOOK JACKET

Masks and Facades Madeleine Bingham,2023-07-14 First published in 1974 Masks and Facades paints an authentic picture of John Vanbrugh as a man of character talent wit and charm moving in an age where patronage held the key to worldly advancement Yet against a backcloth of theatre of the great palaces of the aristocracy and the sycophancy which Court rank and riches demanded he always remained his own man Whether imprisoned in the Bastille as the guest of Louis XIV or in his long contest with the insufferable Sarah Duchess of Marlborough over the building of Blenheim he invariably retained his balance and good humour and as he said of one of his own buildings presented a manly appearance This book will be of interest to students of history and literature
