The Six Great Humanistic Essays of John Stuart Mill John Stuart Mill, 1969 *THE SIX GREAT HUMANISTIC ESSAYS OF JOHN STUART MILL. WITH AN INTRODUCTION BY ALBERT WILLIAM LEVI.* John Stuart Mill, 1969 *John Stuart Mill : Six great humanistic essays* A.W. Levi (intro), 1963

Persuasion after Rhetoric in the Eighteenth Century and Romanticism Yasmin Solomonescu, Stefan H. Uhlig, 2024-07-18 While the question of how rhetoric lost authority to modern philosophical and scientific inquiry has drawn much scrutiny we have paid less attention to how values that were once bound up with rhetoric were rearticulated after its demise This volume explores how persuasion ceased to be the seemingly self evident objective of rhetoric and became instead a variable and substantive focus for discussion in its own right After rhetoric ceded much of its centrality to logic and empirical procedures the significance and implications of persuasion were the subject of renewed attention in a range of different fields including philosophy law poetry novels botany cultural criticism historiography political thought and public lecturing *Persuasion after Rhetoric in the Eighteenth Century and Romanticism* maps how values of persuasion were adapted and diversified in ways that still resonate with current arguments about conviction understanding and belief Contributors address the figurations of persuasion in a range of theorists and writers from Jean Jacques Rousseau Adam Smith Immanuel Kant Edmund Burke and Mary Wollstonecraft to Samuel Richardson Jane Austen Thomas De Quincey Thomas Campbell William Hazlitt Heinrich Heine William Lloyd Garrison and Frances Ellen Watkins Harper This collection offers a detailed account of persuasive interests at the threshold of modernity It also prompts us to rethink persuasion now that its continued efficacy seems at risk in a fragmented public sphere

Freedom in Practice Moises Lino e Silva, Huon Wardle, 2016-11-25 Freedom is one of the most fiercely contested words in contemporary global experience This book provides an up to date overview from an anthropological perspective of the diverse ways in which freedom is understood and practised in everyday life including the emergent relationships between governance autonomy and liberty The contributors offer a wealth of ethnographic insight from a variety of geographic cultural and political contexts Taken together the essays constitute a radical challenge to assumptions about what freedom means in today's world

Routledge Handbook of Well-Being Kathleen Galvin, 2018-05-15 The Routledge Handbook of Well Being explores diverse conceptualisations of well being providing an overview of key issues and drawing attention to current debates and critiques Taken as a whole this important work offers new clarification of the widely used notion of well being focusing particularly on experiential perspectives Bringing together leading authors from around the world Routledge Handbook of Well Being reflects on What it is that is experienced by humans that can be called well being What we know about how to understand it How well being is manifested in human endeavours through a wide range of disciplines including the arts This comprehensive reference work will provide an authoritative overview for students practitioners researchers and policy makers working in or concerned with well being health illness and the relation between all three across a range of

disciplines from sociology healthcare and economics to philosophy and the creative arts The System of Liberty George H. Smith, 2013-04-22 Liberal individualism or classical liberalism as it is often called refers to a political philosophy in which liberty plays the central role This book demonstrates a conceptual unity within the manifestations of classical liberalism by tracing the history of several interrelated and reinforcing themes Concepts such as order justice rights and freedom have imparted unity to this diverse political ideology by integrating context and meaning However they have also sparked conflict as classical liberals split on a number of issues such as legitimate exceptions to the presumption of liberty the meaning of the public good natural rights versus utilitarianism the role of the state in education and the rights of resistance and revolution This book explores these conflicts and their implications for contemporary liberal and libertarian thought *Carnal Rhetoric* Lana Cable, 1995-02-28 In recent years New Historicists have situated the iconoclasm of Milton's poetry and prose within the context of political cultural and philosophical discourses that foreshadow early modernism In *Carnal Rhetoric* Lana Cable carries these investigations further by exploring the iconoclastic impulse in Milton's works through detailed analyses of his use of metaphor Building on a provocative iconoclastic theory of metaphor she breaks new ground in the area of affective stylistics not only as it pertains to the writings of Milton but also to all expressive language Cable traces the development of Milton's iconoclastic poetics from its roots in the antiprelatical tracts through the divorce tracts and *Areopagitica* to its fullest dramatic representation in *Eikonoklastes* and *Samson Agonistes* Arguing that like every creative act metaphor is by nature a radical and self-transgressing agent of change she explores the site where metaphoric language and imaginative desire merge Examining the demands Milton places on metaphor particularly his emphasis on language as a vehicle for mortal redemption Cable demonstrates the ways in which metaphor acts for him as that creative and radical agent of change In the process she reveals Milton's engagement at the deepest levels of linguistic creativity with the early modern commitment to an imaginative and historic remaking of the world An insightful and synthetic book *Carnal Rhetoric* will appeal to scholars of English literature Milton and the Renaissance as well as to those with an interest in the theory of affective stylistics as it pertains to reader response criticism semantics epistemology and the philosophy and psychology of language *Social Studies for Secondary Schools* Alan J. Singer, 2003-04-02 *Social Studies for Secondary Schools Teaching to Learn Learning to Teach* Second Edition integrates discussions of educational goals and the nature of history and social studies with practical ideas for organizing social studies curricula units lessons projects and activities A major theme woven throughout the text is that what we choose to teach and the way we teach reflect our broader understanding of society history and the purposes of social studies education Each chapter opens with a broad question about social studies education provides many examples of lessons including lesson ideas developed by new and experienced middle school and high school social studies teachers features a rich variety of teaching learning and classroom activities designed to provoke discussion and illustrate different approaches to teaching social studies and concludes with essays about related social studies topics

Part I focuses on philosophical issues social studies goals and standards and the design of social studies curricula Part II examines and offers examples of strategies for planning units and lessons Part III explores topics such as thematic and interdisciplinary teaching a project approach to social studies as well as assesses student learning and one's own performance as a teacher and provides a guide to social studies resource materials and organizations New in the Second Edition Every chapter has been updated and includes a number of new lesson ideas The lesson ideas are designed especially to help beginning teachers address learning standards work in inclusive settings and promote literacy and the use of technology in social studies classrooms Sample activities developed with members of the Hofstra New Teachers Network reflect the current focus on document based instruction and assessment and can serve as tools for assessing student learning Increased attention is given to project based social studies instruction and to multicultural education Intended as a text for undergraduate and graduate preservice social studies methods courses this text is also useful for in service training programs as a reference for new social studies teachers and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice

Justice and Health Care E.E. Shelp, 2012-12-06 Bioethics is a discipline still not fully explored in spite of its rather remarkable expansion and sophistication during the past two decades The proliferation of courses in bioethics at educational institutions of every description gives testimony to an intense academic interest in its concerns The media have catapulted the dilemmas of bioethics out of the laboratory and library into public view and discussion with a steady report of the so called miracles of modern medicine and the moral perplexities which frequently accompany them The published work of philosophers theologians lawyers and others represents a substantial and growing body of literature which explores relevant concepts and issues Commitments have been made by existing institutions and new institutions have been chartered to further the discussion of the strategic moral concerns that attend recent scientific and medical progress This volume focuses attention on one of the numerous topics of interest within bioethics Specifically an examination is made of the implications of the principle of justice for health care Apart from four essays in *Ethics and Health Policy* edited by Robert Veatch and Roy Branson the discussion of justice and health care has been occasional almost nonexistent and scattered The paucity of literature in this area is regrettable but perhaps understandable On the one hand Joseph Fletcher one of the contemporary pioneers in bioethics can hold that distributive justice is the core or key question for biomedical ethics 1 p 102

New International Frontiers in Child Sexual Abuse Ben Mathews, 2018-10-03 This book offers a timely and detailed exploration and analysis of key contemporary issues and challenges in child sexual abuse which holds great relevance for scholarly legal policy professional and clinical audiences worldwide The book draws together the best current evidence about the nature aetiology contexts and sequelae of child sexual abuse It explores the optimal definition of child sexual abuse considers sexual abuse in history and explores new theoretical understandings of children's rights and other key theories including public health and the Capabilities Approach and their relevance to child sexual abuse prevention

and responses It examines a selection of the most pressing legal theoretical policy and practical challenges in child sexual abuse in the modern world in developed and developing economies including institutional child sexual abuse female genital cutting child marriage the use of technology for sexual abuse and the ethical responsibility and legal liability of major state and religious organisations and individuals It examines recent landmark legal and policy developments in all of these areas drawing in particular on extensive developments from Australia in the wake of its Royal Commission Into Institutional Responses to Child Sexual Abuse It also considers the best evidence about promising strategies and future promising directions in enhancing effective prevention intervention and responses to child sexual abuse Shaping Character Arthur Frank Holmes,1991 This is a print on demand book and is therefore non returnable The teaching of ethics and the transmission of values once performed an integrative function in the Christian college curriculum however they have gradually become relegated to a subspecialty status within the philosophy or religion department Arguing that ethics is everybody s business Arthur Holmes presents in this book a concise survey of moral education its goals and methods in the Christian college Arising out of a three year Christian College Consortium project Shaping Character reflects the insights of a rich variety of experts writers and faculty members Holmes first orients his readers to the present ethical climate to theological dimensions and distinctive in ethics and to moral development theory He then poses three overall objectives of ethics education forming the conscience making moral decisions and developing character and fleshes out each objective with particular goals Throughout the book Holmes makes suggestions about the role of faculty and staff paying special attention to teaching methods and noting the context and dynamics of college life in general The final chapter summarizes how the Bible functions in ethics Shaping Character is meant for all Christian college teachers professors and administrators concerned about student values and the moral condition of our society The book will serve as a valuable and practical guide for teaching ethics in every department **Young Charles Lamb 1775-1802** Winifred F. Courtney,1984-06-18 The Modern Idea of the University Jo Ann Gerdeman Thompson,1984 Originally presented as the author s thesis University of Kentucky 1983 **Medieval America** Andrew M. Koch,Paul Henry Gates,2012-01-01 Medieval America Cultural Influences of Christianity in the Law and Public Policy offers a critique of the way in which Christian religious doctrine has influenced the domain of law and public policy in the United States This is carried out through an examination of the religious components in current practices in education the treatment of political symbols crime and punishment the human body and democratic politics **Jeremy Bentham** Bhikhu C. Parekh,1993 Axiological Approach to the Vedas Sahebrao Genu Nigal,1986 A creative and systematic Axiology of Vedic ideas and ideals It is an independent Axiological study which gives an integral system of values in the Vedas The attempt made by the Author is novel and adventurous and its findings are profound The author has made use of the well known concept of four Purusarthas Dharma Artha Kama and Moksa This method has enabled the author to grasp the value core of the Vedas with freshness of vision and he has brought out the main

value affirmations in the Vedas The present volume is a study of the most ancient book of mankind but in advanced form It is an exploration that leads to the development of the Vedic Axiology Reviews invaluable for students of Vedas and to Indologists The thought provoking comments on the topics are presented in rather unusual manner Dr Varadachari Review Projector India Vol 7 Nos 7 9 Nonetheless this book will be of an immense help both to the student and the researcher and is therefore a must for libraries Dr S R Sehgal Organiser January 1 1989 Literary Criticism Gary Day,2008-07-04 A THE Book of the Week Did you know that Aristotle thought the best tragedies were those which ended happily Or that the first mention of the motor car in literature may have been in 1791 in James Boswell s Life of Johnson Or that it was not unknown in the nineteenth century for book reviews to be 30 000 words long These are just a few of the fascinating facts to be found in this absorbing history of literary criticism From the Ancient Greek period to the present day we learn about critics lives the times in which they lived and how the same problems of interpretation and valuation persist through the ages In this lively and engaging book Gary Day questions whether the theory wars of recent years have lost sight of the actual literature and makes surprising connections between criticism and a range of subjects including the rise of money General readers will appreciate this informative intriguing and often provocative **The ^ADecline of the Secular University** C. John Sommerville,2006-06-29 The American university has embraced a thorough secularism that makes it increasingly marginal in a society that is characterized by high levels of religious belief The very secularization that was supposed to be a liberating influence has resulted in the university s failure to provide leadership in political cultural social and even scientific arenas In The Decline of the Secular University C John Sommerville explores several different ways in which the secular university fails in its mission through its trivialization of religion He notes how little attention is being given to defining the human so crucial in all aspects of professional education He alerts us to problems associated with the prevailing secular distinction between facts and values He reviews how the elimination of religion hampers the university from understanding our post Cold War world Sommerville then shows how a greater awareness of the intellectual resources of religion might stimulate more forthright attention to important matters like our loss of a sense of history how to problematize secularism the issue of judging religions the oddity of academic moralizing and the strangeness of science at the frontiers Finally he invites the reader to imagine a university where religion is not ruled out but rather welcomed as a legitimate voice among others Sommerville s bracing and provocative arguments are sure to provoke controversy and stimulate discussion both inside and outside the academy *J. Stuart Mill, W. Morris, the Late Victorian Stage, G. Gissing, J. Conrad, E.M. Forster ,1980*
