**Skeletons on the Zahara** Dean King, 2025-05-01 A National Bestseller the true story of shipwrecked American sailors in Africa who were captured by slavers and forced to trek through the Sahara This true life saga reads like a cross between Master and Commander and Lawrence of Arabia People The western Sahara is a baking hot and desolate place home only to nomads and their camels and to locusts snails and thorny scrub and its barren and ever changing coastline has baffled sailors for centuries In August 1815 the US brig Commerce was dashed against Cape Bojador and lost although through bravery and quick thinking the ship's captain James Riley managed to lead all of his crew to safety What followed was an extraordinary and desperate battle for survival in the face of human hostility starvation dehydration death and despair Captured robbed and enslaved the sailors were dragged and driven through the desert by their new owners who neither spoke their language nor cared for their plight Reduced to drinking urine flayed by the sun crippled by walking miles across burning stones and sand and losing over half of their body weights the sailors struggled to hold onto both their humanity and their sanity To reach safety they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity From the cold waters of the Atlantic to the searing Saharan sands from the heart of the desert to the heart of man *Skeletons on the Zahara* is a spectacular odyssey through the extremes and a gripping account of courage brotherhood and survival A little bit H Rider Haggard a little bit Jon Krakauer a little bit Nathaniel Philbrick and a whole lot of gruesome fun Salon *Summary of Dean King's Skeletons on the Zahara* Everest Media, 2022-07-02T22:59:00Z Please note This is a companion version not the original book

King, 2003-11-13 **From Captives to Consuls** Brett Goodin, 2020-10-13 How three white non elite American sailors turned their experiences of captivity into diverse career opportunities and influenced America's physical commercial ideological and diplomatic development Winner of the John Lyman Book Award by the North American Society for Oceanic History From 1784 to 1815 hundreds of American sailors were held as white slaves in the North African Barbary States In *From Captives to Consuls* Brett Goodin vividly traces the lives of three of these men Richard O'Brien James Cathcart and James Riley from the Atlantic coast during the American Revolution to North Africa from Philadelphia to the Louisiana Territories and finally to

the western frontier This first scholarly biography of American captives in Barbary sifts through their highly curated writings to reveal how ordinary individuals in extraordinary circumstances could maneuver through and contribute to nation building in early America all the while advancing their own interests The three subjects of this collective biography both reflected and helped refine evolving American concepts of liberty identity race masculinity and nationhood Time and again Goodin reveals O'Brien Cathcart and Riley uncovered opportunities in their adversity They variously found advantage first in the Revolution as privateers then in captivity by writing bestselling captivity narratives and successfully framing their ordeal as a qualification for coveted government employment They even used their modest fame as ex captives to become diplomats get elected to state legislatures and survey the nation's territorial expansions in the South and West Their successful self-interested pursuit of opportunities offered by the expanding American empire Goodin argues constitutes what he calls the invisible hand of American nation building Goodin shows how these ordinary men lacking the genius of a Benjamin Franklin or Alexander Hamilton depended on sheer luck and adaptability in their quest for financial independence and public recognition Drawing on archival collections newspapers private correspondence and government documents *From Captives to Consuls* sheds new light on the significance of ordinary individuals in guiding early American ideas of science international relations and what it meant to be a self-made man Unbound Dean King, 2010-03-03 In October 1934 the Chinese Communist Army found itself facing annihilation surrounded by hundreds of thousands of Nationalist soldiers Rather than surrender 86 000 Communists embarked on an epic flight to safety Only thirty were women Their trek would eventually cover 4 000 miles over 370 days Under enemy fire they crossed highland awamps climbed Tibetan peaks scrambled over chain bridges and trudged through the sands of the western deserts Fewer than 10 000 of them would survive but remarkably all of the women would live to tell the tale *Unbound* is an amazing story of love friendship and survival written by a new master of adventure narrative *Death in the Sahara* Michael Asher, 2008-05-17 Desert explorer Michael Asher investigates the most disastrous exploration mission in the history of the Sahara In 1880 the French government ordered a surveying expedition for a railway that would bring the fabulous wealth of Timbuktu in French Sudan to Paris This trek should have heralded a new era of French prosperity Instead it was a deadly fiasco Under armed in hostile territory and foolishly employing the enemy as guides the one hundred men of the expedition were ambushed and stranded without camels or supplies in the deserts of southern Algeria Many were killed outright and for four months the survivors were menaced by the Tuareg the lords of the desert robbed starved and tricked into eating poisoned fruit To escape the men hid in the wastelands of the Sahara with little hope of finding food or water They were finally forced to eat their own dead or worse the merely weak Only a dozen malnourished men lived to tell their tale The story of their 1 000 mile journey is one of the most astonishing narratives of survival ever recorded With a superb grip of narrative and uncanny ability to evoke battle scenes *The Guardian* Michael Asher has written an amazing true story that is as dramatic as it is frightening Skyhorse Publishing as

Sailing the Graveyard Sea Richard Snow, 2024-12-03 On December 16 1842 the US brig of war Somers dropped anchor in Brooklyn Harbor at the end of a cruise intended to teach a group of adolescents the rudiments of naval life But this seemingly harmless exercise ended in catastrophe Commander Alexander Slidell Mackenzie came ashore saying he had narrowly prevented a mutiny that would have left him and his officers dead Some of the thwarted mutineers were being held under guard but three had been hanged Boatswain's Mate Samuel Cromwell Seaman Elisha Small and Acting Midshipman Philip Spencer whose father was the secretary of war John Spencer Eighteen year old Philip Spencer according to Mackenzie had been the ringleader who encouraged the crew to seize the ship and become pirates raping and pillaging their way across the old Spanish Main And while the young man might have been a rebel fascinated by pirates it soon became clear the order that condemned the three men had no legal basis And worse that perhaps a mutiny had never really occurred and that the ship might instead have been seized by a creeping hysteria that ended in the sacrifice of three

innocents Months of accusations and counteraccusations were followed by a highly public court martial which put Mackenzie on trial for his life and a storm of anti Navy sentiment drew the attention of the leading writers of the day Washington Irving thought Mackenzie a hero James Fenimore Cooper damned him with a ferocity that still stings But some good did come out of it public disgust with Mackenzie s training cruise gave birth to Annapolis the place that within a century would produce the greatest navy the world had ever known Vividly told and filled with tense action based on court martial transcripts Snow s masterly account of this all but forgotten episode is naval history at its finest Going Places Robert Burgin,2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives Going Places A Reader s Guide to Travel Narratives meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alike and related reads by shared key topics The author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing
