Glossary and Introduction by L Wiener Yiddish or Judeo German is a group of dialects spoken by the Jews of German origin in Russia Austria and Roumania Originally not differing from the local dialects of the Middle Rhine it has incorporated in the diaspora a large number of Slavic and Hebrew words so as to become unintelligible to the average German reader To neutralize this difficulty to a certain extent Mr Rosenfeld s language which belongs to the Lithuanian variety of Judeo German has been presented in this book as far as practicable in the orthography of the literary German The apparent discrepancy in the rhymes thus produced will disappear if the following is observed The consonants have all their German values and is like French j The vowels are nearly all short so that u ie i are equal to German i similarly a o eh ee are like G short e The G long e is represented by oe and in Slavic and Hebrew words also by ee Ei and eu are pronounced like G ei in mein while i is equal to G ee and o are G short o au sounds more like G ou and au and o resemble G oi The Slavic and Hebrew words are spelled phonetically and the latter differ consequently from the transliterated forms in scientific works About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
