Spiritual Classics Early Church:

Spiritual Classics from the Early Church, 1995 This is an exploration of the rich spirituality of the Church Fathers found in the writings of Cyprian the Desert Fathers and Mothers Basil the Great Gregory of Nyssa John Chrysostom Augustine Benedict and Gregory the Great *Early Christian Fathers* Cyril C. Richardson, 1953-01-01 This selection of writings from early church leaders includes work by Clement of Rome Ignatius Polycarp Irenaeus Athenagoras and Justin Martyr Long recognized for the quality of its translations introductions explanatory notes and indexes the Library of Christian Classics provides scholars and students with modern English translations of some of the most significant Christian theological texts in history Through these works each written prior to the end of the sixteenth century contemporary readers are able to engage the ideas that have shaped Christian theology and the church through the centuries **Prayers of the Early Church** J. Potts, 2016-05-27 The prayers have been selected primarily for their spiritual and devotional content Many have been laid aside with regret that they could not be included in this book but its compass in size is set and only so many can be used The prayers are arranged chronologically Some other method of arrangement might have been chosen but this seemed good in order to represent each century There are questions about the date and authorship of the prayers They are the same questions that arise in reference to the Books of the Bible This book of prayers is published with the hope and prayer that it may have wide use It has been prepared for individual and family devotions It can be used with prayer groups in prayer meetings for cells and of course for the development of one's own personal spiritual life The material is perfect for use in the devotional services of young people's groups women's groups and men's clubs The prayers are excellent for insertion in church bulletins Other ways will be found of making these great prayers usable The prayers have been collected from many old books of prayers and devotional materials The editor is deeply indebted to all those who have ploughed the field before They have labored and we have entered into their labors It has been a joy to search out the material to arrange the prayers to put them in order and to index them under so many subjects *Early Christian Writings* Various, 1987-09-01 The writings in this volume cast a glimmer of light upon the emerging traditions and organization of the infant church during an otherwise little known period of its development A selection of letters and small scale theological treatises from a group known as the Apostolic Fathers several of whom were probably disciples of the Apostles they provide a first hand account of the early Church and outline a form of early Christianity still drawing on the theology and traditions of its parent religion Judaism Included here are the first Epistle of Bishop Clement of Rome an impassioned plea for harmony The Epistle of Polycarp The Epistle of Barnabas The Didache and the Seven Epistles written by Ignatius of Antioch among them his moving appeal to the Romans that they grant him a martyr's death For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts

enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

Five Models of Spiritual Direction in the Early Church George E. Demacopoulos, 2007-11-15 In late antiquity the rising number of ascetics who joined the priesthood faced a pastoral dilemma Should they follow a traditional demonstrably administrative approach to pastoral care emphasizing doctrinal instruction the care of the poor and the celebration of the sacraments Or should they bring to the parish the ascetic models of spiritual direction characterized by a more personal spiritual father spiritual disciple relationship Five Models of Spiritual Direction in the Early Church explores the struggles of five clerics Athanasius Gregory Nazianzen Augustine of Hippo John Cassian and Pope Gregory I to reconcile their ascetic idealism with the reality of pastoral responsibility Through a close reading of Greek and Latin texts George E Demacopoulos explores each pastor's criteria for ordination his supervision of subordinate clergy and his methods of spiritual direction He argues that the evolution in spiritual direction that occurred during this period reflected and informed broader developments in religious practices Demacopoulos describes the way in which these authors shaped the medieval pastoral traditions of the East and the West Each of the five struggled to balance the tension between his ascetic idealism and the realities of the lay church Each offered distinct and at times very different solutions to that tension The diversity among their models of spiritual direction demonstrates both the complexity of the problem and the variable nature of early Christianity Scholars and students of late antiquity the history of Christianity and historical theology will find a great deal of interest in Five Models of Spiritual Direction in the Early Church The book will also appeal to those who are actively engaged in Christian ministry
