The Priesthood of the Plebs Peter J. Leithart, 2003-10-16 In this seminal treatise Peter J Leithart argues that the coming of the New Creation in Jesus Christ has profound and revolutionary implications for social order implications symbolized and effected in the ritual of baptism In Christ and Christian baptism the ancient distinctions between priest and non priest between patrician and plebian are dissolved giving rise to a new humanity in which there is no Jew nor Greek slave nor free male nor female Yet beginning in the medieval period the church has blunted the revolutionary force of baptism and reintroduced antique distinctions whose destruction was announced by the gospel Leithart calls the church to renew her commitment to the gospel that offers priesthood to the plebs

Scripture and the Mystery of the Mass Scott Hahn, Regis J. Flaherty, 2004 From Genesis to Revelation Catholic for a Reason III Scripture and the Mystery of the Mass explores the biblical roots of the Mass and the practical ways in which the mystery of the Eucharist affects our everyday lives

Aquinas's Summa Theologiae and Eucharistic Sacrifice in the Early Modern Period Reginald M. Lynch, Reginald M Lynch O P, 2024-03-24 A study of the reception history of Thomas Aquinas's account of eucharistic sacrifice during the sixteenth and early seventeenth

centuries **The Sacrament of the Word Made Flesh** Robert J. Stamps, 2013-08-01 Robert Stamps offers us a compelling case for the significance of the theology of Thomas Torrance to current discussions about Trinitarian doctrine and worship. He shows that Torrance's Christology and Eucharistic thought validates the Reformed confession of a profound real spiritual presence in the Eucharist. This book serves as a helpful introduction to Torrance especially his framing of revelation. Moreover, it invigorates our understanding of the theological meaning of sacramental devotion. Its readers will be stimulated, provoked, and dare I say inspired by its insights into and critiques of one of the most important and recent Reformed thinkers. In sum, this is a timely and exciting book. It will well serve pastors, theologians, and thoughtful Christians of many theological perspectives. MARK VALERIE T. Thompson, Professor of Church History, Union Theological Seminary, Virginia. One of the values of this work is that it has deliberately sought not so much to discuss a particular problem or a collection of issues as to identify Torrance as an example of an archetypal Reformed theology of the Eucharist. To say that Dr. Stamps has been industrious is patently an understatement; the truth is that he has been indefatigable in his search for the least morsel that Torrance offers. Yet it is not so much as a study of Torrance that this book is to be commended; its great value is that it offers a contextualization of Torrance's thinking on the Eucharist in ecclesiology, the more general dimension of an incarnational theology, as well as his understanding of cosmology and epistemology. I hope that Dr. Stamps' book will not only find grateful readers but will be repaid by profound reflection on this symbol of the heart of faith. JOHN HEYWOOD THOMAS, Emeritus Professor of Theology, University of Nottingham.

[Translating Tradition](#) Peter Jeffery, 2005 The Vatican instruction *Liturgiam Authenticam* 2001 calls for a new era of liturgical translation marked by sound doctrine and exact in wording. This, it is stated, will preserve the traditions of the Roman Rite and the exegesis of the church fathers. Though Jeffery favors more exact translations and doctrinal clarity, he finds the instruction uninformed about the history of the Catholic liturgy. The Roman Rite, with papal approval, has always made use of paraphrases, multiple translations, and

multilayered exegesis Jeffery proposes reviving the patristic and scholastic principle that Scripture and Catholic tradition are diverse not adverse that balancing alternative models enhances rather than threatens the unity of the Catholic Church

lost much of its credibility Baptized people leave the church adolescents stop attending shortly after they are confirmed supposedly indissoluble marriages regularly dissolve few go to confession and many do not believe in transubstantiation Drawing upon his decades long study of the sacraments Martos reveals how teachings that seemed rooted in the scriptures and Catholic life have become unmoored from the contexts in which they arose and why seemingly eternal truths are actually historically relative After carefully constructing Catholic teaching from the church's own documents he deconstructs it by demonstrating how biblical passages were misconstrued by patristic authors and how patristic writings were misunderstood by medieval scholastics The long process of misinterpretation culminated in the dogmatic pronouncements of the Council of Trent which continues to dominate Catholic thinking about the church's religious ceremonies If the sacraments are released from their dogmatic baggage Martos believes that the spiritual realities they symbolize can be celebrated in any human culture without being tied to their traditional rites
