Migration and the Making of Global Christianity Jehu J. Hanciles, 2021-03-16 A magisterial sweep through 1500 years of Christian history with a groundbreaking focus on the missionary role of migrants in its spread Human migration has long been identified as a driving force of historical change Building on this understanding Jehu Hanciles surveys the history of Christianity's global expansion from its origins through 1500 CE to show how migration more than official missionary activity or imperial designs played a vital role in making Christianity the world's largest religion Church history has tended to place a premium on political power and institutional forms thus portraying Christianity as a religion disseminated through official representatives of church and state But as Hanciles illustrates this top down perspective overlooks the multifarious array of social movements cultural processes ordinary experiences and non elite activities and decisions that contribute immensely to religious encounter and exchange Hanciles's socio historical approach to understanding the growth of Christianity as a world religion disrupts the narrative of Western preeminence while honoring and making sense of the diversity of religious expression that has characterized the world Christian movement for two millennia In turning the focus of the story away from powerful empires and heroic missionaries *Migration and the Making of Global Christianity* instead tells the more truthful story of how every Christian migrant is a vessel for the spread of the Christian faith in our deeply interconnected world

Transcending Mission Michael W. Stroope, 2017-02-28 Is the language of mission clearly evident across the broad reaches of time Or has the modern missionary enterprise distorted our view of the past Michael Stroope investigates how the modern church has come to understand speak of and engage in the global expansion of Christianity offering a hopeful way forward in this pressing conversation

A History of Christian Conversion David W. Kling, 2020-05-05 In this first in depth and wide ranging history of Christian conversion David Kling examines the dynamic of turning to the Christian faith by individuals families and people groups Global in reach and engaging recent methods and theories in conversion studies the narrative progresses from early Christian beginnings in the Roman world to Christianity's expansion into Europe the Americas China India and Africa Although conversion is often associated with a particular strand of modern Christianity evangelical and a particular type of experience sudden overwhelming when examined over two millennia it emerges as a

phenomenon far more complex than any one dimensional profile would suggest The Franciscan Concept of Mission in the High Middle Ages Emmett Randolph Daniel,1975 *The Influence of Early Keswick Theology of Sanctification in the Socio-ethical Life of the East African Revival Movement* Robinson Kariuki Mwangi,2025-03-31 Sanctification is an essential part of every Christian life But how do its differing theologies shape our Christian walk and wider socio ethic contexts Grounded in the East Africa Revival Movement EARM this work seeks to answer how the Keswick theology of sanctification contributes to the socio ethical understanding of walking in the light and consequently influences the mission of the Anglican Church in the Mount Kenya region Dr Robinson Kariuki Mwangi uses careful exegetical analysis to understand the biblical roots of revival and calls us to action in showing what our faith stands for integrating practical theology with pastoral practice Scholars of theology and lived Christianity will find the observations in this work informative for further study

General Catalogue of Printed Books British Museum. Department of Printed Books,1965 The Bible in History David W. Kling,2022-12-19 Over 15 years after its original publication The Bible in History remains an essential examination of the symbiotic relationship between Scripture and the social and cultural contexts shaping its interpretation David W Kling traces the fascinating story of how specific biblical texts sometimes a single verse other times a selection of verses or chapters even books have at various times emerged to be the inspiration of movements that have changed the course of history Episodes range from Anthony s call to the desert and a life of monasticism after hearing Jesus s directive to the rich young rule to give up his possessions to the Anabaptists non violent ethic in following Jesus teaching in the Sermon on the Mount to the varied applications of the exodus motif in African American history This revised and expanded second edition adds two new chapters The first examines the text in Matthew 28 18 20 and considers the multitudinous interpretations before during and after the text emerged as the iconic Great Commission of missionary motivation in the modern period The second assesses those biblical texts that encompass the divisive and ongoing issue of male homosexuality Both chapters engage the question of how the texts have shaped the times but as Kling argues the times have also exerted an enormous impact on shaping the interpretation of the texts and hence on the continuing disputes over the meaning of those texts

Der barbarische Norden David Fraesdorff,2009-01-01 David Fraesdorff untersucht in seinem Buch auf mentalitätsgeschichtlicher Grundlage die Bezeichnungen und die Bewertung des Nordens in fränkisch deutschen Quellen des frühen und hohen Mittelalters Die Ergebnisse werden in den Kontext einschlägiger literarischer wie jüngster Forschungsliteratur zu Skandinavien und zur fränkischen Mission zu geographischen Vorstellungen des Mittelalters zu den hier behandelten Autoren und zu Fremdheitsvorstellungen eingeordnet Im Mittelpunkt stehen sowohl die geographischen Vorstellungen vom Norden als auch die subjektive Bewertung dieser Region in den vier intensiv diskutierten historiographischen Werken Rimbarts Thietmars von Merseburg Adams von Bremen und Helmolds von Bosau Aber weit über diese hinaus liefert das Buch eine

Behandlung aller wichtigen Autoren des 9 bis 12 Jahrhunderts unter Einschluß der antiken Tradition Auf der Basis einer wissenschaftsgeschichtlichen und methodischen Einordnung des Themas bietet es damit erstmals solide begriffs- und mentalitätsgeschichtliche Ergebnisse zur Sicht des Nordens *The Light in Dark Ages* Victor Raymond Edman, 1949 **The Transactions of the Honourable Society of Cymmrodorion** Honourable Society of Cymmrodorion (London, England), 1995 **Subject Catalog, 1976** Library of Congress, 1976 **Die Erscheinungen der Jahre 1975 und 1976** Wilhelm Schneemelcher, Knut Schäferdiek, 2019-11-05 Keine ausführliche Beschreibung für Die Erscheinungen der Jahre 1975 und 1976 verfügbar **The Shelf List of the Union Theological Seminary Library in New York City** Union Theological Seminary (New York, N.Y.).
