of the mausoleum of the Valois Dukes of Burgundy the Chartreuse de Champmol Although the monument is well known as the site of pivotal works of art by Claus Sluter Melchior Broederlam Jean de Beaumetz and others until now art historians have not considered how these works functioned at the center of a complex social matrix Sherry Lindquist here considers the sacred subjects of the various sculptures and paintings not merely as devotional tools or theological statements but as profoundly influential social instruments that negotiated complex interactions of power Lindquist's sophisticated discussion coordinates analysis of primary sources with the most up to date scholarship in the field of art history not only with respect to late medieval Burgundian art but also to more theoretical questions pertaining to reception

Meditation as Spiritual Therapy Matthew McWhorter, Matthew R. McWhorter, 2024 Christian persons today might seek spiritual development and ponder the benefit of mindfulness exercises but also maintain concerns if they perceive such exercises to originate from other religious traditions Such persons may not be aware of a long tradition of meditation practice in Christianity that promotes personal growth This spiritual tradition receives a careful formulation by Christian monastic authors in the twelfth century One such teaching on meditation is found in the treatise *De consideratione* written by St Bernard of Clairvaux d 1153 to Pope Eugene III d 1153 In textual passages where St Bernard exhibits a clear concern for the mental health of the Pope due to numerous ongoing ecclesial political and military problems St Bernard reminds Eugene III of his original monastic vocation and the meditation exercises associated with that vocation The advice that St Bernard gives to Eugene III can be received today in a way that provides a structure for Christian meditation practice which is relevant for personal development spiritual direction and civil psychotherapy that integrates a client's spirituality into the course of treatment St Bernard thus might be interpreted as a teacher of a kind of Christian mindfulness that can benefit both a person's mental health as well as a person's relationship with God Meditation as Spiritual Therapy examines the historical context of Bernard's work his purpose for writing it as well as the numerous Christian sources he drew upon to formulate his teaching Bernard's teaching on the course of meditation itself is explored in depth and in dialogue with his other treatises letters and sermons Lastly a contemporary summary of Bernard's teaching is provided with reflections concerning the relationship of this teaching to contemporary spiritual direction and spiritually integrated civil psychotherapy

The Bibliographical Guide to the Global History of Philosophy, The Oxford Handbook of Medieval Latin Literature Ralph Hexter, David Townsend, 2012-01-20 The twenty eight essays in this handbook represent the best current thinking in the study of Latin language and literature in the Middle Ages Contributing authors both senior scholars and gifted younger thinkers among them not only illuminate the field as traditionally defined but also offer fresh insights into broader questions of literary history cultural interaction world literature and language in history and society Their studies vividly illustrate the field's

complexities on a wide range of topics including canonicity literary styles and genres and the materiality of manuscript culture At the same time they suggest future possibilities for the necessarily provisional and open ended work essential to the pursuit of medieval Latin studies The overall approach of The Oxford Handbook of Medieval Latin Literature makes this volume an essential resource for students of the ancient world interested in the prolonged after life of the classical period s cultural complexes for medieval historians for scholars of other medieval literary traditions and for all those interested in delving more deeply into the fascinating more than millennium long passage between the ancient Mediterranean world and what we consider modernity The Medieval Church Joseph Lynch,2014-07-17

The Medieval Church A Brief History argues for the pervasiveness of the Church in every aspect of life in medieval Europe It shows how the institution of the Church attempted to control the lives and behaviour of medieval people for example through canon law while at the same time being influenced by popular movements like the friars and heresy This fully updated and illustrated second edition offers a new introductory chapter on the Basics of Christianity for students who might be unfamiliar with this territory The book now has new material on some of the key individuals in church history Benedict of Nursia Hildegard of Bingen Bernard of Clairvaux and Francis of Assisi as well as a more comprehensive study throughout of the role of women in the medieval church Lynch and Adamo seek to explain the history of the Church as an institution and to explore its all pervasive role in medieval life In the course of the thousand years covered in this book we see the members and leaders of the Western Church struggle with questions that are still relevant today What is the nature of God How does a church keep beliefs from becoming diluted in a diverse society What role should the state play in religion The book is now accompanied by a website with textual visual and musical primary sources making it a fantastic resource for students of medieval history

Reading in the Wilderness

Jessica Brantley,2008-09-15 Just as twenty first century technologies like blogs and wikis have transformed the once private act of reading into a public enterprise devotional reading experiences in the Middle Ages were dependent upon an oscillation between the solitary and the communal In Reading in the Wilderness Jessica Brantley uses tools from both literary criticism and art history to illuminate Additional MS 37049 an illustrated Carthusian miscellany housed in the British Library This revealing artifact Brantley argues closes the gap between group spectatorship and private study in late medieval England Drawing on the work of W J T Mitchell Michael Camille and others working at the image text crossroads Reading in the Wilderness addresses the manuscript s texts and illustrations to examine connections between reading and performance within the solitary monk s cell and also outside Brantley reimagines the medieval codex as a site where the meanings of images and words are performed both publicly and privately in the act of reading

Lectio Divina as Contemplative

Pedagogy Mary Keator,2017-12-14 Offering an original application of the ancient monastic practice of lectio divina to the humanities this book demonstrates the need for further emphasis on deep reading reflection and contemplation in contemporary university classrooms Each chapter provides readers with an historical overview of the four movements of this

monastic method lectio reading meditatio interpreting oratio responding and contemplatio experiencing wisdom and suggests ways to incorporate these practices in humanites courses Keator demonstrates that the lectio divina method is a viable pedagogical tool to guide students slowly and methodically through literary texts and into a subjective experience of wisdom and meaning Sarva-Darsána-Sangraha Plott,Mays,2024-09-09
