The Memoires Secrets And The Culture Of Publicity In Eighteenth:

The Mémoires Secrets and the Culture of Publicity in Eighteenth-century France Jeremy D. Popkin, Bernadette Fort, 1998 Between the early 1760s and the French Revolution the Mémoires secrets dit de Bachaumont chronicled the cultural world of ancien régime Paris This new study contests the erroneous attribution to Bachaumont examines the Mémoires secrets as a text in its own right and offers a ground breaking reappraisal of this unique periodical in view of the latest approaches from cultural history the history of the press art history and literary criticism **Architecture, Print**

Culture and the Public Sphere in Eighteenth-Century France Richard Wittman, 2007 This book focuses on the complex ways in which architectural practice theory patronage and experience became modern with the rise of a mass public and a reconfigured public sphere between the end of the seventeenth century and the French Revolution Presenting a fresh theoretical orientation and a large body of new primary research this book offers a new cultural history of virtually all the major monuments of eighteenth century Parisian architecture with detailed analyses of the public debates that erupted around such Parisian monuments as the east facade of the Louvre the Place Louis XV the Place de la Concorde and the church of Sainte Genevieve the Pantheon Depicting the passage of architecture into a mediatized public culture as a turning point and interrogating it as a symptom of the distinctly modern configuration of individual society and space that emerged during this period this study will interest readers well beyond the discipline of architectural history Sexual Antipodes

Sexual Antipodes Pamela Cheek, 2003-02-28 Sexual Antipodes is about how Enlightenment print culture built modern national and racial identity out of images of sexual order and disorder in public life It examines British and French popular journalism utopian fiction and travel accounts about South Sea encounter pamphlet literature and pornography as well as more traditional literary sources on the eighteenth century such as the novel and philosophical essays and tales The title refers to a premise in utopian and exoticist fiction about the southern portion of the globe sexual order defines the character of the state The book begins by examining how the idea of sexual order operated as the principle for explaining national differences in eighteenth century contestation between Britain and France It then traces how following British and French encounters with Tahiti the comparison of different national sexual orders formed the basis for two theories of race race as essential character and race as degeneration Women on the Stage in Early Modern France

Women on the Stage in Early Modern France Virginia Scott, 2010-07-08 Focusing on actresses in France during the early modern period Virginia Scott examines how the stereotype of the actress has been constructed The study then moves beyond that stereotype to detail the reality of the personal and artistic lives of women on the French stage from the almost unknown Marie Ferr who signed a contract for 12 livres a year in 1545 to perform the antiquailles de Rome or other histories moralities farces and acrobatics in the provinces to the queens of the eighteenth century Paris stage whose adventures have overshadowed their artistic triumphs The book also investigates the ways in which actresses made invaluable contributions to the development of the French theatre in the seventeenth and eighteenth centuries and looks at

the afterlives of such women as Armande B jart Marquise Du Parc Charlotte Desmares Adrienne Lecouvreur and Hippolyte Clairon in biographies plays and films Entre Hommes Todd W. Reeser, Lewis Carl Seifert, 2008 Despite its debt to French thought for theoretical constructs masculinity studies have been dominated by work on English language texts and contexts *Entre Hommes* lays the foundation for French and Francophone masculinity studies in both a cultural and theoretical sense This ground breaking volume considers what is meant by French or Francophone masculinities per se and how these identities have or have not changed over time with essays spanning periods from the Middle Ages to the present An introduction situates the study of masculinity within the work of recent French thinkers and essays examine both key writers and recurring cultural images The Writer's Lot Robert Darnton, 2025-05-13 *The Writer s Lot* explores the working lives of eighteenth century French authors celebrities and unknowns at a time when their example if not often their ideas changed the course of history Taking the measure of literary France as a whole Robert Darnton offers rare insight into the social ferment of the Age of Revolution *Private Salons and the Art World of Enlightenment Paris* Rochelle Ziskin, 2022-11-14 In *Private Salons and the Art World of Enlightenment Paris* Rochelle Ziskin explores in depth two remarkable private gatherings generating significant art criticism during the middle of the eighteenth century She demonstrates how the sites harboring them came to embody and disseminate their judgments One politically active group assembled at the house Mme Doublet shared with amateur Petit de Bachaumont at her Mondays for artists Mme Geoffrin collaborated with the powerful lover of antiquity Caylus and amateurs including Mariette and Watelet In focusing on official Salons of the Royal Academy of Painting and Sculpture historians too often overlook the crucial role of these frequent regular assemblies where works of art were quite often first assessed and taste shaped This book will appeal to readers interested in eighteenth century French artistic culture journalism and women s patronage The painters discussed include Boucher Van Loo Charles Coypel Cochin Vien Pierre Lagren e and Hubert Robert **A Mother's Love** Lesley H. Walker, 2008 Chronicles the emergence of an idealized mother figure whose reforming zeal sought to make French society more just This book contends that this attempt during the eighteenth century to rewrite social relations in terms of greater social equality represents an important but overlooked strand of Enlightenment thought *Current Contents* Institute for Scientific Information (Philadelphia), 2002 **A Field of Honor** Gregory S. Brown, 2005-01-22 Gregory S Brown s *A Field of Honor* The Identities of Writers Court Culture and Public Theater in the French Intellectual Field from Racine to the Revolution offers a multilevel study of the intellectual social and institutional contexts of dramatic authorship and the world of playwrights in 18th century Paris Brown deftly interweaves research in archival and printed materials case studies of individual authorial strategies the rich often contentious historiography on the French Enlightenment and contemporary cultural theory and criticism Drawing on a sophisticated array of recent studies Brown positions his work against and between the grain of alternative approaches and interpretations He combines scholarship on the history of the book with analyses of political culture and cultural identity leaving the reader
