The Memsahib:

The Memsahib Berkely Mather, 1977 **The Memsahibs** Pat Barr, 2011-05-19 Thousands of British women lived in India during Victorian times. They first went out as wives, mothers, sisters, others followed as teachers, doctors, missionaries. What they did and how they responded to their strange environment were seldom thought worthy of record, and writers have handed down to us a fictional image of the typical memsahib as a frivolous, snobbish and selfish creature flitting from bridge to tennis parties in the hills. For the most part, these clichés bear little resemblance to the truth: many women loyally and stoically accepted their share of the responsibility with endurance, courage and resilience. This story is developed around a number of women who wrote in an entertaining and intelligent fashion about their Indian experiences, starting with the arrival on the scene of one of the wittiest and cleverest of them all, Emily Eden, sister of Lord Auckland, who was Governor General from 1836 to 1842. It ends with Maud Diver, who maintained that the random assertion made by Kipling about the lower tone of social morality in India was unjust and untrue. The dramatis personae of the book include Vicereines, wives of Civil Servants and missionaries struggling to break down the subservience of women throughout the vast sub-continent. Through women's eyes, we witness the principal historic events at the time: the Afghan conflicts, the Mutiny, as well as the daily routines in very different cantonments and some of the British personalities who made their mark on nineteenth-century India. Honoria Lawrence, Flora Steel, Lady Sale. In this vivid account, Pat Barr evokes the sights and smells of Victorian India, its teeming masses, its problems so impossible it seemed for Englishwomen to solve. **The Memsahib** Berkely Mather, 1977

Memsahibs Ipshtita Nath, 2022-06-16 For young Englishwomen stepping off the steamer, the sights and sounds of humid colonial India were like nothing they'd ever experienced. For many, this was the ultimate destination to find a perfect civil servant husband. For still more, however, India offered a chance to fling off the shackles of Victorian social mores. The word memsahib conjures up visions of silly aristocrats, well-staffed bungalows and languorous days at the club. Yet these women had sought out the uncertainties of life in Britain's largest, busiest colony. *Memsahibs* introduces readers to the likes of Flora Annie Steel, Fanny Parks and Emily Eden, accompanying their husbands on expeditions, travelling solo across dangerous terrain, engaging with political questions and recording their experiences. Yet the Raj was not all adventure. There was disease and great risk to young women travelling alone; for colonial wives in far-flung outposts, there was little access to society, cut off from modernity and the Western world, many women suffered terrible trauma and depression. From the hill stations to the capital, this is a sweeping, vividly written anthology of colonial women's lives across British India. Their honesty and bravery in their actions and their writings shine fresh light on this historical world. **The Story of Sonny Sahib** Sara Jeannette Duncan, 2023-10-23 Sara Jeannette Duncan's novel *The Story of Sonny Sahib* is a poignant exploration of colonial India through the eyes of a young boy named Sonny Sahib. The book delves into the complexities of cultural identity, power dynamics and social hierarchies during the British Raj era. Duncan's literary style is characterized by vivid descriptions
