Fóti, Pavlos Kontos, 2017-05-11 This volume is a Festschrift in honor of Jacques Taminiaux and examines the primacy of the political within phenomenology These objectives support each other in that Taminiaux's own intellectual itinerary brought him increasingly to an affirmation of the importance of the political Divided into four sections the essays contained in this volume engage with different aspects of the political dimension of phenomenology its dialogue with classic texts of political philosophy the political facets of phenomenological praxis phenomenology's contribution to actual political debates and the impact of Taminiaux's work in the shaping of phenomenology's notion of politics The phrase the primacy of the political echoes the primacy of perception as it was famously defined by Merleau Ponty This book emphasizes however the inescapability of the political rather than its foundational character i.e. the fact that various itineraries of thought explored in different fields of phenomenological research give rise to politically relevant reflections It points out and elucidates political connotations that haunt phenomenological concepts such as world self nature intersubjectivity or language and traces them to a broad range of approaches concepts and methods In its explorations the book discusses a broad range of thinkers including but not limited to Aristotle and Kant Bergson Husserl Heidegger Merleau Ponty Gadamer Ricoeur and Arendt American Catholic Philosophical Quarterly, 2006 **The Review of Metaphysics**, 2006 **Comptes Rendus Philosophiques**, 2004 **Five Metaphysical Paradoxes** Howard P.
