The Other Walls Harold H. Saunders,2015-03-08 Drawing on intensive firsthand experience gained during the most successful years of Arab Israeli peace negotiations Harold Saunders explains the complexities of the peace process it was not just a series of negotiated agreements but negotiation embedded in a larger political process In the first edition of *The Other Walls* Saunders argued persuasively that until leaders change the political environment by lowering the human and political barriers to peace negotiators stand little chance Now he places that focus on political process in the context of a new world where familiar concepts of international relations no longer provide adequate explanations for events and where the tools of statecraft do not produce expected results In the wake of the Gulf War Saunders suggests how insights from earlier Arab Israeli peace negotiations can lead to a broader regional process Originally published in 1991 *The Princeton Legacy Library* uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
