## **The Millionaires Expreb:**

*Winners* Storm G. Curry, 2024-03-28 Victory is a potent force in life one that brings an exhilarating rush of joy and an infectious wave of euphoria In *Winners* we explore the magnetic aura of those who triumph those whose spirits soar with success Their zest and positive energy are not just personal gains but are an inspiration to all who witness their achievements To exist on the side of winners is to embrace a life unrestrained a life that stretches beyond horizons and dances with possibility     *Somerset County in Vintage Postcards* Alan A. Siegel, 1999-03-01 From the 1890s through the 1920s the postcard was an extraordinarily popular means of communication and many of the postcards produced during this golden age can today be considered works of art Postcard photographers traveled the length and breadth of the nation snapping photographs of busy street scenes documenting local landmarks and assembling crowds of local children only too happy to pose for a picture These images printed as postcards and sold in general stores across the country survive as telling reminders of an important era in America s history This fascinating new history of New Jersey s Somerset County showcases more than two hundred of the best vintage postcards available     *Morristown* John W. Rae, 2002 Morristown New Jersey first earned its place in history during the Revolutionary War when General George Washington camped here with the Continental army an event that led to the founding of the first National Historic Park in 1933 Morristown preserves history while keeping up with the times often forging ahead of the pack and into the future The Green once a grazing ground for sheep and cattle became the site of the first Morris County Courthouse and is still a thriving central gathering place for townspeople Even many of the Morristown s municipal buildings tell of a past steeped in the Gilded Age as today s citizens walk the halls once trod by millionaires Morristown A Military Headquarters of the American Revolution chronicles the many famous people connected to the area such as Benedict Arnold who was tried here for treason A landmark event of the communication industry also occurred here when Samuel Morse and Alfred Vail perfected the magnetic telegraph in a barn This new volume invites readers for a ride through the past with glimpses into the lives of one of the world s richest and least known colonies of wealthy people the hidden drama and sometime romance of a Revolutionary army camp and the secret network of tunnels dug beneath the city during Prohibition     ***Mansions of Morris County*** John W. Rae, 1999 This pictorial record of Morris County New Jersey traces the dramatic rise of America s least known colony of millionaires during the Gilded Age The area became a country retreat for the upper class Families such as the Vanderbilts Rockefellers Kountzes Wolffs Dodges and Claflins built impressive estates in the area referred to as the inland Newport By the 1920s the prominence of Morris County was eclipsed by the lure of Long Island and its economy was being threatened by the Depression Faced with high taxes from the newly established income tax skyrocketing maintenance costs and a dwindling reservoir of help the wealthy residents began razing their mansions Although many of these vast estates have been long gone and forgotten author John W Rae s collection of early Morris County photographs recaptures the area s palatial homes in

their full grandeur Within the pages of Morris County Mansions Rae invites you to join him on a visual tour of the magnificent architecture of the Gilded Age Meet the area s prominent families and discover little known facts about the homes in which they resided
