The Mind Of A Devoted Writer:

The Mind of the Maker Dorothy L. Sayers,2015-02-10 An investigation into the nature of God and creativity from the author of the Lord Peter Wimsey Mysteries with an introduction by Madeleine L Engle From the first pages of Genesis it is clear that God and man share one vital trait the ability to create great works out of nothing More than any other group artists feel impelled to create and this urge brings them closer to God By contemplating the creative drive of humanity we can better understand the works of God and by reading deeply into the tenets of Christianity we can better understand the creative spirit of man Dorothy L Sayers explores the concept of the Holy Trinity within the context of invention the creative idea the creative energy and the creative power In this searching wide ranging treatise one of the greatest minds of the twentieth century shows us what it means to be an artist and what it takes to make humankind **The National Magazine: Devoted to Literature, Art, and Religion** Abel Stevens,James Floy,1858 *A Practical System of Rhetoric* Samuel Phillips Newman,1834 **A Practical System of Rhetoric: Or, the Principles and Rules of Style, Inferred From Examples of Writing** Samuel Phillips Newman,2024-04-03 Reprint of the original first published in 1843 Pianist ,1895 John Gardner on Writing John Gardner,2013-12-10 Three books in one volume Advice and reflections on modern fiction from one of the greatest creative writing teachers we ve ever had Frederick Busch In On Becoming a Novelist John Gardner advises the aspiring fiction author on such topics as the value of creative writing workshops the developmental stages of literary growth and the inevitable experience of writer s block Drawn from his two decades of experience in creative writing Gardner balances his compassion for his students with his knowledge of the publishing industry and truthfully relates his experiences of the hardships that lie ahead for aspiring authors In On Writers Writing acclaimed novelist John Gardner discusses the craft of fiction writing taking to task some of his best known contemporaries in the process Gardner criticizes some for writing disingenuous fiction and commends others who produce literature that acts as a life affirming force He offers insights into and exacting critiques on such writers as Vladimir Nabokov John Updike Saul Bellow and John Cheever while addressing his personal influences and delivering broad ranging observations on literary culture And in On Moral Fiction John Gardner s thesis is simple True art is by its nature moral Since the book s first publication the passion behind Gardner s assertion has both provoked and inspired readers In examining the work of his peers Gardner analyzes what has gone wrong in his view in modern art and literature and how shortcomings in artistic criticism have contributed to the problem He develops his argument by showing how artists and critics can reintroduce morality and substance to their work to improve society and cultivate our morality **The Gregg Shorthand Magazine** ,1916 **Available Means** Joy S.
