Hitler and the Nazi Cult of Film and Fame Michael Munn, 2013-05-09 In Nazi Germany the cult of celebrity was the embodiment of Hitler's style of cultural governance Hitler's rise to power owed much to the creation of his own celebrity and the country's greatest stars whether they were actors writers or musicians could be one of only two things If they were compliant they were lauded and awarded status symbols for the regime but if they resisted or were simply Jewish they were traitors to be interned and murdered This fascinating analysis offers a shocking portrait of a Hitler shaped by aspirations to Hollywood style fame of the correlation between art and ambition of films used as weapons and of sexual predilections The Führer believed he was an artist not a politician and in his Germany politics and culture became one His celebrity was cultivated and nurtured by Joseph Goebbels Germany's supreme head of culture Hitler and Goebbels enjoyed the company of beautiful female film stars and Goebbels had his own casting couch In Germany's version of Hollywood there were scandals starlets secret agents premieres and party politics The Third Reich would launch filmmaker and actress Leni Riefenstahl to prominence by making her its own glorifying documentarian most famously in The Triumph of the Will the innovative propaganda film starring Hitler and widely considered to be one of the greatest movies ever made It is no coincidence that Eva Braun Hitler's longtime partner and wife for the two days leading up to their joint suicide was a photographer and in fact shot most of the surviving photographs and film footage of her lover This book reveals previously unpublished information about the Hitler film which Goebbels envisaged as the greatest story ever told although it was ultimately trumped by the dictator's own real life Wagnerian finale **Essays in European History** June K. The Power and Grace Between Nasty Or Nice John Friel, Ph.D., 2012-05 In this illuminating book the Friels explain that power without graciousness results in bullying and nastiness Graciousness without power results in being a doormat However power tempered with graciousness elevates us beyond our purely animalistic selves it produces competence gratitude humility and effectiveness attributes that are sorely lacking in today's world where entitlement narcissism and incivility reign supreme By learning how to find and balance this power zone between victim and perpetrator anyone can stop dysfunctional patterns of behavior and ignite positive change In fact the Friels show how even one very small change held firmly for six to twelve months can cause more system wide change than anything else you can do Over the past twenty seven years their Clearlife Clinic Program has helped more than 6 000 people identify and change ingrained patterns of behavior beliefs and feelings Publisher description *The Nazi Séance* Arthur J. Magida, 2025-06-25 World War I left Berlin and all of Germany devastated Charlatans and demagogues eagerly exploited the desperate crowds Fascination with the occult was everywhere in private's ances personalized psychic readings communions with the dead as people struggled to escape the grim reality of their lives In the early 1930s the most famous mentalist in the German capital was Erik Jan Hanussen a Jewish mind reader originally from Vienna who became so popular in Berlin that he rubbed elbows with high ranking Nazis became

close with top Storm Troopers and even advised Hitler Called Europe s Greatest Oracle Since Nostradamus Hanussen assumed he could manipulate some of the more incendiary personalities of his time just as he had manipulated his fans He turned his occult newspaper in Berlin into a Nazi propaganda paper personally assured Hitler that the stars were aligned in his favor and predicted the infamous Reichstag Fire that would solidify the Nazis grip on Germany Seasoned with ruminations about wonder and magic and explanations of Hanussen s tricks The Nazi S ance is a disturbing journey into a Germany as it descends into madness aided by a clairvoyant Jew oblivious to the savagery of men who pursued a Reich they fantasized would last 1 000 years Before Evil Brandon K. Gauthier,2022-04-26 Should we humanize the world s most inhumane leaders Adolf Hitler Joseph Stalin Benito Mussolini Mao Zedong Kim Il Sung Vladimir Lenin These cruel dictators wrote their names on the pages of history in the blood of countless innocent victims Yet they themselves were once young people searching for their place in the world dealing with challenges many of us face parental authority education romance loss and doing so in ways that might be uncomfortably familiar Historian Brandon K Gauthier has created a fascinating work epic yet intimate well researched but immensely readable clear eyed and empathetic looking at the lives of these six dictators with a focus on their youths We watch Lenin s older brother executed at the hands of the Tsar s police an event that helped radicalize this overachieving high schooler We observe Stalin grappling with the death of his young beautiful wife We see Hitler s mother mourning the loss of three young children and determined that her first son to survive infancy would find his place in the world The purpose isn t to excuse or simply explain these horrible men but rather to treat them with the empathy they themselves too often lacked We may prefer to hold such lives at arm s length so as to demonize them at will but this book reminds us that these monstrous rulers were also human beings and perhaps more relatable than we d like **Seven Downs and Eight Ups** Nobuko Gerth,2013-02-12 This is an autobiography of a Japanese woman who has lived in three countries Japan the United States and Germany She writes about her life in Japan during the 1930s and 1940s before and during World War II which is quite different from a modern Japan of today She came to the United States in 1953 to study sociology She relates her life of a student with stories of fairy tale existence and culture shocks Then with her husband she moved to Germany where she lived for thirty six years She tells about her life in Germany of postwar economic miracle period through the fall of the Berlin Wall and thereafter Ever curious her mind constantly compares Japan the United States and Germany through her daily life travels and work experiences The book deals with her life of ups and downs With her courage optimism and luck she has always come up from the downs
