The Picture Of Annuals:

Women's Albums and Photography in Victorian England Patrizia Di Bello, 2017-07-05 This beautifully illustrated study recaptures the rich history of women photographers and image collectors in nineteenth century England. Situating the practice of collecting, exchanging and displaying photographs and other images in the context of feminine sociability, Patrizia Di Bello shows that albums express Victorian women's experience of modernity. The albums of individual women and the broader feminine culture of collecting and displaying images are examined, uncovering the cross references and fertilizations between women's albums and illustrated periodicals and demonstrating the way albums and photography itself were represented in women's magazines, fashion plates and popular novels. Bringing a sophisticated eye to overlooked images such as the family photograph, Di Bello not only illustrates their significance as historical documents but elucidates the visual rhetorics at play. In doing so, she identifies the connections between Victorian album making and the work of modern day amateurs and artists who use digital techniques to compile and decorate albums with Victorian style borders and patterns. At a time when photographic album making is being re-vitalised by digital technologies, this book rewrites the history of photographic albums, placing the female collector at its centre and offering an alternative history of photography focused on its uses rather than on its aesthetic or artistic considerations. It is remarkable in elegantly connecting the history of photography with the fields of material culture and women's studies.

The Encyclopedia of Romantic Literature, 3 Volume Set Frederick Burwick, Nancy Moore Goslee, Diane Long Hoeveler, 2012-01-30 The Encyclopedia of Romantic Literature is an authoritative three volume reference work that covers British artistic, literary and intellectual movements between 1780 and 1830 within the context of European transatlantic and colonial historical and cultural interaction. Comprises over 275 entries ranging from 1,000 to 6,500 words arranged in A-Z format across three fully cross-referenced volumes. Written by an international cast of leading and emerging scholars. Entries explore genre development in prose, poetry and drama of the Romantic period; key authors and their works and key themes. Also available online as part of the Wiley Blackwell Encyclopedia of Literature providing 24/7 access and powerful searching, browsing and cross-referencing capabilities.
