The Pious Agent

John Braine

The Pious Agent:

The Pious Agent John Braine, 1975 *Musical Agency and the Social Listener* Cora S. Palfy, 2021-10-21 Music as a narrative drama is an intriguing idea which has captured explicit music theoretical attention since the nineteenth century. Investigations into narrative characters or personae has evolved into a sub field musical agency. In this book Palfy contends that music has the potential to engage us in social processes and that those processes can be experienced as a social interaction with a musical agent. She explores the overlap between the psychological processes in which we participate in order to understand and engage with people and those we engage in when we listen to music. Thinking of musical agency as a form of social process is quite different from existing theoretical frameworks for agency. It implies that we come to musical analysis by way of intuition that our ideas are already partially formed based on our experience of the piece and what it makes us feel or how it makes us sense it as any other when we choose to analyze and interpret it. Palfy's focus on social processes is a very effective way to pinpoint when and why it is that our attention is captured and engaged by musical agents.

From Plato to Wittgenstein G.E.M. Anscombe, 2011-10-13 In 2005 St Andrews Studies published a volume of essays by Anscombe entitled *Human Life Action and Ethics* followed in 2008 by a second with the title *Faith in a Hard Ground*. Both books were highly praised. This third volume brings essays on the thought of historical philosophers in which Anscombe engages directly with their ideas and arguments. Many are published here for the first time and the collection provides further testimony to Anscombe's insight and intellectual imagination. Desiring the Good Katja Maria Vogt, 2017-08-01 *Desiring the Good* defends a novel and distinctive approach in ethics that is inspired by ancient philosophy. Ethics according to this approach starts from one question and its most immediate answer: what is the good for human beings? A well going human life. Ethics thus conceived is broader than moral philosophy. It includes a range of topics in psychology and metaphysics. Plato's *Philebus* is the ancestor of this approach. Its first premise defended in Book I of Aristotle's *Nicomachean Ethics* is that the final agential good is the good human life. Though Aristotle introduces this premise while analyzing human activities, it is absent from approaches in the theory of action that self identify as Aristotelian. This absence Vogt argues is a deep and far reaching mistake, one that can be traced back to Elizabeth Anscombe's influential proposals. And yet the book is Anscombian in spirit. It engages with ancient texts in order to contribute to philosophy today and it takes questions about the human mind to be prior to and relevant to substantive normative matters. In this spirit *Desiring the Good* puts forward a new version of the *Guise of the Good*, namely that desire to have one's life go well shapes and sustains mid and small scale motivations. A theory of good human lives, it is argued, must make room for a plurality of good lives. Along these lines the book lays out a non relativist version of Protagoras's *Measure Doctrine* and defends a new kind of realism about good human lives.

The Butterfly, 1893 **Chaucer's Agents** Carolynn Van Dyke, 2005 *Chaucer's Agents* draws on medieval and modern theories of agency to provide fresh readings of the major Chaucerian texts. Collectively those readings aim to illuminate

Chaucer's responses to two great problems of agency: the degree to which human beings and forces qualify as agents and the equal reference of agent to initiators and instruments. Each chapter surveys medieval conceptions of the agency in question: allegorical Realities, intelligent animals, pagan gods, women, and the author, and then follows that kind of agent through representative Chaucerian texts. Readers have long recognized Chaucer's interest in questions of causation. Van Dyke shows that his answers to those questions shape even constitute his narratives. Fairleigh Dickinson University Press. Piety and Patienthood in Medieval Islam Ahmed Ragab, 2018-05-03 How did pious medieval Muslims experience health and disease? Rooted in the prophet's experiences with medicine and healing, Muslim pietistic literature developed cosmologies in which physical suffering and medical interventions interacted with religious obligations and spiritual health. This book traces the development of prophetic medical literature and religious writings around health and disease to give a new perspective on how patienthood was conditioned by the intersection of medicine and Islam. The author investigates the early and foundational writings on prophetic medicine and related pietistic writings on health and disease produced during the Islamic Classical Age. Looking at attitudes from and towards clerics, physicians, and patients, sickness and health are gradually revealed as a social, gendered, religious, and cultural experience. Patients are shown to experience certain sensoria that are conditioned not only by medical knowledge but also by religious and pietistic attitudes. This is a fascinating insight into the development of Muslim pieties and the traditions of medical practice. It will be of great interest to scholars interested in Islamic Studies, history of religion, history of medicine, science and religion, and the history of embodied religious practice, particularly in matters of health and medicine. **A Commentary on the Gospel of Matthew** Craig S. Keener, 1999 This excellent commentary on Matthew offers a unique interpretive approach that focuses on the socio-historical context of the Gospel and the nature of Matthew's exhortation to his first-century Christian audience. By merging a careful study of Matthew's Gospel in relation to the social context of the ancient Mediterranean world with a detailed look at what we know of first-century Jewish-Christian relations, Craig Keener uncovers significant insights into the Gospel not found in any other Matthew commentary. In addition, Keener's commentary is a useful discipleship manual for the church. His unique approach recaptures the full shock effect of Jesus' teachings in their original context and allows Matthew to make his point with greater narrative artistry. Keener also brings home the total impact of Matthew's message, including its clear portrait of Jesus and its call for discipleship both to the Gospel's ancient readers and to believers today. **The Gospel of Matthew** Craig S. Keener, 2009-07-24 This commentary on Matthew offers a unique interpretive approach that focuses on the socio-historical context of the Gospel and the nature of Matthew's exhortation to his first-century Christian audience. By merging a careful study of Matthew's Gospel in relation to the social context of the ancient Mediterranean world with a detailed look at what we know of first-century Jewish-Christian relations, Craig Keener uncovers significant insights into the Gospel not found in any other Matthew commentary. In addition, Keener's commentary is a useful discipleship manual for the church. His approach

recaptures the full shock effect of Jesus teachings in their original context and allows Matthew to make his point with greater narrative artistry Keener also brings home the total impact of Matthew s message including its clear portrait of Jesus and its call for discipleship both to the Gospel s ancient readers and to believers today Thoroughly researched the book includes a 150 page bibliography of secondary sources and more than 150 pages of indexes

Socratic, Platonic and Aristotelian Studies: Essays in Honor of Gerasimos Santas Georgios Anagnostopoulos, 2011-08-12 This volume contains outstanding studies by some of the best scholars in ancient Greek Philosophy on key topics in Socratic Platonic and Aristotelian thought These studies provide rigorous analyses of arguments and texts and often advance original interpretations The essays in the volume range over a number of central themes in ancient philosophy such as Socratic and Platonic conceptions of philosophical method the Socratic paradoxes Plato s view on justice the nature of Platonic Forms especially the Form of the Good Aristotle s views on the faculties of the soul Aristotle s functionalist account of the human good Socratic Platonic and Aristotelian views on the nature of desire and its object The volume will be of interest to students and scholars of ancient philosophy and classics

The Enigmatic Realm of **The Pious Agent**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **The Pious Agent** a literary masterpiece penned with a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of people who partake in its reading experience.
