The Play's the Thing Valerie Whiteson, Nava Horovitz, 1997-07-28 This text features selections from fourteen modern international plays excerpted for intermediate level ESL students

The Play's the Thing Ruth Turk, 2011-08-01 The year was 1569 and the place was Stratford on Avon A little boy watched a company of traveling actors perform on a makeshift stage No one could have known that the child whose name was William Shakespeare would one day become the most famous playwright in history This is the story of the man who wrote Hamlet Macbeth Romeo and Juliet and many other plays that have been performed and enjoyed again and again for more than four hundred years

The Play's The Thing: Volume two Dennis Abrams, 2016-01-25 *The Plays The Thing The Plays of William Shakespeare* is aimed at a YA young adult audience as an introduction to the greatest plays ever written Direct and personal and decidedly non academic each play gets its own essay giving the reader an overview of the play with an emphasis on the relevance that the play has to the reader's own life and concerns As I wrote in the introduction The goal

of this guide then is to turn Shakespeare from somebody you have to read into somebody that you want to read A young man struggles with his father's unexpected death A young couple pledges their love to each other despite their families' angry disapproval A young man rebels against his father while at the same time craving his approval A father and his family roam across what appears to be a post-apocalyptic dystopian landscape A Roman general kills the sons of his enemy and serves them to her baked in a pie Two young couples escape into a forest where magic rules and nothing is quite what it seems A group of young men decide to give up on women and dating in order to devote themselves to their studies until a group of beautiful young women changes their minds The latest YA novels While they certainly sound like they can be they're not They're just one way of looking at some of the plays of William Shakespeare to be precise Hamlet Romeo Juliet Henry IV Parts I & 2 King Lear Love's Labour's Lost that shows that they're not just old-school classic plays they're old-school classic plays that tell stories that are relevant to my life to your lives and to the way we all live today These are stories of love Of families Of fathers and sons Of the rise and fall of kings Of what it's like to grow old Of what it's like to love someone so much it hurts Of treachery and revenge Of ambition Of jealousy Of forgiveness Of murder Almost every human experience you can think of is brought to life in these plays Which is why for more than 400 years they have been seen as the central glory of Western literature And that's also why the plays of William Shakespeare are on a daily basis performed on stages around the world The stories he told the characters he created are universal Audiences in China in Ghana in India in Brazil in every part of the world can appreciate and love Shakespeare as much as the British and Americans

The Play's the Thing Sir Pelham Grenville Wodehouse, 1864-01-01 As the curtain rises a distant orchestra is heard playing Leoncavallo's *Mattinata* The stage is almost dark The only light comes through two large French windows at the back Through them we see the moonlit Mediterranean far below the vague outlines of the precipitous coast twinkling lights along quays and esplanades and here and there the faint glow from some lighted window A lighthouse blinks intermittently in the far distance Within the dark room three darker shadows loom against the moonlit windows the lighted ends of three cigarettes prick the blackness There is a long pause It is almost embarrassingly long Just before one wonders if anything is ever going to happen a man's voice breaks the silence THE MAN'S VOICE When you stop talking Sandor for sixty consecutive seconds there's something wrong One of the shadowy forms is seen to rise and cross to the right wall We hear the click of an electric switch and instantly the stage is flooded with the warm glow of several electric sconces and candelabra lamps The light reveals a room beautifully furnished in Italian Renaissance At the back one shallow step leads up to a raised portion which runs the whole width of the room Behind it are the French windows now closed with a balcony beyond them To the right a short flight of steps leads to a landing and a door to a bedroom suite To the left one step leads up to a door to the hall and the remainder of the castle Occupying the right wall of the lower portion of the room is a great fireplace with a corbelled chimney A long table stands near it At the left is a grand piano Below the piano in the left wall is a door to another bedroom All these doors are closed

Above the piano toward the center is a small stand with a telephone on it There are comfortable chairs here and there The ceiling is beamed and carved The whole room reflects wealth and beauty The speaker who has just lighted the room is a large and portly man of middle age His name is Mansky He is in a dinner jacket as are his two companions Sandor Turai seated in the center and Albert Adam near the piano Turai is also middle aged but younger looking and less portly than Mansky A glance shows him to be a man of consequence and dynamic personality He is wearing a monocle Albert Adam is a dreamy handsome boy just over the threshold of manhood The distant orchestra has stopped playing Mansky reseats himself to the right of Turai and speaks again

The Play's the Thing Elizabeth Jones, Gretchen Reynolds, 1992 The traditional role for teachers in children's play was to structure it setting rules and interrupting if things got out of hand However for children three to five sociodramatic play is a way to invent and make familiar the rhythms and actions of everyday life This text describes why play is a fundamentally important part of children's development and shows how adults can support and promote play The authors offer systematic descriptions and analyses of the different roles a teacher adopts toward this end including those of stage manager mediator player scribe assessor communicator and planner and describe both highly interactive and inhibited children from different economic backgrounds The authors integrate cognitive and psychodynamic theory as well regarding the scripts children play in both cognitive and affective terms and they discuss the importance of fantasy and reality play themes demonstrating the implications of play for literacy learning
