The Pleasure Of Miss Pym:

The Pleasure of Miss Pym Charles Burkhart, 2013-10-02 When British writers Philip Larkin and Lord David Cecil named Barbara Pym one of the twentieth century's most underrated authors in a 1977 Times Literary Supplement survey they started a Barbara Pym revival that continued unabated in Great Britain and the United States. Barbara Pym's delightful tales of jumble sales and parish meetings, her ironic insights into the relationships between women and men, have won a devoted following. Indeed, she is often compared to that most accomplished author of comedies of manners, Jane Austen. The Pleasure of Miss Pym is a critical study of Pym as comic writer and of the links between her life and autobiographical writings and her fiction, written with a liveliness of style and tone that matches Pym's own. Not only does Charles Burkhart provide perceptive discussions of Pym's life and novels, he also illuminates the worldview represented in her work, the unique nature of her comedy, her religion, her place within the history of the novel, and her penetrating insights into male-female relationships. All of Pym's work, including the 1986 posthumous publication *An Academic Question*, is intelligently surveyed here. Scholars of contemporary English literature will derive both instruction and pleasure from this elegantly written study, as will Pym's admiring readers for whom it is also intended.

The Pleasure of Miss Pym Charles Burkhart, **The Suppressed Sister** Amy K. Levin, 1992 Contentious behavior among biological sisters frequently contradicts ideals of sisterhood in novels by women. Additionally, feminist criticism focusing on almost every imaginable relationship involving women has all but ignored sisters. Amy K. Levin's *The Suppressed Sister* studies these circumstances, their causes and consequences. How and why is the sister bond suppressed in favor of sisterhood? Answers to this question may be found in female psychology, social expectations, and patriarchal myths and stories. The tales of Cinderella and Psyche are paradigmatic, providing models of female competition and inscribing a conclusion that replaces sisterly closeness with heterosexual romance. Jane Austen's sister plot is based on these models. Her characters divide into pairs and adopt complementary personalities, but polarization does not erase competition; instead, marriage erects social and economic barriers which enforce role divisions. In *Wives and Daughters*, Cranford, and *The Life of Charlotte Brontë*, Elizabeth Gaskell shows the danger of too close an attachment to the paternal home. She too emphasizes differences, revealing how they ultimately lead siblings to seek a sisterhood outside the family. In *Mill on the Floss*, *Middlemarch*, and *Daniel Deronda*, George Eliot paints increasingly negative portraits of sisters, indicating that female siblings create differences where few or none exist. These denials of similarity heighten the heroine's isolation. Twentieth-century novelists including Barbara Pym, Elizabeth Jane Howard, and Margaret Drabble revise their predecessors' texts, drafting a plot after the father's. They reject rules governing female behavior and question the expectation that women must get along with one another. Finally, Emma Tennant's *Bad Sister*, together with several recent American novels, abandons the conventions of the realistic novel, challenging the very concept of character. Tennant undermines all distinctions, including those that treat sisters as separate individuals and those that classify certain behaviors as good or bad. These novels show a

progression that has been ignored or suppressed by feminist critics many of whom long for an idyll of sisterhood inherited from nineteenth century portraits of the angel in the house In denying anger or antagonism women cut off a part of themselves just as Cinderella s stepsisters amputate their toes to fit in her brittle glass slipper Levin s book questions the rationale behind such self destruction

Culture Writing Tim Watson,2018-01-19 Focusing on the 1950s and early 1960s Culture Writing argues that this period in Britain the United States France and the Caribbean was characterized by dynamic exchanges between literary writers and anthropologists on both sides of the Atlantic As the British and French empires collapsed and the United States rose to global power in the early Cold War and as intellectuals from the decolonizing world challenged the cultural hegemony of the West some anthropologists began to assess their discipline s complicity with empire and experimented with literary forms and technique Culture Writing shows that the literary turn in anthropology took place earlier than has conventionally been assumed in the 1950s rather than the 1970s and 80s Simultaneously some literary writers reacted to the end of the period of modernist experimentation by turning to ethnographic methods for representing the people and cultural practices of Britain France and the United States bringing anthropology back home There is analysis of literary writers who had a significant professional engagement with anthropology and brought some of its techniques and research questions into literary composition Barbara Pym Britain Ursula Le Guin and Saul Bellow United States douard Glissant Martinique and Michel Leiris France On the side of ethnography the book analyzes works by anthropologists who either explicitly or surreptitiously adopted literary forms for their writing about culture Laura Bohannon United States Michel Leiris and Claude L vi Strauss France and Mary Douglas Britain Culture Writing concludes with an epilogue that shows how the literature anthropology conversation continues into the postcolonial period in the work of Indian author anthropologist Amitav Ghosh and Jamaican author sociologist Erna Brodber
