Dada Turns Red Helena Lewis,1990 **The Politics of Surrealism** Helena Lewis,1988-01-01 **Surrealism, Politics and Culture** Raymond Spiteri,Donald Lacoss,2020-03-18 This title was first published in 2003 Drawing on literary art historical and historical studies this essay collection explores the complex encounter between culture and politics within Surrealism The Surrealist movement was one of the first cultural movements to question explicitly the relation between culture and politics and its attempt to fuse social and cultural revolution has been a critical factor in shaping our sense of modernity This anthology addresses not only the contested ground between culture and politics within Surrealism itself and within the subsequent historical accounts of the movement but also the broader implications of this encounter on our own sense of modernity Its goal is to delineate the role of radical politics in shaping the historical trajectory of Surrealism **The Politics of Surrealism and Max Ernst** Abigail Goodman Melamed,1970 *Surrealism, Occultism and Politics* Tessel M. Bauduin,Victoria Ferentinou,Daniel Zamani,2017-10-16 This volume examines the relationship between occultism and Surrealism specifically exploring the reception and appropriation of occult thought motifs tropes and techniques by Surrealist artists and writers in Europe and the Americas from the 1920s through the 1960s Its central focus is the specific use of occultism as a site of political and social resistance ideological contestation subversion and revolution Additional focus is placed on the ways occultism was implicated in Surrealist discourses on identity gender sexuality utopianism and radicalism *Obscure Objects of Desire* Johanna Malt,2004 Publisher description *The Invention of Politics in the European Avant-Garde (1906-1940)* ,2016-08-01 In 1906 for the first time in his life F T Marinetti connected the term avant garde with the idea of the future thus paving the way for what is now commonly called the modernist or historical avant garde Since 1906 the ties between the early twentieth century European aesthetic vanguard and politics have been a matter of debate With a century gone by *The Invention of Politics in the European Avant Garde* takes stock of this debate Opening with a critical introduction to the vast research archive on the subject this book proposes to view the avant garde as a political force in its own right that may have produced solutions to problems irresolvable within its democratic political constellation In a series of essays that combine close readings of texts and plastic works with a thorough knowledge of their political context the book looks at avant garde works as media producing political thought and experience Covering the canonised avant garde movements of Futurism Expressionism Dadaism and Surrealism but also focussing on the avant garde in Europe s geographical outskirts this book will appeal to all those interested in the modernist avant garde **The Community in Avant-Garde Literature and Politics** Zrinka Božić,2022-09-30 This book rethinks the concept of community taking Jean Luc Nancy s influential essay *La communauté d'oeuvre* as its starting point tracing subsequent scholarship on community and adding new insights on avant garde aesthetics and politics Extensively exploring the communitarian dimension of avant garde aesthetics and politics focusing on artistic groups intellectual circles and

theoretical collectives the author aims to bring literature and art into a philosophical examination of the paradoxical and complex idea of community
