The Portable Stephen Crane:

The Portable Stephen Crane Stephen Crane, 1877-07-28 A man is born into the world with his own pair of eyes and he is not responsible for his vision he is merely responsible for his quality of personal honesty In the course of his tragically abbreviated career Stephen Crane 1871 1900 saw things that his contemporaries preferred to overlook the low life of New York s Irish slums the tedium brutality and chaos that were the true conditions of the Civil War the ambiguous contract that binds a terrified man to his killer and the damned to their human judges He communicated what he saw with the same laconic factuality that characterized his journalism and in the process laid the foundations for the unblinking realism of Hemingway and Dos Passos The Portable Stephen Crane allows us to appreciate the full scope and power of this writer s vision It contains three complete novels Maggie A Girl of the Streets George s Mother and Crane s masterpiece The Red Badge of Courage nineteen short stories and sketches including The Blue Hotel and The Open Boat a barely fictionalized account of his own escape from shipwreck while covering the Cuban revolt against Spain the previously unpublished essay Above All Things letters and poems plus a critical essay and notes by the noted Crane scholar Joseph Katz **CLASSICS**

The Portable Milton John Milton, 1608-08-26 The Portable Milton is an authoritative grand tour through the imagination of this prodigal genius In the course of his forty year career John Milton evolved from a prodigy to a blind prophet from a philosophical aesthete to a Puritan rebel and from a poet who proclaimed the triumph of reason to one obsessed with the intractability of sin Throughout these transformations he conceived his work as a form of prayer written in the service of the supreme being *The Portable Enlightenment Reader* Various, 1995-12-01 The Age of Enlightenment of the 18th century

also called the Age of Reason was so named for an intellectual movement that shook the foundations of Western civilization In championing radical ideas such as individual liberty and an empirical appraisal of the universe through rational inquiry and natural experience Enlightenment philosophers in Europe and America planted the seeds for modern liberalism cultural humanism science and technology and laissez faire Capitalism This volume brings together works from this era with more than 100 selections from a range of sources It includes examples by Kant Diderot Voltaire Newton Rousseau Locke Franklin Jefferson Madison and Paine that demonstrate the pervasive impact of Enlightenment views on philosophy and epistemology as well as on political social and economic institutions **The Portable Oscar Wilde** Oscar Wilde, 1854-07-30 Includes the

Ideal Husband and A Woman of No Importance *The Portable Chaucer* Geoffrey Chaucer, 1977-05-26 In the fourteenth century Geoffrey Chaucer who served three kings as a customs official and special envoy virtually invented English poetry. He did so by wedding the language of common speech to metrical verse creating a medium that could accommodate tales of courtly romance bawdy fabliaux astute psychological portraiture dramatic monologues moral allegories and its author's astonishing learning in fields from philosophy to medicine and astrology. Chaucer's accomplishment is unequalled by any poet before Shakespeare and in *The Canterbury Tales* and *Troilus and Cressida* ranks with that of the great English novelists. Both *The Canterbury Tales* and *Troilus and Cressida* are presented complete in this anthology in fresh modern translations by Theodore Morrison that convey both the gravity and gaiety of the Middle English originals. *The Portable Chaucer* also contains selections from *The Book of Duchess*, *The House of Fame*, *The Bird's Parliament* and *The Legend of Good Women* together with short poems. Morrison's introduction is vital for its insights into Chaucer as man and artist and as a product of the Middle Ages whose shrewdness humor and compassion have a wonderfully contemporary ring.

Professionals in Western Film and Fiction Kenneth E. Hall, 2019-06-17 In American Westerns the main characters are most often gunfighters lawmen ranchers and dancehall girls. Civil professionals such as doctors engineers and journalists have been given far less representation usually appearing as background characters in most films and fiction. In Westerns about the 1910 Mexican Revolution however civil professionals also feature prominently in the narrative often as members of the intelligentsia an important force in Mexican politics. This book compares the roles of civil professionals in most American Westerns to those in films on the 1910 Mexican Revolution. Included are studies on the Santiago Toole novels by Richard Wheeler *Strange Lady in Town* with Greer Garson and *La sombra del Caudillo* by Martin Luis Guzmán.
