Alexander, 2001-08-21 Demon possession in New Testament times was real contends the author in the face of rationalistic denials A study of the Gospels reveals that genuine demon possession had two distinctive elements 1 insanity or idiocy of some sort forming the natural element and 2 the confession of Jesus as Messiah forming the supernatural element The author's research also led him to conclude that demon possession in the New Testament is a unique phenomenon in the history of the world being confined indeed to the earlier portion of the ministry of our Lord Why did this phenomenon erupt when it did The incarnation initiated the establishment of the kingdom of heaven upon earth That determined a countermovement among the powers of darkness Genuine demonic possession was one of its manifestations Entire chapters are devoted to historic demonology medical aspects of demonic possession the existence of genuine demonic possession the New Testament narratives concerning the Beelzebul controversy and the Gerasene affair and the alleged

continuance of genuine demonic possession      **The Possession at Loudun** Michel de Certeau, 2000-08 It is August 18 1634 Father Urbain Grandier convicted of sorcery that led to the demonic possession of the Ursuline nuns of provincial Loudun in France confesses his sins on the porch of the church of Saint Pierre then perishes in flames lit by his own exorcists A dramatic tale that has inspired many artistic retellings including a novel by Aldous Huxley and an incendiary film by Ken Russell the story of the possession at Loudun here receives a compelling analysis from the renowned Jesuit historian Michel de Certeau Interweaving substantial excerpts from primary historical documents with fascinating commentary de Certeau shows how the plague of sorceries and possessions in France that climaxed in the events at Loudun both revealed the deepest fears of a society in traumatic flux and accelerated its transformation In this tour de force of psychological history de Certeau brings to vivid life a people torn between the decline of centralized religious authority and the rise of science and reason wracked by violent anxiety over what or whom to believe At the time of his death in 1986 Michel de Certeau was a director of studies at the cole des hautes tudes en sciences sociales Paris He was author of eighteen books in French three of which have appeared in English translation as *The Practice of Everyday Life* *The Writing of History* and *The Mystic Fable* Volume 1 the last of which is published by The University of Chicago Press Brilliant and innovative *The Possession at Loudun* is de Certeau s most accessible book and one of his most wonderful Stephen Greenblatt from the Foreword      *Possession, Power and the New Age* Matthew Wood, 2016-04-08 This book provides a new sociological account of contemporary religious phenomena such as channelling holistic healing meditation and divination which are usually classed as part of a New Age Movement Drawing on his extensive ethnography carried out in the UK alongside comparative studies in America and Europe Matthew Wood criticises the view that such phenomena represent spirituality in which self authority is paramount Instead he emphasises the role of social authority and the centrality of spirit possession linking these to participants class positions and experiences of secularisation Informed by sociological and anthropological approaches to social power and practice especially the work of Pierre Bourdieu and Michel Foucault Wood s study explores what he calls the nonformative regions of the religious field and charts similarities and differences with pagan spiritualist and Theosophical traditions      *Possession: Demoniactal and Other Among Primitive Races, In Antiquity, The Middle Ages, and Modern Times* T. K. Oesterreich, 2024-08-09 *Possession Demoniactal and Other Among Primitive Races In Antiquity The Middle Ages and Modern Times* by T K Oesterreich is a comprehensive and scholarly exploration of the phenomenon of possession throughout human history This classic work first published in the early 20th century offers an in depth analysis of how different cultures and eras have understood and interpreted the concept of possession whether seen as a form of divine inspiration a psychological disorder or a manifestation of demonic influence Oesterreich a distinguished philosopher and psychologist meticulously examines accounts of possession from ancient times through the Middle Ages and into the modern era drawing on a vast array of sources including religious texts historical records and ethnographic studies His study spans the globe considering

how various societies ranging from tribal communities to classical civilizations and medieval Europe have responded to and attempted to explain cases of possession Possession delves into the different forms possession has taken from shamanic trance states and spirit possession in indigenous cultures to the demoniacal possessions documented by the Church during the Middle Ages Oesterreich also explores the psychological dimensions of possession considering how mental illness and cultural beliefs have shaped the interpretation of these extraordinary experiences This book is not only a historical account but also a critical analysis of the enduring fascination with possession and the human need to understand the mysterious forces that seem to control or influence individuals against their will Oesterreich s balanced approach considers both the supernatural explanations and the psychological underpinnings of possession making this work a valuable resource for scholars of religion psychology anthropology and history Possession remains a definitive study on the subject offering readers a rich and nuanced understanding of one of humanity s most intriguing and unsettling phenomena T K Oesterreich s work continues to be an essential reference for anyone interested in the intersection of culture religion and the human psyche
