

Probable and marvellous theme

Theme must be probable & marvelous, grand, elevated. But not unconvincing or improbable, it should have national importance.

Theme of Paradise lost:

- *Man's first disobedience*
- *Fall of man*
- *The ways of God to man*

The Probable And The Marvelous:

C.S. Lewis—On the Christ of a Religious Economy, 3.1 P. H. Brazier, 2013-05-03 C S Lewis On the Christ of a Religious Economy I Creation and Sub Creation opens with Lewis on creation the fall into original sin and the human condition before God and how such an understanding permeated all his work post conversion For Lewis Christ the second person of the Trinity is the agent of creation and its redeemer This leads into Lewis s representation through sub creation explaining salvation history and the purpose of the creation and the creature through story The Chronicles of Narnia The Space Trilogy Screwtape etc but also the question of multiple incarnations and the encounters he pens between Aslan Christ and creatures What does this tell us about the human predicament and our state after the fall This volume forms the first part of the third book in a series of studies on the theology of C S Lewis titled C S Lewis Revelation and the Christ The books are written for academics and students but also crucially for those people ordinary Christians without a theology degree who enjoy and gain sustenance from reading Lewis s work **Educational Foundations**, 1906 **University Series** Stanford University, 1910

The Philosophical Biographer Martin Maner, 2009-01-01 The Philosophical Biographer shows how a shift in philosophical outlook in the seventeenth and eighteenth centuries from an understanding of human knowledge rooted in deductive certainties to one resting on inductive probability influenced the development of biographical narrative in general and in particular the way Johnson dealt with biographical evidence in his *Lives of the Poets* Examining the psychological and philosophical doubt that lay at the heart of Johnson s character and intellect Martin Maner reveals in the biographical studies of Savage Swift Milton and Pope an ingrained pattern of dialectical argument and a skeptical attitude toward evidence a method that involves the reader in judgments about the poets as it conveys Johnson s own understanding of truth In the *Life of Savage* Johnson moves from thesis to antithesis generating out of opposing emotional responses irony and sympathy ridicule and pathos an understanding of the man Dialectically undercutting the conclusions of previous biographers of Swift and Milton Johnson fashions a new somewhat acidic estimation of Swift and a portrait of Milton that engages contemporary questions of the probable and the marvelous The *Life of Pope* Johnson s greatest dialectical achievement alternates between blame and praise public and private realms weaving tone context and analogy into great contrasting patterns of inquiry and judgment Establishing the centrality of a dialectical method in the *Lives of the Poets* Martin Maner links the rise of biography as well as Johnson s interest in the form to the shift in epistemology brought about by empiricism In the new patterns of thought of the seventeenth and eighteenth centuries biography the estimation of a life through sifting of historical events and evidence was the most philosophical of endeavors and Johnson its greatest practitioner *Paradise Lost* John Milton, 1757

The Domenichino Affair Elizabeth Cropper, 2005-01-01 Ten years after completing his work *The Last Communion* of Saint Jerome Bolognese painter Domenichino was accused by his rival Giovanni Lanfranco of stealing the idea for the painting from an altarpiece crafted by Lanfranco s teacher Agostino Carracci The resulting scandal reverberated through the

centuries drawing responses by artists and critics from Poussin and Malvasia to Fuseli and Delacroix Why was Domenichino attacked in this way when other related paintings including Raphael's Marriage of the Virgin and Perugino's painting of the same subject aroused no such negative response In this fast paced book Elizabeth Cropper investigates the Domenichino affair and addresses the perennial debate regarding the precise nature of originality and of imitation She offers close readings of the paintings involved in the story detailed analysis of attitudes toward imitation emulation and plagiarism and a fascinating discussion of what Domenichino's plight signifies in art history

Hume's Aesthetic Theory Dabney Townsend, 2013-04-15 Hume's Aesthetic Theory examines the neglected area of the development of aesthetics in empiricist thinking exploring the link between the empiricist background of aesthetics in the eighteenth century and the work of David Hume This is a major contribution to our understanding of Hume's general philosophy and provides fresh insights into the history of aesthetics

Risk and the English Novel Julia Hoydis, 2019-09-23 Taking the cue from the currency of risk in popular and interdisciplinary academic discourse this book explores the development of the English novel in relation to the emergence and institutionalization of risk from its origins in probability theory in the late seventeenth century to the global risk society in the twenty first century Focussing on 29 novels from Defoe to McEwan this book argues for the contemporaneity of the rise of risk and the novel and suggests that there is much to gain from reading the risk society from a diachronic literary cultural perspective Tracing changes and continuities the fictional case studies reveal the human preoccupation with safety and control of the future They show the struggle with uncertainties and the construction of individual or collective logics of risk which oscillate between rational calculation and emotion helplessness and denial and an enabling or destructive sense of adventure and danger Advancing the study of risk in fiction beyond the confinement to dystopian disaster narratives this book shows how topical notions such as chance and probability uncertainty and responsibility fears of decline and transgression all cluster around risk

Before Novels J. Paul Hunter, 1990 By taking a close look at materials no previous twentieth century critic has seriously investigated in literary terms ephemeral journalism moralistic tracts questions and answer columns wonder narratives Paul Hunter discovers a tangled set of roots for the early novel His provocative argument for a new historicized understanding of the genre and its early readers brilliantly reveals unexpected affinities Patricia Meyer Spacks Edgar F Shannon Professor of English University of Virginia

Marvelous Possessions Stephen Greenblatt, 2024-05-31 A marvelous book a compelling and a powerful one Nothing so original has ever been written on European responses to the wonder of the New World Anthony Pagden Times Literary Supplement Pulitzer Prize Winning Author A masterwork of history and cultural studies Marvelous Possessions is a brilliant meditation on the interconnected ways in which Europeans of the Age of Discovery represented non European peoples and took possession of their lands particularly in the New World In a series of innovative readings of travel narratives judicial documents and official reports Stephen Greenblatt shows that the experience of the marvelous central to both art and philosophy was manipulated

by Columbus and others in the service of colonial appropriation Much more than simply a collection of the odd and exotic *Marvelous Possessions* is both a highly original extension of Greenblatt's thinking on a subject that has permeated his career and a thrilling tale of wandering kidnapping and go betweens of daring improvisation betrayal and violence Reaching back to the ancient Greeks forward to the present and in his new preface even to fantastical meetings between humans and aliens in movies like *Close Encounters of the Third Kind* Greenblatt would have us ask How is it possible in a time of disorientation hatred of the other and possessiveness to keep the capacity for wonder for tolerant recognition of cultural difference from being poisoned Greenblatt writes with sophistication wit and considerable grace I was intrigued throughout by the many flavors of his erudition intelligence and style Ronald Wright *The Globe and Mail* For the most engaging and illuminating perspective of all read *Marvelous Possessions* Laura Shapiro *Newsweek*
