The Problem of Etiological Narrative in the Old Testament Burke O. Long, 2011-11-21 The series Beihefte zur Zeitschrift für die alttestamentliche Wissenschaft BZAW covers all areas of research into the Old Testament focusing on the Hebrew Bible its early and later forms in Ancient Judaism as well as its branching into many neighboring cultures of the Ancient Near East and the Greco Roman world *Form Criticism of the Old Testament* Gene M. Tucker, 1976 Because of its long oral tradition the Old Testament includes an array of different literary types and compositions Analysis of these genres in the biblical material is known as form criticism Gene Tucker draws on contemporary speech patterns to illustrate how the scholar pinpoints various categories or genres The basic principles of form criticism are outlined and many biblical examples given The story of Jacob's struggle at the Jabbok and the prophetic literature are treated in detail While form criticism does not solve all the interpreter's problems it forms an essential tool for exegesis and for recovering the living history of Old Testament literature **Beihefte zur Zeitschrift für die alttestamentliche Wissenschaft**, 1968 *The Origin Myths and Holy Places in the Old Testament* Lukasz Niesiolowski-Spano, Jacek Laskowski, 2016-04-08 Origin Myths and Holy Places in the Old Testament examines the biblical narratives which describe the origins of holy places It argues for the Hellenistic origin or redaction of most of these narratives Three central questions are addressed are there common features in biblical accounts about the foundation of places of worship are there elements in the aetiological stories that reveal the real mythology rituals of the sanctuary what were the circumstances of the creation of such narratives Closure in Biblical Narrative Susan Zeeland, 2011-12-23 There has been much discussion of narrative aspects of the Bible in recent years but the ends of biblical narratives how the ends contribute to closure for their stories and how the ending strategies affect the whole narrative have not been studied comprehensively This study shows how the writers and editors of short narratives in Genesis gave their stories a sense of closure or in a few cases the sense of non closure Multiple and sometimes unexpected forms of closure are identified together these form a set of closural conventions This contribution to narrative poetics of the Hebrew Bible in the light of source criticism will also be valuable to those who are interested in narrative and in concepts of closure **Textual Criticism and Dead Sea Scrolls Studies in Honour of Julio Trebolle Barrera** Andrés Piquer Otero, Pablo A. Torijano Morales, 2012-04-18 This volume includes papers on different topics of textual criticism of the Bible history of the Hebrew text and the Septuagint and Dead Sea Scrolls studies contributed by friends and colleagues of Julio Trebolle Barrera to honour him on the occasion of his 65th birthday The book presents a good selection of current research in the history and composition of the Bible the Septuagint and the Dead Sea Scrolls all with the aim of honouring a scholar who has excelled in those areas throughout his career **Poetics and Interpretation of Biblical Narrative** Adele Berlin, 1983 Poetics the science of literature makes us aware of how texts achieve their meaning Poetics aids interpretation If we know how texts mean we are in a better position to discover what a particular text means This is a book which offers
