The Media's Coverage of the Arab-Israeli Conflict Stephen Karetzky, Norman Frankel, 1989 **Global Media Coverage of the Palestinian-Israeli Conflict** Nouredine Miladi, 2023-07-13 The attempts to evict Palestinian residents of Sheikh Jarrah in May 2021 caught the attention of the world While this small Palestinian neighbourhood in East Jerusalem had long been central to the Israel Palestinian conflict the planned expulsions pushed the situation back into the spotlight This book discusses the complexity of the media war that took place at the same time Across 20 chapters it compares Israeli Western Palestinian and Arab media to understand how different narratives were discussed supported and challenged In particular the book captures how social media became a site of online activism and alternative war narratives The volume is unique in focusing on a specific event from many different perspectives and with material from different countries and media platforms Case studies include the Spanish press the African press the BBC Al Jazeera English TRT World Television and digital media such as TikTok and Facebook as well as the impact of social media activism In doing so the book also comments on the extent that citizen journalists challenge the propaganda war **Hijacking the Arab-Israeli Conflict** Asaf Romirowsky, 2021-07-05 The importance of reclaiming the scholarly language of the Palestinian Israeli conflict cannot be overstated as entire disciplines including Middle Eastern Studies Women and Gender Studies and Ethnic Studies have come under the spell of these politicised fads with the attendant perversion of standards of evidence and open inquiry Wielded by scholar activists the vast majority of whom do not know Hebrew and have spent little time in Israel the distortion of crucial terms has become so pervasive that it is no longer possible to recall how these terms were originally used That a vocabulary of historical explanation has dissolved into today's crude value judgments and unhinged polemics distorts the academic study of Israel of Palestinians of the Israeli Palestinian conflict and not incidentally of politics Hijacking the Arab Israeli Conflict emphasizes how a delegitimizing lexicon of terms and concepts is often used in highly politicized anti Zionist scholarship This volume focuses on this linkage between language and thought partly because it is long a staple focus for political theory and philosophy The chapters in this book were originally published as a special issue of Israel Affairs **The Israeli-Egyptian Peace Process in the Reporting of Western Journalists** Mohammed el-Nawawy, 2002-01-30 Of the enormous number of books published on the Arab Israeli conflict most focus on its history or the political dimensions of the current peace process None however has provided an in depth look at the relationship between those who shape the events and the Western journalists who cover them In this bold new study Mohammed A el Nawawy explores the ways in which government officials try to manipulate the news media how the reporters contend with such interference the professional and newsmaking roles of the journalists and how their demographic and educational backgrounds influence their coverage of this crucial time and place Through interviews with 168 Western correspondents 94 in Israel and 74 in Egypt who together represent more than 88 percent of the whole population of foreign correspondents in the Middle East the author provides an invaluable source of
