**Memory and Identity in Modern and Postmodern American Literature** Lovorka Gruic Grmusa, Biljana Oklopčić, 2022-09-16 This book discusses how American literary modernism and postmodernism interconnect memory and identity and if and how the intertwining of memory and identity has been related to the dominant socio cultural trends in the United States or the specific historical contexts in the world The book s opening chapter is the interrogation of the narrator s memories of Jay Gatsby and his life in F Scott Fitzgerald s *The Great Gatsby* The second chapter shows how in William Faulkner s *Light in August* memory impacts the search for identities in the storylines of the characters The third chapter discusses the correlation between memory self and culture in Tennessee Williams s *A Streetcar Named Desire* Discussing Robert Coover s *Gerald s Party* the fourth chapter reveals that memory and identity are contextualized and that cognitive processes including memory are grounded in the body s interaction with the environment featuring dehumanized characters whose identities appear as role plays The subsequent chapter is the analysis of how Jonathan Safran Foer s *Everything Is Illuminated* deals with the heritage of Holocaust memories and postmemories The last chapter focuses on Thomas Pynchon s *Against the Day* the reconstructive nature of memory and the politics and production of identity in Southeastern Europe

*Memory in Black and White* Paul A. Shackel, 2003-02-22 As a nation we bring many perspectives to our commemorative places and our ideas may change over time especially on difficult topics like slavery and racism Why a place is saved and how
