Angeles Times **Philippine Teacher**, 1928 **Dr. David Murray** Benjamin Duke, 2019-06-21 This is the first biography in English of an uncommon American Dr David Murray a professor of mathematics at Rutgers College who was appointed by the Japanese government as Superintendent of Education in the Empire of Japan in 1873 The founding of the Gakusei the first public school system launched in Japan marks the beginning of modern education in Japan accommodating all children of elementary school age Murray s unwavering commitment to its success renders him an educational pioneer in Japan in the modern world Benjamin Duke has compiled this comprehensive biography of David Murray to showcase Murray s work both in assisting around 100 samurai students in their studies at Rutgers and in his unprecedented role in early Japanese American relations This fascinating story uncovers a little known link between Rutgers University and Japan and it is the only book to conclude that Rutgers made a greater contribution to the development of modern education in the early Meiji Era than any other non Japanese college or university in the world **The Friend** Samuel Chenery Damon, 1916 The Modernizers Ardath W. Burks, 2019-09-10 This volume of essays by Japanese and Western scholars sheds light on the process of modernization in nineteenth century Japan focusing on two significant aspects of Japan s transition to a modern society the decision to live for a time with the necessary evil of relying on the skill and advice of foreign employees oyatio gaikokujin and the decision to dispatch Japanese students overseas Pyugakusei The essays make clear that the success of both these programs went beyond aiding Japan s modernization goals their indirect effects often extended much further than planned influencing even today the fields of education science and history and affecting other countries knowledge about Japan

American Monthly Review of Reviews Albert Shaw, 1916 **Envisioning the Empress: The Lives and Images of Japanese Imperial Women, 1868-1952** Alison J. Miller, 2024-12-02 Envisioning the Empress illuminates dynamic and powerful empresses who impacted not only women in their own time but whose influence extended to later generations of royalty creating a greater role for imperial women and elevating the status of women s roles at a crucial juncture in Japanese history The central focus of this book is visual monarchy exploring how the empress biographies were primarily expressed in visual culture and how their images worked in support of Japan s imperial policies in the late nineteenth and early twentieth centuries The book begins with a brief overview of premodern and modern imperial women to orient the reader In each chapter different media audiences and distribution channels for constructing the narrative of feminine imperial power in Japan are addressed alongside biographical information It is argued that the ultimate purpose of all of these images was to elevate the empress and promote her image as a conventional role model for modern women but one with enough celebrity cache to maintain popularity The images of the modern empresses as distributed by the Imperial Household Agency strike a balance between propaganda and popular media noble philanthropist and upper middle class role model celebrity and mother of the nation The modern empress image was crafted to be both exalted and approachable and worked to establish individual biographies while simultaneously establishing the position of the empress as timeless in the public eye Envisioning

the Empress introduces students of royal studies as well as modern Japanese history and art history to this fascinating element of the history of monarchy and women s history more broadly
