The mind of G.K. Chesterton Rachel McClain, 1976 [The Mind of Chesterton](#) Gregory Macdonald, 1970 *G.K. Chesterton* Dale Ahlquist, 2003 The English author G K Chesterton 1874 1936 was one of the most well known and beloved writers of his time Yet he has been strangely neglected today and is all but unknown by today's readers Dale Ahlquist's television series *The Apostle of Common Sense* introduced Chesterton to a new generation and re introduced him to a generation that had forgotten him This new book now compliments this highly acclaimed series and it is a perfect initiation to Chesterton As President of the American Chesterton Society Ahlquist is an able guide who takes the reader through twelve of Chesterton's most important books as well as the famous Father Brown stories **BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved** **In Defense Of Sanity** G. K. Chesterton, 2011-09-09 G K Chesterton was a master essayist But reading his essays is not just an exercise in studying a literary form at its finest it is an encounter with timeless truths that jump off the page as fresh and powerful as the day they were written The only problem with Chesterton's essays is that there are too many of them Over five thousand For most GKC readers it is not even possible to know where to start or how to begin to approach them So three of the world's leading authorities on Chesterton Dale Ahlquist Joseph Pearce Aidan Mackey have joined together to select the best Chesterton essays a collection that will be appreciated by both the newcomer and the seasoned student of this great 20th century man of letters The variety of topics are astounding barbarians architects mystics ghosts fireworks rain juries gargoyles and much more Plus a look at Shakespeare Dickens Jane Austen George MacDonald T S Eliot and the Bible All in that inimitable formidable but always quotable style of GKC Even more astounding than the variety is the continuity of Chesterton's thought that ties everything together A veritable feast for the mind and heart While some of the essays in this volume may be familiar many of them are collected here for the first time making their first appearance in over a century [The Greatest Works of G. K. Chesterton](#) G. K. Chesterton, 2023-11-08 In *The Greatest Works of G K Chesterton* readers are treated to a rich tapestry of essays novels and poetry that exemplify Chesterton's sharp wit philosophical depth and profound appreciation for paradox This anthology showcases his ability to critique modernity while celebrating the simplicity of the everyday merging literary genres with eloquent prose and a playful approach to the complexities of existence Among the various themes explored are religion society and human nature all of which echo the author's fervent belief in the power of imagination and the importance of wonder in the pursuit of truth G K Chesterton 1874 1936 was an influential English writer poet and theologian whose insights have resonated through generations His upbringing in a conventional middle class family coupled with a later embrace of Catholicism deeply informed his worldview and literary output As articulated in his works Chesterton's

commitment to social justice and the questioning of prevailing norms reflect his experience as a journalist and public thinker. His unique ability to blend humor with serious philosophical inquiry permeates this collection ensuring that his voice remains relevant in contemporary discourse. This anthology is not merely a compilation; it is a compelling invitation to explore the multifaceted genius of Chesterton. Readers will find intellectual stimulation alongside a refreshing perspective on life and its inherent mysteries. Whether a longtime admirer or new to his work, this collection serves as an essential guide to the enduring legacy of one of literature's most brilliant minds.

G K Chesterton's Christian Writings (Unabridged): Everlasting Man, Orthodoxy, Heretics, St Francis of Assisi, St. Thomas Aquinas and the Man Who Was T G. K. Chesterton, 2012-11. This Omnibus edition of G. K. Chesterton's writings includes the following complete and unabridged classic books: *The Everlasting Man*. What makes the human uniquely human? This is the question that G. K. Chesterton starts with in this exploration of human history. Chesterton responds to H. G. Wells, affirming the uniqueness of being human and the message of the Christian faith. Chesterton refutes the idea of Social Darwinism, which claims that we have been gradually evolving from the barbaric to the civilised state we currently find ourselves in. He sees Christianity as a blend of reason and story, which satisfies both the mind and the heart. *Orthodoxy*. Chesterton explores right thinking and explains how it led him to faith. This is a very personal account of his conversion, but Chesterton makes it clear that for him, it was as a result of his scholarly examination of Christianity's arguments. *Heretics*. Chesterton is at his very witty best in this collection of twenty articles. He focussed his brilliant mind on heretics, prominent figures whom Chesterton considers theologically wrong, including Kipling, Shaw, Wells, and Whistler. *St Francis of Assisi*. Francis of Assisi is without doubt one of the greatest saints and hugely influential in human history. This biography by G. K. Chesterton is considered to be the greatest tribute to this great man's life and one that fully appreciates what St Francis offered to humanity. *St Thomas Aquinas*. This Biography of St Thomas Aquinas ranks as one of the best books ever written on the life and thought of this great saint. Aquinas was shy and dubbed the Dumb Ox by his classmates. Little did they know that he was an unparalleled genius and would revolutionise Christian thought. *The Man who was Thursday*. This book is included because, like much of G. K. Chesterton's fiction, it is full of Christian allegory. This is a true masterpiece, a psychological thriller that weaves its way around seven anarchists who are called by the names of the days of the week. The aim of the book is to expose moral relativism and nihilism for the evil that they are.

The Chestertonian Library: An Anthology of Chesterton's Works from: 1891-1922, Volume 1, Fiction: The Hill of Humour Matthew Hatcher, 2017-06. This is volume one of a multi-volume collected works series featuring G. K. Chesterton's writings between 1891-1922. Enjoy his wit and humor mingled with deep insights within this volume through four of his fictional works: *The Ball and the Cross*, *MANALIVE*, *Napoleon of Notting Hill*, and *The Flying Inn*.

A History of Apologetics Avery Dulles, 2005. Cardinal Avery Dulles's *A History of Apologetics* provides a masterful overview of Christian apologetics from its beginning in the New Testament through the Middle Ages and on to the present resurgence of apologetics among Catholics and

Protestants Dulles shows how Christian apologists have at times both criticized and drawn from their intellectual surroundings to present the reason ableness of Christian belief

BOOK JACKET From Sight through to In-Sight Omar Sabbagh, 2014-01-05 An interdisciplinary study of the Impressionist early Modernist works of Conrad and Ford this book aims to show how the represented temporalities whether to do with past present future experience within and without the novels or logical structural relations of before and after are at the core of the won effects of both authors oeuvres Looking at such well known works as Nostromo The Good Soldier The Fifth Queen Parade s End the study makes use of philosophy historical and contemporary theology psychoanalysis and other sources to re describe unlock and display the fertile ways in which time and historical experience are both manumitted within the tales analysed and recursively within their reading experience Ultimately the two senses of making you see from Conrad s iconic Preface are used as gambits to understand the ways in which these novels are metaphysically vibrant symbolically hopeful as against the more common interpretation of metaphysical dissolution and over determined failure

Battling for the Modern Mind Thomas C. Peters, 1994 An introduction to the thought and work of G K Chesterton a remarkable British journalist whose keen grasp of the essentials of Christianity in combination with a razor sharp wit produced works on the Faith that remain classics Chesterton decisively demonstrated why classic Christianity is more exciting more romantic as he put it than its modern rivals

Constructions of 'the Jew' in English Literature and Society Bryan Cheyette, 1995-10-26 Combining cultural theory discourse analysis and new historicism with readings of the works of major contemporary authors this study concludes that the Jew is characterized unstereotypically as the embodiment of uncertainty within English literature and society

Sample Book Insights

- 1 The contrast between the two men is clear St Francis was a lean and lively little man while St Thomas was a massive and silent figure Francis s life was full of plunges and scampers while St Thomas s was full of contemplation and study
- 2 St Thomas was a huge heavy bull of a man fat and slow and quiet He was shy even apart from the humility of holiness and abstracted even apart from his occasional and carefully concealed experiences of trance or ecstasy
- 3 The saint is a medicine because he is an antidote He will be found restoring the world to sanity by exaggerating whatever the world neglects He will be found contradicting the most popular trends of his time
- 4 The world needs a saint and the two saints have appealed to two generations an age of romantics and an age of sceptics Yet in their own age they were doing the same work
