The Phenomenon Of Puerto Rican Voting:

The Phenomenon of Puerto Rican Voting Luis Raúl Cámara Fuertes, 2004 This book will be useful to political scientists political sociologists and scholars of Latino and Puerto Rican studies It makes a contribution to voting studies while dispelling one of the most damaging myths about Puerto Ricans in the U S as well namely that their low level of electoral participation is a function of their culture Jose E Cruz State University of New York Albany Puerto Ricans participate in elections at a far higher rate than voters in the United States even though their election systems are similar Why Timely and intriguing this study compares factors affecting voter turnout in both countries offering lessons for political mobilization in the United States Puerto Rico has virtually the same voting institutions as the United States furthermore most of the island's constitutional and legal arrangements are hostile to voting turnout Yet voting behavior in Puerto Rico is radically different from its mainland counterpart Combining both quantitative and qualitative analysis of data from the 1952 2000 electoral period the author uncovers two important electoral differences that explain this bewildering phenomenon the way political parties operate and the way people get involved in politics He shows that Puerto Rican parties are stronger and more disciplined than American parties with roots that go deeper into society In addition he says Puerto Rican culture apparently relates to elections with more passion and devotion than American culture The campaign environment is much more carnivalesque and festive than in the United States thus adding to voting mobilization His study casts doubts on the influence of some institutional and legal arrangements on voting turnout and it highlights the importance of political parties and mobilization On a note of caution he points out that voter participation in Puerto Rico has steadily decreased since 1976 This trend debunks some of the myths about the island's voting turnout rate and could force Puerto Ricans to reevaluate their electoral system He also predicts that the high level of electoral involvement of Puerto Rico may be coming to an end Both accessible and complex the book will be of interest to the general public and political analysts it will also be valuable to scholars studying voter turnout Puerto Rican politics or the politics of Puerto Ricans and other Latinos living on the U S mainland Luis Raul Camara Fuertes is assistant professor of political science at the University of Puerto Rico in San Juan

Voting and Political Representation in America Mark P. Jones, 2020-02-24 Examines voting trends and political representation in the United States today with a special focus on debates over voting rights voter fraud and voter suppression and election rules and regulations including those related to gerrymandering campaign fundraising and other controversial subjects Do average Americans have a voice in Washington Are they well represented or are they marginalized Do elections reflect fundamental democratic institutions and values or are they tarnished by voter suppression voter fraud gerrymandering or other factors To what extent do America's elected officials reflect the diversity of race religion gender socioeconomic background sexual orientation and political views of the wider American population This encyclopedia explores all these questions and more It examines important mechanisms and laws shaping political representation in

America in the 21st century such as term limits gerrymandering the Electoral College and direct democracy ballot initiatives and referendums and the degree to which various demographic groups are represented in state and federal legislatures from Latinos and senior citizens to atheists and residents of rural states It also explains the basis for escalating concerns about both voter fraud and voter suppression **Minority Voting in the United States** Kyle L. Kreider, Thomas J.

Baldino, 2015-12-07 What are the voting behaviors of the various minority groups in the United States and how will they shape the elections of tomorrow This book explores the history of minority voting blocs and their influence on future American elections According to current scholarship the Caucasian population of the United States is expected to be a minority by 2042 As the white majority disappears and politics shift with the changing tide it is important to understand the voting behaviors of the significant minority voting blocs in the United States In this book a variety of voting blocs are examined African Americans women Native Americans Latinos Mexicans Cubans Puerto Ricans South Asians Indians Pakistanis Bangladeshis East Asians Chinese Japanese Koreans Filipinos Pacific Islanders Arab Americans Muslim Americans Jewish Americans and the LGBT community In addition to factual and historical information about the minority voting blocs chapters also explore how Section 5 of the Voting Rights Act of 1965 felon disenfranchisement laws and voter ID laws impact a minority group s voting rights Finally the authors and contributors anticipate which issues are likely to influence each group s voters and affect future elections **Transnational Citizenship Across the Americas** Ulla Berg, Robyn Magalit

Rodriguez, 2015-12-22 Mass migrations diasporas dual citizenship arrangements neoliberal economic reforms and global social justice movements have in recent decades produced shifting boundaries and meanings of citizenship within and beyond the Americas In migrant receiving countries this has raised questions about extending rights to newcomers In migrant sending countries it has prompted states to search for new ways to include their emigrant citizens into the nation state This book situates new practices of immigrant and emigrant citizenship and the policies that both facilitate and delimit them in a broader political economic context It shows how the ability of people to act as transnational citizens is mediated by inequalities along the axes of gender race nationality and class both in and between source and destination countries resulting in a plethora of possible relations between states and migrants The volume provides cross disciplinary and theoretically engaging discussions as well as empirically diverse case studies from countries in Latin America and the Caribbean that have been transformed into emigrant states in recent years offering new concepts and theory for the study of transnational citizenship This book was originally published as a special issue of Identities Global Studies in Culture and Power **Hispanics and the Future of America** National Research Council, Division of Behavioral and Social Sciences and Education, Committee on Population, Panel on Hispanics in the United States, 2006-03-23

Hispanics and the Future of America presents details of the complex story of a population that varies in many dimensions including national origin immigration status and generation The papers in this volume draw on a wide variety of data sources to describe the contours of this

population from the perspectives of history demography geography education family employment economic well being health and political engagement They provide a rich source of information for researchers policy makers and others who want to better understand the fast growing and diverse population that we call Hispanic The current period is a critical one for getting a better understanding of how Hispanics are being shaped by the U S experience This will in turn affect the United States and the contours of the Hispanic future remain uncertain The uncertainties include such issues as whether Hispanics especially immigrants improve their educational attainment and fluency in English and thereby improve their economic position whether growing numbers of foreign born Hispanics become citizens and achieve empowerment at the ballot box and through elected office whether impending health problems are successfully averted and whether Hispanics geographic dispersal accelerates their spatial and social integration The papers in this volume provide invaluable information to explore these issues

Latinos in New York Sherrie Bayer, Angelo Falcón, Gabriel Haslip-Viera, 2017-06-23 Significant changes in New York City's Latino community have occurred since the first edition of *Latinos in New York Communities in Transition* was published in 1996 The Latino population in metropolitan New York has increased from 1.7 million in the 1990s to over 2.4 million constituting a third of the population spread over five boroughs Puerto Ricans remain the largest subgroup followed by Dominicans and Mexicans however Puerto Ricans are no longer the majority of New York's Latinos as they were throughout most of the twentieth century *Latinos in New York Communities in Transition* second edition is the most comprehensive reader available on the experience of New York City's diverse Latino population The essays in Part I examine the historical and sociocultural context of Latinos in New York Part II looks at the diversity comprising Latino New York Contributors focus on specific national origin groups including Ecuadorians Colombians and Central Americans and examine the factors that prompted emigration from the country of origin the socioeconomic status of the emigrants the extent of transnational ties with the home country and the immigrants interaction with other Latino groups in New York Essays in Part III focus on politics and policy issues affecting New York's Latinos The book brings together leading social analysts and community advocates on the Latino experience to address issues that have been largely neglected in the literature on New York City These include the role of race culture and identity health the criminal justice system the media and higher education subjects that require greater attention both from academic as well as policy perspectives Contributors Sherrie Bayer Juan Cartagena Javier Castaño Ana María Díaz Stevens Angelo Falcón Juan Flores Gabriel Haslip Viera Ramona Hernández Luz Yadira Herrera Gilbert Marzán Ed Morales Pedro A. Noguera Rosalva Reyes Clara E. Rodríguez José Ramón Sánchez Walker Simon Robert Courtney Smith Andrés Torres and Silvio Torres Saillant

Latino Politics: Identity, Mobilization, and Representation Rodolfo Espino, David L. Leal, Kenneth J. Meier, 2008-08-12 Due to the dramatic growth of the Latino population in America in combination with the relative decline of the Anglo non Hispanic white share Latino Studies is increasingly at the forefront of political concern With *Latino Politics Identity Mobilization and Representation* editors Rodolfo

Espino David L Leal and Kenneth J Meier bring together essays from a number of leading scholars to address the ever more important issues within the field Providing an overview of issues surrounding Latino identity and political opinion such as differences among Latino groups based on national origin the importance of descriptive representation and issues of competition and cooperation particularly with reference to African Americans the editors speak to the many fundamental debates ingrained in the discipline In addition to highlighting important contributions of the study of Latino politics to date this volume suggests areas that have yet to be explored and perhaps more importantly demonstrates how the study of Latino politics relates to broader questions of American politics and society Foregrounding debates in the overall discipline of political science the collection will appeal to those who study Latino politics as well as those who are interested in understanding American politics and society with reference to Latino and minority concerns Contributors Rodney E Hero University of Notre Dame Benjamin M rquez University of Wisconsin Madison David L Leal University of Texas at Austin Michael Jones Correa Cornell University Matt A Barreto University of Washington Ricardo Ramirez University of Southern California Louis DeSipio University of California Irvine Adrian D Pantoja Arizona State University Sylvia Manzano Texas A M University Helena Alves Rodrigues University of Arizona Gary M Segura University of Washington Ren R Rocha University of Iowa Luis Ricardo Fraga University of Washington Sharon A Navarro University of Texas at San Antonio Rodolfo Espino Arizona State University Jason P Casellas University of Texas at Austin Eric Gonzalez Juenke University of Colorado at Boulder Nick A Theobald California Polytechnic State University San Luis Obispo Valerie Martinez Ebers Texas Christian University Manuel Avalos Arizona State University Kenneth J Meier Texas A M University

The Mass Media and Latino Politics Federico Subervi-Velez, 2009-03-04 The Latin American population has become a major force in American politics in recent years with expanding influences in local state and national elections The candidates in the 2004 campaign wooed Latino voters by speaking Spanish to Latino audiences and courting Latino groups and PACs Recognizing the rising influence of the Latino population in the United States Federico Subervi Velez has put together this edited volume examining various aspects of the Latino and media landscape including media coverage in English and Spanish language media campaigns and survey research

Political Encyclopedia of U.S. States and Regions Donald P. Haider-Markel, Michael A. Card, 2009 Providing expert analysis of government and politics in all 50 states and the U S territories this innovative two volume reference fills the critical need for information and analysis of the roles and functions of state government through accessible state by state and regional overviews of government and politics

The Madness of Every Four Years Luis Raúl Cámara, 1999
