The Place Called Inbetween The Place Beneath The Valley

John Baker, Stuart Brookes

The Place Called Inbetween The Place Beneath The Valley:

The Places in Between Rory Stewart, 2006 Rory Stewart recounts the experiences he had walking across Afghanistan in 2002 describing how the country and its people have been impacted by the Taliban and the American military's involvement in the region

Water-resources Investigations Report, 1996

A Town In-Between Judith Ridner, 2011-06-06 In *A Town In Between* Judith Ridner reveals the influential turbulent past of a modest quiet American community Today Carlisle Pennsylvania nestled in the Susquehanna Valley is far from the nation's political and financial centers In the eighteenth century however Carlisle and its residents stood not only at a geographical crossroads but also at the fulcrum of early American controversies Located between East Coast settlement and the western frontier Carlisle quickly became a mid Atlantic hub serving as a migration gateway to the southern and western interiors a commercial way station in the colonial fur trade a military staging and supply ground during the Seven Years War American Revolution and Whiskey Rebellion and home to one of the first colleges in the United States Dickinson *A Town In Between* reconsiders the role early American towns and townspeople played in the development of the country's interior Focusing on the lives of the ambitious group of Scots Irish colonists who built Carlisle Judith Ridner reasserts that the early American west was won by traders merchants artisans and laborers many of them Irish immigrants and not just farmers Founded by proprietor Thomas Penn the rapidly growing town was the site of repeated uprisings jailbreaks and one of the most publicized Anti Federalist riots during constitutional ratification These conflicts had dramatic consequences for many Scots Irish Presbyterian residents who found themselves a people in between mediating among the competing ethnoreligious cultural class and political interests that separated them from their fellow Quaker and Anglican colonists of the Delaware Valley and their myriad Native American trading partners of the Ohio country In this thoroughly researched and highly readable study Ridner argues that interior towns were not so much spearheads of a progressive and westward moving Euro American civilization but volatile places situated in the middle of a culturally diverse economically dynamic and politically evolving early America

The Sacred In-Between: The Mediating Roles of Architecture Thomas Barrie, 2013-09-13 The sacred place was and still is an intermediate zone created in the belief that it has the ability to co join the religious aspirants to their gods An essential means of understanding this sacred architecture is through the recognition of its role as an in between place Establishing the contexts approaches and understandings of architecture through the lens of the mediating roles often performed by sacred architecture this book offers the reader an extraordinary insight into the forces behind these extraordinary buildings Written by a well known expert in the field the book draws on a unique range of cases reflecting on these inspiring places their continuing ontological significance and the lessons they can offer today Fascinating reading for anyone interested in sacred architecture

Limi, the Land In-Between Astrid Hovden, 2025-02-27 This book examines the art of governing a Himalayan frontier community through local institutions and customary law in the context of extensive socio economic and political

change Limi the Land In Between discusses the roles of the village assembly and the Buddhist monastery in local governance and details the monastery's functions as a ritual provider tax collector and its contribution to environmental management and conflict resolution Adopting a longitudinal perspective the author explores how the villagers adapt to shifting Nepali administrative reforms and navigate the dilemmas arising with increasing outmigration as well as other transformations within the broader regional and global context Beyond the Burghal Hidage John Baker, Stuart Brookes, 2013-03-27 As the title suggests Beyond the Burghal Hidage takes the study of Anglo Saxon civil defence away from traditional historical and archaeological fields and uses a groundbreaking interdisciplinary approach to examine warfare and public responses to organised violence through their impact on the landscape By bringing together the evidence from a wide range of archaeological onomastic and historical sources the authors are able to reconstruct complex strategic and military landscapes and to show how important detailed knowledge of early medieval infrastructure and communications is to our understanding of Anglo Saxon preparedness for war and to the situating of major defensive works within their wider strategic context The result is a significant and far reaching re evaluation of the evolution of late Anglo Saxon defensive arrangements Winner of the 2013 Verbruggen prize given annually by De Re Militari society for the best book on medieval military history **Spaces in-between** Mark Luccarelli, Sigurd Bergmann, 2015-10-05 Spaces in between goes beyond the emphasis on externalities signalled by the term environment to address the isolation of modern technological culture from nature Solutions require more than an awareness of natural surroundings and human destructiveness We think in terms of the re conceptualization re design and re negotiation of space The book is concerned with social practices belief systems urban designs the organization and representation of landscapes and modes of living These aspects of spatiality suggest how to conceive and practice the intermingling of nature and culture and how to develop public commitment to such practices In the process we show how concern for the environment as an aspect of space helps us to reconceive and reinterpret what it means to be human *Youth Beyond the City* David Farrugia, Signe Ravn, 2022-06-15 This interdisciplinary collection charts the experiences of young people in places of spatial marginality around the world dismantling the privileging of urban youth urban locations and urban ways of life in youth studies and beyond Expert authors investigate different dimensions of spatiality including citizenship materiality and belonging and develop new understandings of the complex relationships between place history politics and education From Australia to India Myanmar to Sweden and the UK to Central America international examples from both the Global South and North help to illuminate wider issues of intergenerational change social mobility and identity By exploring young lives beyond the city this book establishes different ways of thinking from a position of spatial marginality Chapter 10 is available Open Access under CC BY NC ND licence *Our Continent* Albion Winegar Tourgée, 1883 *Fiesta* Daniel Stables, 2025-08-14 A journey through human festivity told through colourful travel narratives set at some of the world's most eye catching festivals and interweaved with insights from the fields of

anthropology history psychology and folklore examining why we celebrate festivals in the ways we do Fiesta explores the vibrant tapestry of human festivity delving into the extraordinary lengths we undertake to express our cultures and commemorate life's milestones From drunken pilgrimages to sacrificial funerals national days to neo pagan necromancy festivals represent human culture at its most vivid and varied and the resulting account is both a rich collection of travel writing and an anthropological exploration of the roles that festivals play in society Through colourful characters vibrant sights and varied locales Daniel Stables takes a curious humanistic look at festivals across the globe unravelling the universal threads which run through our diverse global celebrations
